Watch the date, Hiawatha, Tuesday, August 18, the day when the Campbell Brothers Great Consolidated Shows appear here. Each succeeding year new features are hunted up and added to this already famous circus—startling acts that play upon the imagination; hair breadth escapes in mid-air by daring acrobats and the various ring acts that never fail to amuse. Horses always take a prominent part in every circus, and this is no exception to the rule. Beautiful silky-coated horses with glittering trappings and mounted by a bevy of pretty girls in natty costumes, catch the eye on all sides; no matter where it is, in the parade, or under canvas, in the sawdust ring, horses reign supreme. Campbell Brothers are famous for their thoroughbred horses and the number and beauty of their circus horses this season are beyond comparison. Watch for the grand street parade at 10 a. m. and the big shows at 2 and 8 p. m. under the new water-proof tents rain or shine Hiawatha, Tuesday, Aug. 18.

### To Make Sewing Easy

A small cake of white soap kept in the machine drawer is a great saver of machine needles and makes sewing easier. When a thick place, such as the crossing of two seams, is reached in stitching, rub the material with the soap, and the needle will pass through it as if by magic, without breaking or even bending. This treatment is particularly valuable when one is stitching sheer lawns or mousselines and using a fine needle.—July Farm and Fireside.

Put a pin here: Of the 100 and more Hiawatha men and boys who journeyed to Falls City to see the ball game and root for the First Regiment band, not one took on too much Falls City water, or misbehaved.
