### REPUBLICAN TICKET

For President WILLIAM HOWARD TAFT  
For Vice-President JAMES S. SHERMAN  
For Congressman First District ERNEST M. POLLARD  
For Governor GEORGE L. SHELDON  
For Lieutenant Governor M. R. HOPEWELL  
For Secretary of State GEORGE C. JUNKIN  
For Auditor of Public Accounts JOHN H. ALDFN  
For State Treasurer LAWSON G. BRIAN  
For Superintendent of Public Instructions E. C. BISHOP  
For Attorney General WILLIAM T. THOMPSON  
For Com. of Public Lands and Buildings EDWARD B. COWLES  
For Railway Commissioner J. L. WILLIAMS  
For State Senator, First District J. R. CAIN, Jr.  
For Representative, First District S. H. BOLEJACK  
GEORGE E. WARD  
O. E. ZOOK  
For County Attorney JOHN WILTSE  
For Supervisor First District LON BOWERS

We are not a betting paper but if Rob Cain don't carry every precinct in the county we will be surprised to say the least.

Farmers now get higher prices for lands and farm products, and at the election November 3 should not risk a change from republican rule.

A vote for Bowers for supervisor is a vote for an old resident who has always been on the square. Lou will be and should be elected.

A lowering of land prices \$10 an acre would amount to \$230,400 in each township. One Taft, vote in the corn field on election day might lose a precinct.

Every republican farmer who does not get his vote into the ballot box on November 3 casts half a vote for Bryan and half a vote against himself and his home.

Farmers who do not vote for Taft November 3 will help Bryan, whose tariff plans and other democratic doctrines may mean reduction in the value of lands and farm products.

Farmers and farm bands who bush corn November 3, when they should be voting for Taft, will use poor business sense, if Bryan is elected and the price of corn goes down through democratic experiments and a tariff for revenue only.

Do you know any squarer young man than John Wiltse? Can you find any client of his that is not supporting him? The same attention and painstaking care that he has given to his personal business will be given to the affairs of the county if he is elected.

In reply to a question at Union recently, Congressman Pollard said that while he would not pledge himself a year in advance for or against the election of any candidate for the speakership of the House of Representatives, he would say, however, that he was in perfect accord with the sentiment of this district on the Cannon matter and if re-elected to Congress it would be his purpose to carry

out the wishes of his constituents upon this as upon all other matters that come before the House.

Clem Davis of Rulo is sure to be elected supervisor from his district. Mr. Davis is an earnest, hard working young man and is deserving of the support of every voter who wants the affairs of the county administered honestly and carefully. For years Mr. Davis has been a worker in the republican party whose services were always at the command of his people. A vote for Davis is a vote for good government and a vote for a faithful, loyal young man.

Farmers should not forget that under the last democratic administration, after Bryan was in congress and helped to pass a democratic tariff bill, times were hard and prices of land and farm products were low and that while Bryan has abandoned free silver he has never abandoned his tariff doctrines which brought disaster to the country and reduced the value of lands and the price of farm products.

Shellenbarger was asked publicly where he stood on county option. He was asked whether he would sign a county option bill if it passed. He declined to answer. You may draw your own conclusions as to whether a man who is afraid to state where he is on a great public question is worthy of your vote.

Just watch the vote for Charlie Nims for supervisor in Humboldt. Uncle Charlie is one of the best men in Richardson County. His natural ability and experience will make him invaluable to the taxpayers. He will probably receive an almost unprecedented majority.

Nebraska farms and Nebraska farm products are high priced now under republican rule. Bryan's election would change this condition, for there would be a period of doubt and uncertainty during which industry would lag and food prices and land prices go down.

Bolejack, Zook and Ward are letting the people know just where they stand and what they will do if elected. Nobody knows where their opponents stand. God Almighty hates a coward and in hating He has His inning in Richardson County this year.

### COUNTY OPTION

So much has been said of county option that is false and misleading that many of our voters are confused as to the issue.

The democratic candidates who are not brave enough to tell the voters where they stand on the question are never the less trying to make political capital by saying, "county option means prohibition." This statement, false as it is, is being urged in the hopes of electing a democratic ticket by republican votes.

County option means the right granted to farmers to vote on questions of government.

County option means that every man who pays taxes shall have the right to vote on the question as to how his tax money shall be expended.

Local option means that the tax payers of the city only shall vote.

We have had local option in Falls City ever since it has been a city and from its organization until now Falls City has never been a prohibition town. Local option has not meant prohibition.

County option is local option enlarged, that is to say, it means that the tax payers of the county shall be given the right to vote as well as the tax payers of the city.

In a single criminal case tried in Falls City within the last

year the court costs paid by the tax payers of the county amounted to more than \$1,400. The tax payers of Falls City paid \$107 of the costs of this case and received \$6,000 from the saloons as license money. In other words the tax payers of Falls City received about \$49 for every dollar in tax paid. The farmer paid \$1,200 of the tax and received nothing.

If the farmers pay the tax, why should they not be given the right to vote on the question?

The republican legislative ticket is in favor of the farmer being given the right to vote.

The democratic ticket is against it.

If any farmer wants to pay his taxes without voting on the question the democrat ticket offers him the chance.

### COUNTY OPTION RALLY

#### Interesting Mass Meeting Addressed by Local Speakers

A mass meeting was arranged by the Ministerial Association of this city for Sunday afternoon to meet in the interest of county option. A good crowd at the court house, but through some misunderstanding the room was not heated so the faithful ones repaired to the M. E. church.

Earl Lemon, owing to serious illness in his family, was unable to be present, which was a disappointment, as he was one of the principal speakers, but very interesting talks were given by Mr. Beattie of Lincoln, and V. G. Lyford and Sam Lichty of this city, each one presenting convincing arguments upon the good to be derived from county option.

In the evening, as prearranged, the several ministers of the city exchanged pulpits, where again this great issue was taken up. Much interest was manifested at each meeting, all feeling sure that a great deal of good will be the result.

### Presbyterian Church

The membership of the First Presbyterian church is most urgently requested to be in attendance at the church next Sabbath morning. The Sacrament of Holy Communion will be administered, new members received, and a special solo will be sung by Miss Agnew, who has charge of the music of our public worship. Any one desiring to unite with the church either by profession of faith or by letter, is invited to confer with any member of the session, or with the pastor, Dr. Bailey, direct.

The sole requirement for admission to the Presbyterian church is an honest confession of Jesus Christ as Lord and Master. We require assent to no creed and impose no obligation, putting each member "on honor" before his conscience and his Lord. The session and pastor stand ready, and will be more than glad to examine anyone as to his faith in the Lord Jesus Christ, with a view to membership in the church. Those having letters from other churches are cordially invited to present them and share our fellowship.

### Bryan to be in Hiawatha

The "peerless" will speak in Hiawatha in the court house yard, at 8:30 November 2nd and now the people over there are sore because they spent their money to come to Falls City to hear Bryan when they will now have the opportunity without cost or loss of time.

**Women Interrupts Political Speaker**  
A well dressed woman interrupted a political speaking recently by continually coughing. If she had taken Foley's Honey and Tar it would have cured her cough quickly and expelled the cold from her system. The genuine Foley's Honey and Tar contains no opiates and is in a yellow package. Refuse substitutes. Kerr's Pharmacy.

## DID NOT COME THE LOCAL LORE

### LATE TRAIN PREVENTED GOV. SHELDON'S APPEARANCE

#### C. F. REAVIS AND A. J. WEAVER GAVE INTERESTING TALKS TO LARGE CROWD

Gov. Sheldon, who was advertised to speak at the court house in this city Thursday night, was prevented from filing his engagement from the fact that his train was several hours late.

The news soon spread, and while in a way it was a disappointment to many, as they were anxious to see and hear our great governor, still the court house was filled by interested ones desirous of hearing and learning more of the important issues before our people today, and after listening to the splendid talks of our own A. J. Weaver and C. F. Reavis, and the arguments put forth by them, all felt repaid for braving the stormy weather and attending the meeting.

Mr. Weaver was the first speaker, and in his opening remarks said that while he had twice supported Mr.

Henry Ruegge called early

Monday morning to see to it that his name was O. K. on our subscription list.

The household goods of M. Seff arrived the first of the week. The Seff family will now soon be numbered among our residents.

All trimmed hats will be sold at reduced prices at the Patzman Sisters. This is your chance to get a good hat at a bargain. Call and see us while the stock is yet good.

Mrs. Dr. Keller went to Columbus last week for a few days visit with friends. She returned home Monday accompanied by Mrs. Ed May from Omaha, who will visit here for a time.

Don't get mad if you get up Sunday morning and find things out of place. Remember you were boys and girls once yourself, and Hallowe'en means just the same now as it did then.

Mr. McClung's lecture, "Our Glorious World of Texas," under the auspices of the City Federation of Womans Clubs, will be given the 9th of December instead of the 8th as was previously announced.

Totten, the second number of the lecture course, was the attraction at the Gehling Wednesday evening. A fair sized crowd was in attendance and greatly enjoyed Mr. Totten's pleasing program. As a magician, humorist and impersonator he is hard to beat.

In speaking of the basket ball games in Auburn recently, the Herald says: "The boy's game was a spectacular contest, owing to the playing of Reavis, who made nearly every point. He is the champion pole vaulter in the inter-high school athletics of the state, and an all around athlete."

Dr. H. R. Miner and wife returned Saturday from their extended eastern trip. The doctor has finished his post graduate work in the Ophthalmic ear, eye, nose and throat hospital in New York. The doctor also visited Washington as a delegate to the Tuberculosis congress.

The Presbyterian Ladies' Kensington will meet with Mrs. Ben Poteet next Friday afternoon, Nov. 6th. All are cordially invited.

Mrs. W. Boulware of Chicago, is visiting relatives in this city.

### TRUE PARTY TEST.

#### Record of Republican Party Entitles It to Confidence.

Before the New York State convention Secretary of State Elihu Root said:

"We have a record which forbids discouragement or doubt in the performance of our task. We can turn to the administrations now drawing to a close, both in the State and in the nation, and with confidence ask every American voter to say whether they have not met all the great fundamental requisites of good government, whether they do not justify the belief that it is best for the country to keep in power the party which is responsible for them and is entitled to the credit for them. Have not these administrations within the state and within the nation been honest? Have they not been capable? Have they not been efficient? Have they not set before all the people of America examples of pure, high-minded and patriotic service in public office? Have they not raised the standard of public duty which the young men of America set for themselves? Have they not done us honor before the world?"

These are the true tests by which to determine whether it is wise to continue political party in power."
