Egg Producer

I would like to tell the people, something they probably never knew:

This is to those that has got hens, if it aint but one or two:

If you want to get eggs by the dozen or eggs by the peck,

Just buy the egg producer sold by Clarence Heck.

Be sure and feed the egg producer, for it will surely make them lay;

You will get from one to two dozen eggs almost every day.

When we feed it to the hens, the rooster eats with the rest.

And now it is impossible to keep him off the nest.

When eggs are thirty cents per dozen and you have a few to spare,

You will feed Egg Producer and treat your chickens fair.

We have two of the largest eggs that was ever laid by any hen,

One of those eggs would satisfy the appetite of two hungry men.

So if you want to get eggs by the dozen, or eggs by the peck;

Just buy the Egg Producer sold by Clarence Heck.

Children's Rings

A gift that always delights the child and is prized months after Xmas has passed.

We have them—all sizes (while the selection is complete), in plain, chased and signet designs; also in many other patterns, set with small stones. All are solid. We carry NO filled rings. At the low price they are sold, you can hardly afford to let the baby go without one.

Prices 50 cents and up.
