

DR. KINSEY HAS ARRIVED

Famous Hot Springs Specialist
Came to Falls City Last Night.
At Union Hotel.

As was announced in last week's issue, Dr. Ben W. Kinsey, chief of staff of the Hot Springs Doctors, who have their Nebraska State institute permanently located in Lincoln, arrived last night and will remain at the Union Hotel until Saturday night. The doctor reports himself very favorably impressed with Falls City and may establish a branch institute in the spring.

Since the announcement was made that Dr. Kinsey would visit here the question has often been asked, "Who are the Hot Springs Doctors and what do they do?" The answer is, the Hot Springs Doctors are an association of Specialists who treat chronic diseases by the Hot Springs system of treatment. They have already established an institute in many of the large cities of the United States. The Nebraska State Hot Springs Institute is located at 14th and O streets in Lincoln as above stated. The object is to establish branch institutes in the various centers of population, so that this Hot Springs treatment will be within the reach of all. The Hot Springs system of treatment for chronic diseases has a national reputation as is attested by the fact that the U. S. government has established its army and navy hospitals at Hot Springs, Ark., whence soldiers and sailors are sent after all ordinary methods have failed. Thousands of sick people are carried to Hot Springs every year. Many people go there on crutches without hope, often go home well and happy. Hot Springs is a National Blessing. But every one cannot go to Hot Springs. It remained for Dr. Kinsey to discover the secrets of the Hot Springs and to perfect his wonderful system of home treatment, so that it can be used anywhere in any home, without inconvenience, annoyance or publicity and without detaining the patient from his usual business occupation.

The wonderful Hot Springs treatment is what Dr. Kinsey is bring to Falls City. During this first visit he will be here but three days April 9, 10 and 11. Dr. Kinsey will receive patients at the Union Hotel parlors, where he will examine all patients free of charge. Those that are found unable will be treated at a low price, those that are not unable will not be accepted for treatment at any price.

The object of this three-day visit is to secure a few cases to show what this wonderful Hot Springs treatment will do in the way of curing chronic diseases, even after all other methods failed. Dr. Kinsey solicits only difficult cases. Cases that have failed of a cure by ordinary methods and have been given up as hopeless. Of course Dr. Kinsey does not claim that he can cure all cases, but among those hopeless cases he will select many that can be cured and those that cannot be cured will frankly be told so and no money accepted from them under any circumstances.

Dr. Kinsey has a national reputation among physicians on account of his wonderful knowledge of the human body. He acknowledges no peer in the matter of medical diagnosis. To demonstrate his ability he will undertake to diagnose any case in a few minutes time, describing every pain and ache, locating the cause of trouble without asking any questions. To aid him in his diagnosis he carries with him the most powerful microscope made besides many other instruments imported from the medical centers of the world and some invented by himself and used by no other doctors, except the Hot Springs Doctors. This visit of Dr. Kinsey at the Union Hotel, April 9, 10 and 11 will be a wonderful opportunity for the sick and afflicted of this

community who want to get well and there are many to take advantage of it.

Lecture on Going to Church.

Christ pardoned the thief on the cross, and He also forgave all sorts of loafers, liars and other ungodly sinners and abominable individuals, but nowhere is it recorded that He forgave the hypocrites. He often referred to the unpardonable sin, but did not say what it was. The general belief is that it is hypocrisy. The world is full of hypocrisy, full of people who are insincere, and who play the game of life for what there is in it for them. Hypocrisy is the unpardonable sin, the world is full of it, the churches are full of it, but then there are lots of people in the world who are not hypocrites. If you attend church services you may be instructed, edified and benefited. You may hear a sermon from a true believer who is honest and sincere, and who preaches the religion of Christ instead of the man-made kind. It may be a fine day, and by attending church services you may not only save your own soul, but you may set an example to others and cause them to miss the fire and brimstone. The services will last an hour and you certainly can spend a quiet hour each week contemplating your future state. So attend church services. It may do you good while setting your mind to the contemplation of heavenly things. It can't possibly do you harm; so go and take your family, and the Lord may bless you for it.—Uncle Bent Murdock in Hiawatha World.

Bryan's Speech.

Says a Hiawatha man: "I heard Bryan, the peerless orator, talk in Kansas City Monday night. He has a great, bell-like voice, splendid in its carrying power, and he is easily one of the great orators of our country. I don't think he is the orator Ingalls was and he isn't the rapid-fire talker that Beveridge is, but he is a great speaker. He knows all the tricks of public speaking and he takes every advantage of his opponents, which isn't very nice in a man who is posing as Extra Good. He denounced Taft and said LaFollette should be nominated for president by the Republicans. Evidently he desires some man to oppose him whom he can beat. Now any Republican who pleases Bryan and his fellow Democrats is so nearly Democratic that he won't do for Republicans to tie to. And the praise of Bryan will go far to turn back the Republican following LaFollette has picked up in Kansas. LaFollette says he is a Republican reformer, but in reality he is an old-time Pop. And Stubbs, who is misled by LaFollette, doesn't know enough about the principles of the Republican party to discover the fallacies of LaFollette. Bryan, LaFollette and Stubbs are all in the same boat in Kansas.—Hiawatha World.

A Pin.

A pin must be pushed to make it go—so must men.

A pin needs polish to do its work smoothly—so does man.

To get out of a hole, a pin must have a pull—so must man.

When a pin sticks too long in one place, it gets rusty—so does a man.

A pin with a big head is not much good—neither is a man with a big head.

The head of a pin prevents it from going too far—so do the heads of some men.

Under pressure, a straight pin will often become crooked—so will a straight man.

Most pins have considerable brass in their composition—so do most men.

Finally, there are white pins, black pins, straight pins, crooked pins, long pins, short pins, good pins, bad pins, dull pins, smooth pins, rough pins, strong pins, weak pins—and the world is full of the same kinds of men.—Spare Moments.

HORSE AND MULE SALE

AT MY PLACE
ON THE
EAST SIDE OF
Preston, Neb.

Thurs., April 16, 1908

Commencing at 10:00 a. m.

31-Head of Horses and Mules-31**HORSES**

Market Letter.

Kansas City Stock Yards, April 6, 1908. There was no diminution in the cattle supply last week and as the demand for fresh meats fell off because of recent advances to retailers, buyers had an opportunity to swing a club over the market, which they were not slow to grasp, effecting a decline of 15 to 30 cents during the week. The downward turn of prices was logical, in view of the conditions, and should be no discouragement to holders of cattle on feed, as a recovery of the lost strength is confidently expected soon, although a broader outlet will be necessary before the market is likely to take on the keen edge manifested two weeks ago. The run is smaller today, 8,000 head, which is 2,000 below first estimates to-day, whereas, the supply last Monday ran 4,000 above the first liberal estimate of 12,000. The market turned

upward to-day, killing grades selling 5 to 15 cents higher, stockers and feeders strong. Good rains and green pastures have stimulated the latter trade today. Numerous sales of steers were made today at \$9.65 to \$6.80, prime steers quotable today at \$7.00, bulk of steers \$6.10 to \$6.65, best heifers today \$6.35, bulk \$4.75 to \$5.65, cows \$3.50 to \$5.00, bulls \$3.75 to \$4.75, calves \$3.75 to \$5.50. Shipments of stockers and feeders to the country last week aggregated 440 carloads, heaviest movement any week this season, and they are secured at reasonable figures, 20 to 25 cents below the average of the previous week, stockers at \$3.75 to \$5.50, feeders \$4.75 to \$5.75.

Hog receipts were 61,000 head last week, an increase of 8,000 over previous week, the increase due to the advance in prices, although the market finally closed only 15 to 20 cents above close of

previous week. Run in 9,000 head today, market 5 higher, top \$6.05, bulk \$5.80 to \$6.00.

Buyers are more particular as to quality today than usual, and inferior Southern stuff is knifed ruthlessly. Salesmen predict higher prices, in view of the apparent short supply while buyers argue for a lower range, anticipating difficulty in disposing of the high priced meat.

Sheep receipts are running short, although there is a fairly liberal run today, 8,500 head. Lower prices prevailed in the East last week, especially on lambs, and these were reflected to an extent here, although sales Thursday and Friday were almost back to the high time. Market is lower today, lambs at \$7.40 to \$7.75, wethers worth up to \$6.75, ewes \$6.50, yearlings \$7.25. Spring lambs have sold at \$12.00 on different days recently, including today. Very little clipped stock received so far.

Now Evelyn Wants \$50,000.

New York, Apr. 4.—Papers were served on James B. Regan, manager of the Hotel Knickerbocker Friday in a suit brought by Mrs. Evelyn Nesbit Thaw to recover \$50,000 damages for alleged injuries to her feelings by stories that she and E. R. Thomas had been asked to leave the hotel grillroom. Mr. Regan turned the papers over to his counsel. Later he said that he did not look at them long enough to find out just why Mrs. Thaw was suing him—he thought it was for being put out of the hotel, or because he said he put her out. She denied having been there. Mrs. Thaw's complaint will be filed in the supreme court Saturday.—Ex.

Important Decision.

It is important that you should decide to take only Foley's Honey and Tar when you have a cough or cold as it will cure the most obstinate racking cough and expel the cold from your system. Foley's Honey and Tar contains no harmful drugs, insist upon having it. Kerr's Pharmacy.
