

THE FALLS CITY TRIBUNE.

Vol. V

FALLS CITY, NEBRASKA, FRIDAY, JULY 17, 1908.

Number 26

SOCIETY NOTES

AS 'TAS TOLD TO OUR SOCIETY EDITOR.

Various Kinds of Entertainment by Individuals, Lodges, Clubs, Churches, Etc.

Mrs. D. M. Davies entertained a few young ladies at a six o'clock dinner Friday evening in honor of Miss Elizabeth Miller of Lincoln. Covers were laid for eight and all report a pleasant time.

A large number from the Junior Society together with the Cradle Roll of the Presbyterian church was delightfully entertained at the home of Mable Greenwald Tuesday afternoon.

The ladies of the Presbyterian church will give a 15c supper at the home of Mrs. A. Graham Tuesday night of next week from 5 to 7 o'clock. All are invited to attend and enjoy a social hour.

All Highlanders will regret it if they fail to attend lodge next Tuesday evening as arrangements are being made for a very pleasant evening. There will be initiation with refreshments and good social time to follow.

Ladine, the little daughter of Mr. and Mrs. Louis Plege, entertained a number of her little friends Saturday afternoon in honor of her 5th birthday. Twenty-two little tots were present bringing with them many nice gifts for their hostess. Nice refreshments were served.

The Book Worm club met in the library Friday morning and enjoyed another of their pleasant sessions. Helen Lyford and Bessie Wilson were leaders in the lesson on Turkey. The young ladies dressed in Turkish costume received their guests, who upon entering removed their shoes and were seated upon the floor on cushions. After the lesson refreshments of coffee, raisins and popcorn were served.

The Womans' Auxiliary of St. Thomas church met with Mrs. Himmelmreich and enjoyed a very pleasant session. Roll call was answered to by quotations from Proverbs. The lesson was Alaska and two most interesting papers were read by Mrs. Orville Schoenheit and Sallie Schoenheit. After the lesson the hostess served light refreshments and the guests departed feeling that they had spent a very instructive evening.

Eleven members of the Book Worm club met at the home of C. Heineman Saturday morning at six o'clock and went to the old Maddox farm for a morning outing. The first thing they did was to build a fire and prepare their breakfast, which they did in true campfire style and all did ample justice to the spread. The young ladies say it was one of the very best times they ever had. They were chaperoned by Lois Spencer.

The members of the W. R. C. and G. A. R. chartered hacks and started early Tuesday morning for the home of L. J. Hitchcock, northwest of town, where they spent the day. They took with them an abundance of good things to eat and enjoyed themselves as only this jolly crowd can do. Mrs. Elizabeth Carney, of Western, Neb., a former Falls City W. R. C. worker, was present and renewed many old acquaintances. Mrs. Hitchcock invited her neighbors and friends from Salem, who added to the thirty-five from here made a very merry crowd. The lawn was artistically arranged with rockers, couches and hammocks for the

comfort of the guests and tables were set in the yard—and such a feast. At 3:30 the hostess assisted by her daughter Althaserved icecream, lemonade and cake which was much enjoyed. John Oswald arranged the company that he might make a picture for future generations to gaze upon and admire. In the evening the guests departed after thanking Mr. and Mrs. Hitchcock for a day of much pleasure.

HORTICULTURAL SOCIETY

Interesting Session To Be Held Here Next Week

A summer meeting of the Nebraska State Horticultural society will be held in the court house in this city next Tuesday and Wednesday, July 21 and 22.

The object of this society is the promotion of interest along the general lines of horticulture, floriculture, landscape gardening, etc. Membership in our society is not restricted to only those who are directly interested in these lines of work, but is open to all. The fee for an annual membership is \$1; for a life membership \$5.00. All members receive the bulletins and annual reports of the society.

Any one having fruits or flowers to be named, or for display, are requested to bring them to this meeting.

Through the kindness of H. C. Smith we are enabled to give our readers the detailed program of this meeting, and a glance at the same will convince those interested in such questions, that they cannot miss one session of this meeting. Following is the program:

Tuesday, July 21, 9:30 a. m.
Invocation.....
Address of Welcome.....Mayor
Response.....President Saunders
Opportunities for Horticulture in Southeast Neb. G. S. Christy, Johnson
Flowers for the Farm.....
.....C. S. Harrison, York
2:00 p. m.
Fifty Years in Nebraska.....
.....W. G. Swan, University Place
A Few Flowers.....C. H. Green, Fremont
Rare and Hardy Shrubs and Flower
.....W. H. Bruning, Cedar Bluffs
Evening Session, 8:00 p. m.
Music.....
The Home Beautiful and its Relation to Character Building.....
.....Hon. Geo. Coupland, Elgin
Horticulture in its Relation to Agriculture.....Prof. E. Burnett, Lincoln
Wednesday, July 22, 9:30 a. m.
The United States Department of Agriculture and its Work.....
.....Hon. E. M. Pollard, Nebraska
Spraying for the Codling Moth and Apple Scab in Nebraska.....
G. E. Merrell, U. S. Dep. of Agrical
Reports of Committees.....

Broke the Record.

Fred Nettlebeck is very proud of the fact that he broke the record while in Colorado in making the trip from Manitou to Pike's Peak. He started from the former place at 6 o'clock in the morning and reached the top of the Peak at 11:15, covering the distance in five hours and fifteen minutes. Out of the crowd that made the start but two completed the trip, Fred and one other gentleman. Fred is a little puffed up over this record, and says if you don't believe this just come to him and he'll show you the credentials.

Will Leave Falls City.

Next Sunday Rev. Dunkleberger will preach his farewell sermon in this city at the Christian church, and sever his connection with that organization.

Rev. Dunkleberger and his estimable family have made many friends here, both in and out of his church, who will be sorry to see them go, and the Tribune especially, as we feel indebted to him for the many favors he has bestowed upon us, and wherever he decides to locate he may feel sure of our best wishes.

ACID IN THE DEMIJOHN.

Joe Varner Has Narrow Escape From Serious Injuries.

We would advise you not to ask Joe Varner anything about that little experience he had last Friday, as it is something he would rather not talk about. In handling the express at the depot that day, he came across a demijohn. Now a demijohn looks good to a great many people, likewise did this one to Joe, but he hadn't figured correctly on the contents, which happened to be acid used in testing cream, and which is very powerful, and the results will show. In picking up the package the cork flew out throwing the contents on Mr. Varner, almost burning his clothes from his body, even to his shoes and socks, but fortunately did not reach the flesh. Joe was in an awful plight, and had it happened in the days when the telephones were not in use, he would have been compelled to go home in a barrel, but he went to the phone and told Jim Pickett of his predicament, who immediately came to the rescue with a new outfit, and this is the reason for Joe's spruced up appearance, and not because his wife is out of town, as many supposed.

However, it was a close shave and hereafter Joe will have nothing more to do with the handling of the express.

MOW YOUR WEEDS

We Should Begin at Once to Clean up For Chautauqua.

In just three weeks our chautauqua will open its gates, and we would suggest that every resident mow their weeds and get their property in the best possible condition before then. No doubt thousands of visitors will be in our city during the assembly and nothing will give them as good an impression as beautiful lawns and clean streets.

We feel sure the city officials will do their part in cleaning up the streets and all city property and it is hoped the citizens will display enough pride in their home town by making their property as attractive as possible, so that when our visitors go home they can take with them the memory of one of the prettiest towns they ever visited. Do your part.

Band Benefit.

The proprietor of the Electric theater, after hearing our band practice on Monday night, recognized their ability, and realizing the good a band is to a town, decided to aid them and at once offered them his place of amusement for next Tuesday evening as benefit night. This is a liberal offer on the part of Mr. Bower and it is hoped every citizen in town will turn out and aid the band on that evening.

OUR CHAUTAUQUA DAILY

The Tribune has decided to issue a Daily Paper during Chautauqua week. The exact plans have not been decided upon, but will be announced later.

WILL CHANGE LOCATION.

The Leo Cider and Vinegar Company Purchases New Site.

The Leo Cider and Vinegar company last week purchased from Ben Poteet ten acres of land adjoining the city park and will at once move their plant to that location, where it will be enlarged and many improvements made. The business of this institution has made a wonderful growth since opening up in this city about two years ago, completely outgrowing their present quarters, thus making this move necessary. The Leo Cider and Vinegar factory is an industry of which our citizens are all justly proud.

A Streak of Hard Luck.

John Kloepfel went to Rulo the first of the week to assist his son, Henry, in his farm work. When he returned he informed us that on Monday a fine mare belonging to his son was badly cut in the wire fence, and on the same day the team hitched to a binder ran away smashing up the machine and throwing Henry off bruising him up in such a manner as to lay him up for several days.

Baptist Church

The services for Sunday will be held as usual. Sunday school at 9:45 a. m. followed by the preaching service at 11 o'clock. The evening service begins at 8 o'clock. Prayer meeting Wednesday at 8 p. m. Our congregation is increasing and we feel that our work is growing in spirituality and loyalty. Come and worship with us.

Pastor, G. F. REICHEL.

WILL HAVE BAND.

Organization Perfected at a Meeting Monday Night.

For some time an effort has been made to get our band together and reorganize that body, and on Monday evening the boys met in Wahl's hall for that purpose and succeeded in perfecting an organization by electing the following officers:

President—Ralph Jenne.
Secretary—Guy Crook.
Treasurer—George Lyon.

The boys have gone to work with a vengeance and are determined to have a band in a few weeks anyone would be proud of. They have several good contracts in view and give it out that they are now open for all engagements.

The name, "The Falls City Merchants' Band", has been changed to the "Falls City Military Band".

We feel sure the boys will make a success of the band and hope our citizens will help them at every opportunity. We all realize what a band means for a town and are glad that we are to have one.

Win Two More.

The game last Thursday afternoon with Mound City was a very poor exhibition of ball playing, even worse than that of the day before, and proved that the visitors will have to get about nine new players if they expect to meet this aggregation again. They are a nice bunch of fellows, all right, but they just can't play ball. As to the score, we really do not know the final outcome, but at last reports it was 14 to 7 and our boys still making the rounds.

On Tuesday we expected to see a good game but were again

disappointed. The Preston Indians were represented as the best ever, but fell an easy prey to our boys. The score was 8 to 7, but was not as good a game, as the score would indicate, as it should have been a shut-out game, our boys getting careless, knowing they did not have to play ball.

On next Thursday, however, will be the game of the season, when Hiawatha comes over. There will be no fooling on that day and everybody will be in the game and play ball. Don't miss this game.

WITH OUR CITY DADS.

Much Business Transacted at Their Meetings This Week.

The city council met at their rooms Monday evening with all members present except Maust, and transacted considerable business.

The sidewalk committee got busy and the clerk was instructed to issue notices and have the police serve same on property owners of condemned sidewalks in the third ward.

The city clerk was also instructed to advertise for bids for coal for water and light plant and for hauling same.

The council instructed the city engineer to make plans and specifications of mains and standpipe, giving size of mains from well to the southwest corner of Joe Miles' block just west of the High school grounds, also the same to a point opposite 10th street on the park grounds, and show total cost in either place of location of standpipe. After a general discussion of the subject the council adjourned until the next evening.

Tuesday evening the question of the location of the standpipe was taken up, and on motion of Hahn, seconded by I. B. Whitaker, it was decided to locate same on the Miles property, on block 3, situated one block west of High school.

The specifications for water works, as read by city engineer, were adopted.

Council then adjourned to meet again on next Monday evening.

To Our Fruit Growers.

When the Horticultural society meets in this city next Tuesday and Wednesday, it is hoped they will be greeted by not only a large and enthusiastic crowd, but that our many fruit growers will place on display samples of the fruit raised by them. There will be visitors here from all parts of the state and now is a good opportunity to prove to them that Richardson county is the garden spot of the state. A fine display could be brought in from around Barada, where the best fruit imaginable is raised. With very little trouble, a fine display could be made which would redound to the credit of this county.

The "White City."

Such is the thought that enters one's mind upon their first sight of the Chautauqua grounds as they appear today.

The large auditorium has been painted a snow white as have also the fences and everything needing painting, and when the Chautauqua opens everything will be in the best of order.

If you have not visited the grounds recently we would advise you to take a walk that way and see what a pretty park we have. The residence has been moved from the grounds, and in its place is a large flower bed, while many others are scattered about over the grounds. The grass is in fine condition, and many trees have been planted. It is now only a matter of a very short time until we have one of the finest parks imaginable.

SOMETHING DOIN'

HIAWATHA AND FALLS CITY TO CROSS BATS

Harnack's Hiawatha First Regiment Band Will Give Concert in the Evening.

Arrangements have finally been completed for a game of ball between Falls City and Hiawatha to take place at Poteet's park next Thursday afternoon, July 23rd. The Hiawatha team will be accompanied by their band and a large crowd of rooters, and we all know what that means. The band will play on the street before the game and at the park, and in the evening there will be a grand concert in the court house yard. This will be a great treat for our people, who are so hungry for band music, especially the kind Harnack's band furnishes. We know all about their band, but they will have to show us as to their ball team. From all reports they have been playing fast ball, but there are others. They enjoy the distinction of having won every game this season, and think how much fun it will be to break their record. Of course we don't say we'll do this, but we think we will. Anyway it will be a good game and everyone will attend, if not for the game to hear the music.

The game will be called at 3:30. Follow the band.

A SPECIAL FEATURE

An Automobile Trip For Visitors at Horticultural Meeting.

Arrangements have been made for an automobile trip throughout our rural districts for the speakers and visitors who will be in attendance at the Horticultural meeting in this city next week.

Dr. Miner has the affair in charge and he informs us that it will be on Wednesday morning, the party leaving here about seven o'clock. It is requested that all owning automobiles, and are willing to use them on this occasion will kindly report to Dr. Miner. It has also been requested that where it is possible to do so, the farmers will drag the roads along their homes thus making it possible to cover a greater distance as well as leave a good impression with our visitors.

Circus is Here

The Sells-Floto aggregation arrived in the city about eight o'clock this morning from Nebraska City and was greeted by the usual large crowd at the depot, and the present indications are that there will be many people in town. Reports come from Nebraska City that while the show is not so large it is a good one. We go to press too early to learn how many were touched for their watches and pocket books or how many were "blimed" in the shell game, but promise a full account next week.

Married.

HOWRY—TRIGG.

Chas. B. Howry and Miss Anna L. Trigg, both of Chicago, were married at the St. Thomas rectory in this city on Monday afternoon, Rev. G. L. Neide officiating.

Immediately after the ceremony the young couple left on the evening train for St. Joseph.

Well Known Here.

Bryan's candidate for chairman of his national committee and the man who is to be made his Attorney General in case of election is John H. Atwood of Leavenworth, Kansas. Mr. Atwood is well known in Falls City, having been here at the various trials of the Miles will case in which he is one of the attorneys.
