

THE FALLS CITY TRIBUNE.

The Convention.

Pursuant to call, the republican county convention met in the court house, in this city, on Monday morning, March 1, 1908, at 10:30.

Considering the time of day which this convention convened an extra good attendance was there. Porter, Speiser, West Muddy, Nemaha and Jefferson precincts were not represented, in most cases the cause being the early hour in the day and train service was not good.

The convention was called to order by John Wiltse, chairman. A. J. Weaver was elected temporary chairman and later was made permanent chairman. A. A. Tanner of Humboldt was selected as secretary.

A motion carried that members of each delegation present be allowed to cast the full vote of their precinct.

After the call was read the following resolutions were adopted by vote of the convention:

The republicans of Richardson county in convention assembled do hereby endorse the wise and patriotic administration of our illustrious president, Theodore Roosevelt, and we especially endorse his efforts requiring the high and low, rich and poor, corporation and individual alike to obey the laws of our land. Words are inadequate to express our high appreciation of the valuable service so ably rendered this nation by this wise, patriotic and fearless leader; and believing Hon. Wm. H. Taft more fully represents the principles and high ideals for which the republican party stands, and that he will carry out the policies which our beloved president has inaugurated; be it

Resolved, that we hereby endorse him for president of the United States; and it is further

Resolved, that the delegates of this county, selected to attend the state and congressional conventions, are hereby instructed to vote for delegates to the national convention who are known to be in favor of the nomination of Secretary Taft for president. Our delegates are also instructed to vote for resolutions instructing all the delegates of this state, selected to attend the Chicago convention, to use all honorable means in their power to secure his nomination. Be it further

Resolved, that it is the sense of this convention that this congressional district is well and ably represented in congress by the Hon. E. M. Pollard. We view with special approbation his practical work along agricultural lines and we hereby endorse him for re-nomination.

We commend the efforts of our state administration to enforce the law, and especially that passed by our last legislature relative to freight and passenger railroad rates.

We recommend the re-nomination of our able, efficient and fearless young governor, Geo. H. Sheldon.

We endorse the candidacy of Prof. Geo. D. Carrington of Nemaha county for state superintendent.

It was voted that a committee of one from each precinct be named to select two sets of delegates, one to the state convention and the other to the congressional convention.

F. M. Boss was allowed to represent Humboldt precinct, said precinct having held a caucus by telephone, and no other delegate was present.

Patron's Day.

This is patrons' day at our public schools and all should feel interest enough to attend. The regular work will be conducted this afternoon in all the different grades, and there will be on exhibition samples of the work done by the children in arithmetic, language, writing, drawing and other subjects.

This evening an interesting program will be rendered at the High school building, consisting of music by the various grades from the little tots in the Kindergarten to the High school, and addresses by several of our prominent citizens. Here also will be an exhibit of the students work.

Let everyone attend the schools today and thus show by your presence your interest in the training of our children.

That Hog Cholera Experiment.

The following letter, which is self explanatory, will be of interest to the many who have been awaiting the outcome of the experiments:

SALEM, NEB., March 4.
FALLS CITY TRIBUNE, Falls City Neb.

SIRS:—The hogs which were treated by the expert from Ames, Iowa, under the direction of the department of agriculture at Washington, have developed the following facts:

Eight healthy hogs were bought and placed in the lot with seven sick ones on February 23, four of the well hogs were treated and four were not. Six of the seven hogs died in forty-eight hours and one is still living. On March 3 one untreated hog died and the other three are very sick. The treated hogs are well. I believe the same will all live and the untreated ones will all die.

Yours truly,
R. E. GRINSTEAD.

Library Notes.

The Library board met in the council rooms Tuesday evening, to transact business for January and February. The usual number of bills were allowed and the librarian's reports for the two months accepted. The record for February shows an attendance of 2147 persons, and a circulation of 2200 volumes, 28 per cent of which were non-fiction. 173 cards have been issued since the first of the year.

Through the kindness of E. M. Pollard the Library is receiving a number of valuable books and pamphlets from the government printing office. These will be classified and placed in easy access to the public so that the vast amount of information in them may be of use.

Fined \$10

A man who claimed to be from Napier, Mo., persisted in making himself obnoxious to a number of ladies on the street Saturday evening but finally got what was coming to him when the husband of one of the ladies handed him an uppercut which put him out of business for a time.

He landed in police court Monday morning when Judge Spragins fined him \$10 for his offense.

There has been too much of this kind of business going on in our city for sometime, and perhaps the dose given this man will be a lesson to others, and make it possible for ladies to be on the street in the evening without being molested.

Save Your Old Clothes

As house cleaning time approaches the humane officer desires us to call attention of the good house wives to the fact that there are many people in our city who will be glad to get their cast off clothing, so in your spring clean up when you come across anything that you do not care for but which can be used by these less fortunate ones, just lay it aside and notify C. Hershey and he will call for it, or send same to the humane headquarters over Hargrave's store.

A Big Success

That the young ladies of the Episcopal church are a success when it comes to running electric theaters was proven Monday night when they realized about \$28 from the receipts of that entertainment in this city. There was a good program and everyone enjoyed it. The young ladies desire to return their thanks to Messrs. Bower & Waller for their liberal donation. They feel greatly indebted to the gentlemen for thus making it possible to add such a neat sum to their treasury.

Tis True

Falls City has her building and loan association and she is to be congratulated. But we may be pardoned for calling attention to the fact that it took some former Humboldt boys to push it through. —Humboldt Leader.

The City Council.

Council met in regular session Monday evening. There being no particular business before the meeting, the general routine was soon disposed of and after allowing claims to the amount of \$1,024.30 the council adjourned.

Smallpox Patients Improving.

The cases of smallpox reported last week are getting along nicely. No new cases have developed and it is thought the disease will soon have completely disappeared.

Congressional Convention.

Hon. A. J. Weaver of Falls City was chosen chairman and made a ringing Taft speech, which was well received. Senator Burkett and J. H. Arends were elected delegates to the national convention. McFerren of Johnson and Mussleman of Richardson county were chosen alternates. The resolutions instruct for Taft, commend the state administration and endorse the work of Congressman Pollard.

Dan Sullivan Improving

The good news has been received by his parents in this city that Dan Sullivan who was shot last week in New Mexico, is getting along even better than was at first expected. While he has lost one eye, it is thought the injured arm, which at first was feared to be so badly injured as to make amputation necessary, will be saved.

This will all be welcome news to Dan's many friends in this vicinity.

Full Line of Emblem Cards.

Cards lend an air of refinement and culture to a person which cannot be attained in any other way. The Tribune has just received a fine sample line of emblem cards which we will be glad to show you. If you belong to any secret order you need an emblem card. Come in and get our prices and we can furnish you the finest line ever brought to the city to choose from, and at prices within the reach of all.

Still Need \$100

Messrs. Aldrich and McFarland who are trying to raise the needed money to purchase a pair of artificial arms for the Smith boy, inform us that they still need about \$100. They are hopeful of raising the required amount, and will be glad to receive any contribution, however small.

It is a worthy case and we hope the gentlemen will be successful in their efforts.

Stricken With Paralysis

On last Friday our old townsman F. W. Miller sustained a stroke of paralysis, which for a time was feared would prove fatal. He is improving however, and at this time, it is thought he will fully recover, which is the sincere hope of his many friends.

Do You Want a Horse?

If you do you should attend the sale at the Metz pavilion in this city on Saturday, March 14, when E. Hosleton & Co. will sell 25 fine work horses and mares. This is your chance to get a good horse at your own price.

Lenten Services.

The Lenten services at St. Thomas church next week are:
Tuesday night 7:30.
Wednesday morning 10:30.
Wednesday night 7:30.
Friday night 7:30.

Seth Richardson and wife who moved from this city to Atchison some time ago, arrived here yesterday, bringing with them the body of their 2-year old baby boy who died Wednesday. The little one was buried in the Steele cemetery.

The offices of the court house were turned over to the deputies a part of this week, the bosses being in Omaha looking after the workings of the democratic convention.

"Bud" Moss and family will leave this week for Wichita, Kas. where Bud will look after the base ball grounds, now under the management of Jack Holland.

Died

RAMEL

Jacob W. Ramel was born December 8th, 1836, in Tuscarawas County, Ohio, in which state he continued to reside for nearly 30 years. In December, 1858, he was married to Miss Barbara Bremer, and six years later he moved to Chicago, and in 1865 he came to Falls City with his wife and little children where they made their home for two years, and then moved onto their farm south of Verdon, where they both resided until the great reaper came and took them away. Mrs. Ramel died about 20 years ago.

Of this happy union there were born eight children, 5 sons and 3 daughters, all of whom are still living but one son.

In the year 1889 Mr. Ramel was married to Mrs. Mary Henderson of Lenox, Iowa, who survives his death, and with the large family of children, mourns the loss of a good husband and father. The family is large for there are remaining 26 grandchildren and one great grandson. In early life Mr. Ramel united with the Moravian church and later with the Cumberland Presbyterian church in which faith and church he died.

For the past year his health has been only very poor, and the last two weeks he was confined to his bed, yet amid his great sufferings, maintained a patient Christian spirit, and awaited the call of his Master.

The funeral service was held at the family residence and was conducted by Rev. Bailey last Saturday morning at 10 o'clock and the interment was in the Steele cemetery.

A large throng of people attended the service at the home, and a long procession of carriages followed to the cemetery at Falls City.

W. C. T. U. News.

"Falls City's going dry." Say it, sing it, work for it, pray for it, believe it. This assertion sounds good as it is passed hundreds of times per day from lip to lip. No such show of enthusiasm has taken hold of Falls City in years as has lately settled upon it in the cloud of expressed conviction that the saloon has had its day in Falls City. The pleas of the saloon keepers are especially touching as they recount how obedient and law abiding they have been. There are but few voices lifted in their defense, however, and it has become about as unpopular to defend the saloon as Abraham Lincoln declared it was uncustomary for a man to wear his wife's bonnet. Meantime every man, woman and child that has the good of Falls City at heart and can throw an atom of influence into the campaign ought not by all they hold dear fail to do it. We wish a mighty shout would be sounded from High school to depots, and from the east to the west, a long, loud shout in unison by every Christian man, woman and child, and though the enemy cry peace, peace, that there would be no peace until the final victors shout and our beloved city is free from more than human slavery, for it is both body and soul. We have faith to believe that the Lord hears our cry and that the mighty volume of prayer that is daily ascending will be answered. But voters, it is for you to say what Falls City shall be. We W. C. T. U. can only pray.—Contributed.

Society News.

Miss Grace Saylor was hostess to the Friends in Council on last Thursday evening, which proved a very enjoyable session, almost the entire membership being present. Roll call was responded to by anecdotes of late authors, after which Miss Sue Gehling read a very interesting paper on the "Youthful Influences in the Life of Byron." During the social half-hour the hostess, assisted by her brother, served a splendid lunch.

For some time preparations have been underway for a recital to be given under the direction of Mrs. and Miss Banks, for the Baptist church. The entertainment will be given immediately after Easter. These ladies will be assisted by the Falls City Orchestra and the Womans Chorus, the latter of which has been practicing under the leadership of Mrs. Banks since the holidays and at the present time is doing some very interesting work.

The Shakespeare club met with Mrs. Banks, Friday. The president, Mrs. I. Reavis and Mrs. John Gilligan were chosen delegates to the 5th annual meeting of the First district, to be held in Humboldt, Neb., March 24th and 25th. The next meeting will be with Mrs. Harry Custer, March 13th.

Mrs. Leister entertained the D. of H. Kensington at her home Friday afternoon. A number of ladies of the Degree were present who thoroughly enjoyed Mrs. Leister's hospitality. Elegant refreshments were served. They adjourned to meet with Mrs. Lowe Friday afternoon, March 13th.

The members of the progressive Whist club were guests of Ned Towle at the Electric theatre on Wednesday evening. It is needless to say that a fine time was the result and all are indebted to Mr. Towle for his novel entertainment.

The Woman's club met Monday afternoon at the home of Mrs. J. R. Wilhite, a large number being in attendance. The musical program was one of the best ever enjoyed by the club, every number being a treat.

Josie Birdsley entertained about 20 of her young friends at her home Tuesday evening. After a pleasant time spent in the usual games a nice lunch was served.

Veteran Editor Dead.

Geo. P. Marvin was raised in this town. For the last thirty years he has lived in Beatrice. During this time he has owned and controlled the Gage County Democrat, the greatest democratic paper in southeastern Nebraska. For five years he has owned and edited the Beatrice Daily Sun. He was for four years Postmaster under Cleveland. He was sick for one week with pneumonia. His death will be a great loss to Beatrice. He leaves a wife, two sons and one daughter who have the sympathy of this entire community in their sad bereavement.

A Correction

I desire to correct an error made in publishing the proceedings of the county board a short time ago, in which it appears that Joseph Glasser had drawn \$415 for his services for the year 1907. This should have been \$290.05 as is shown by the records in my office. Since the question of salaries has caused considerable comment this statement is made to correct the wrong impression given in this matter.

J. H. HURCHING,
County Clerk.
