As a reader, Miss Rose is versatile, ranging from tragic to side-splitting ludicrous. Simplicity and naturalness characterize her art, giving it a rare charm seldom possessed by the professional reader. Measured by the standard of encore she was a most gratifying success.—Kansas City Star. Miss Rose will give some of her readings in "Fairy Land" at the Gehling Wednesday night.

An incident not generally noticed on Taft day, but one which showed to the observer the kindness of the big hearted man, was when Bert Reavis worked his way through the crowd with his two year old baby that the speaker might shake the little one's hand, and Judge Taft pushed the others aside while one of his party lifted the baby to the platform that he might caress it.

The friendly feeling shown Judge Taft while here last week, was a delightful contrast to the manner in which Mr. Hanna was insulted by the opposition on his visit here in 1900. The low spirit of the Dollar Mark is gone. A higher plane in politics exists this year, and who could insult as big and gentle a man as Judge Taft anyhow.
