

MARKET LETTER

From Our Regular Kansas City Stock Yards Correspondent

Kansas City Stock yards, Oct. 19
The market last week was very uneven, opening with a good gain first of the week, but closing with all of the advance lost, and in the case of stockers and feeders, a little more. The run today is 23,000 head, slightly less than a week ago, but still indicating that it will be a few weeks yet before the range cattle receipts cease to form the bulk of the total supply. The market today is weak on steers, and 5 to 10 lower on cows, the decline mainly because of a big run and lower prices at Chicago today. Stockers and feeders are weak today also, as the dry weather is having a bad effect on the demand from various points in Kansas and Missouri. Reports of rain in Kansas today, and indications of rain for Missouri tonight and tomorrow, are of some benefit to the market today, but this week will be a good opportunity to secure cheap cattle, as there was 3000 more stockers and feeders held over from last week than at the end of the previous week, and as great a number as at the end of any week this fall. Some show steers sold at \$8 last week, but top on the open market, outside of the Harbaugh steers from Nebraska on Monday, which were on the show order, and brought \$8, was \$7.30, and only a few cattle above \$6.90. Grass steers are selling at \$3.40 to \$4.90, cows \$2.60 to \$3.60, top cows \$4.25, top heifers \$5.25, bulls at \$2 to \$3.40, calves \$3.50 to \$6.50, stockers \$2.80 to \$4.30, feeders \$3.50 to \$4.60.
Hog prices declined another 50c last week, making the loss for two weeks \$1, market \$1.35

lower than three weeks ago, when the big decline set in. The run is 12000 today, market 10 to 20 lower, top \$5.70, bulk \$5 to \$5.60. Average weight is lightest ever known here, less than 180 lbs, but quality is fairly good, considering the light weight. Receipts are running twice as heavy as at this time last year, and heavier than ever before at this point in October, but local packers are buying them freely, and prices here are above competing markets.

Sheep receipts are smaller than a few weeks ago, and prices are slightly lower than a week ago. Packers claim the outlet has narrowed down, but there has been no break in the market, only a slight weakness. Run is 11000 head here today, market about steady, no choice lambs here, top \$5.50, fair to good lambs \$5 to \$5.40, yearlings \$4.40, wethers \$4.30, ewes \$4.20. Demand from the country is large, but prices are not more steady with a week ago, lambs \$4.35 to \$4.85, stock and feeding sheep \$3.50 to \$4.10, breeding ewes up to \$4.40.

The State Journal is trying awful hard to get people to give that daily a trial. Its offer now is to send the paper from date until January 1, 1909, for only 50c without Sunday, or 75c with Sunday. The publishers feel sure that anyone who tries The State Journal will stick. However, they have adopted an absolute rule of stopping every subscriber when his term is out. If there is anything that makes a man mad it is to subscribe for a city daily and then have to fight with the publishers to get it stopped or pay for something he doesn't want. The Journal's new plan will be popular.

Boys and Girls to Omaha

Prof. E. C. Bishop, deputy state superintendent of public instruction has announced that the convention of the Nebraska Boys' agricultural society and the Nebraska Girls' Domestic Science association, will meet in Omaha, December 11 during the National Corn exposition. More boys and girls in Nebraska are interested in these associations and the work they are doing than ever before and the most conservative estimates place the number who will attend the meetings of the young people in Omaha at between 2,500 and 3,000.

The opportunity offered of attending the meetings and at the same time seeing the National Corn Exposition is an unusual one, as it will show the young people what it is possible to accomplish along agricultural and industrial lines of education. They will see the results of the work they are doing in advance, as it were, and the exposition will doubtless be an inspiration to the boys and girls of Nebraska.

Prof. Bishop also announced thirty-four counties in Nebraska have now arranged for local contests and lectures and the University of Nebraska has detailed a number of competent judges to assist in handling the local contests. From the prize corn in the different contests, the counties will select their samples for entry in the various classes at the National Corn Exposition in Omaha.

Women Interrupt Political Speaker
A well dressed woman interrupted a political speaking recently by continually coughing. If she had taken Foley's Honey and Tar it would of cured her cough quickly and expelled the cold from her system. The genuine Foley's Honey and Tar contains no opiates and is in a yellow package. Refuse substitutes, Kerr's Pharmacy.

OUR LECTURE COURSE

Totten, the Magician Will be the Second Attraction
The second number of the Falls City lecture course will be given at the opera house Wednesday evening, Oct. 28th. The attraction is Totten, the magician, humorist and impersonator, who is a genuine artist in his line, and should have a full house. Season tickets for the remaining five numbers of the course may be secured for \$1 either from Robert Steele or at Gehling's bakery. Buy a season ticket and get your moneys worth and help the cause at the same time.

Evangelistic Meetings

Rev. J. H. Tobins, the Kansas Conference Evangelist, will conduct a series of meetings in the German Evangelical church, beginning on the 26th of October. All Germans are invited.

HAD QUIT WORK READY TO GIVE UP IN DESPAIR Restored to Health By Vinol

"I was sick, run-down and finally had to give up work. After trying a number of remedies and several physicians, I was just about ready to give up in despair. I saw Vinol advertised and decided to try it, and it has done more good for me than all other means combined. It has built me up and restored my strength until I now feel twenty years younger, and am able to attend to my work again as usual." Job Jeavons, 1036 Lind street, Wheeling, W. Va.
The reason Vinol is so successful in such cases is because it contains tonic iron and all of the strengthening blood-making and body-building elements of cod liver oil, but no oil. Vinol is unexcelled as a strength creator for old people, delicate children, weak, run-down persons, and after sickness—and is the best known remedy for coughs, colds and bronchitis. We return your money if Vinol fails to give satisfaction.

Remember, this is for exhibition week only. Ware will not be given after this week. This ware is on exhibition at our store, and must be seen to be appreciated.

Come in any day during the week. Make our store your headquarters. Have coffee and biscuits with us.

Come, if you intend to buy or not; the information gained will serve you in the future.

Facts About the Great Majestic Range

It is the only range in the world made of Malleable and Charcoal Iron.

It has, beyond any question of a doubt, the largest and best reservoir.

It uses about half the fuel used on other ranges, and does better work by far.

The Majestic All Copper Nickered Reservoir heats the water quicker and hotter than any other. It is the only reservoir with a removable frame.

The Charcoal Iron Body of the Great Majestic Range lasts three times as long as a steel body.

Being made of non-breakable material, there is practically no expense for repairing the Majestic.

As for baking, it is perfection; not only for a few months, but for all time to come.

A Great Majestic Range lasts three times as long as a cheap range, but it don't cost three times as much.

PROOF—We don't ask you to take our word for any of the above statements, but if you call at our store, a man from the factory, where Majestic Ranges are made, will prove to your satisfaction that these are absolute facts, and will show you many more reasons why the Great Majestic is absolutely the best money can buy.
