Reid's Yellow Dent Seed Corn For Sale

This variety showed the largest yield under all conditions of any corn in the state, the test being made at the Nebraska Experiment Station. I bought this seed from the State University farm three years ago and it is well acclimated. This is one of the so-called early maturing varieties and will be sold on ear at

\$1.50 per bu.

The demand is strong for this corn and it is going fast. If you want any of it, order now as the supply is limited.
