Nervous Break-Down

Nerve energy is the force that controls the organs of respiration, circulation, digestion and elimination. When you feel weak, nervous, irritable, sick, it is often because you lack nerve energy, and the process of rebuilding and sustaining life is interfered with. Dr. Miles' Nervine has cured thousands of such cases, and will we believe benefit if not entirely cure you. Try it.

"My nervous system gave away completely, and left me on the verge of the grave. I tried skilled physicians but got no permanent relief. I got so bad I had to give up my business. I began taking Dr. Miles' Restorative Nervine. In a few days I was much better, and I continued to improve until entirely cured. I am in business again, and never miss an opportunity to recommend this remedy."

MRS. W. L. BURKLE,
Myrtle Creek, Oregon.
Your druggist sells Dr. Miles' Nervine, and we authorize him to return price of first bottle (only) if it fails to benefit you.
