## PROF. STEPHENS COMING

LECTURE ON MANUAL TRAINING IN PUBLIC SCHOOLS

Will Lecture at the Court House in this City Some Time This Month

The members of the Federation of Women's Club of the city are arranging for a lecture to be held at the court house Friday evening, March 26. They have secured Supt. Stephens of Lincoln, who will address the people of Falls City on the subject of Manual Training in the Public Schools. He will bring a fine exhibit of the work done by the pupils of the Lincoln City schools, which will be of interest to everybody.

Mr. Stephens is a man of strong and pleasing personality, as well as one of the most able speakers in educational circles in this state or in any state. Everybody, whether or not interested in the subject of manual training, will be delighted with his lecture.

Schools in the smaller cities are now rapidly putting in courses of manual training, and every intelligent citizen should know about this new phase of work which is transforming the whole course of study in the schools of the country, and giving new life and interest to the work done by the pupils of the public schools.

A small admission fee of 10c will be charged to defray the expenses of the lecturer.

### Interpreting The Awe

Those who have heard Bishop W. E. Quayle in his lecture on "Hall Caine and His Island," in which Bishop Quayle tells of the life of the Manx folk, and the power of the sea over the lives of those born within its domain, will better understand something of the feeling which Hortense Nielson, who appears at the Gehling theater, on Friday, March 19, puts into the part of Illida in "The Lady From The Sea," Henrik Ibsen's play first staged in America by this emotional actress who feels her part, who puts her soul as well as her study into this most difficult role.

Miss Nielsen seems to feel that terrible awe which comes from contact with the sea, though a landswoman in every sense of the word. Bishop Quayle says that in the Isle of Man that the sea is everywhere; that it stares over your shoulder at meal time; that it peers into your book; that it looks you in the face as you sleep. Perhaps it is this terrible awe that Miss Nielsen interprets in "The Lady From the Sea" that impels one to think of the sea as close at hand, as being an omni-present creature, sullen, unrelenting, yet speaking a language all its own to those whose ears are tuned to its whisperings, its songs, its wrathful murmurings.

## MARKET LETTER

From Our Regular Kansas City Stock Yard Correspondent

Kansas City Stock Yards, March 15, 1909. Outside of the moderate increase of 7000 cattle last week over recent weeks, cattle raisers have remained serene and confident, thanks to which condition of mind there has been no big break in prices due to heavy runs drawn out by two weeks of continued sharply higher prices. Ordinarily, such an upturn in the market would bring out from cover a much larger run than has been the case this time, and the prices would go down quickly, but at this time, the opinion prevails that receipts will be moderate for at least six weeks ahead, and prices as good or better are the expectation of majority of feeders. The market on steers declined 20 to 30 cents last week from the high level of Tuesday last, when a large number of cattle sold at \$6.75 to \$7.10. Cows and heifers held more nearly steady, and stockers and feeders steady to a shade lower for the week. The run today is 10,000 head, market steady to 10 lower on steers, cows and heifers about steady, country grade firm. Quality in steers is lacking today, top steers at \$6.40 to \$6.55, bulk of steers \$5.75 to \$6.25, cows \$3.00 to \$5.25, heifers \$4.00 to \$6.20, bulls \$3.00 to \$4.85, calves \$4.00 to \$7.50, stockers \$4.00 to \$5.25, feeders \$4.75 to \$5.75, one lot of 1103 lb. feeders today at \$5.70. As a rule, packers are operating on a close basis, but demand from Eastern killers is good.

The hog run was liberal last week at 76,000 head, about of the same volume as corresponding week a year ago. Buyers for Eastern killers lent animation to the demand, and forced packers into greater activity, the net result for the week being an advance of 20 to 25 cents in prices. Run is 15,000 head today, market 5 to 10 lower, heavy hogs \$4.65 to \$6.72, medium weights \$6.50 to \$6.70, lights \$6.25 to \$6.55, pigs \$4.75 to \$5.75. Interviews with packers indicate that the East is bare of hogs, which should insure a good trade with killers there at this market, and give strength to the situation for some time ahead.

Sheep and lambs run along without much change in price, supply fairly good at 41,000 head last week, and 11,000 head here today. Some heavy lambs from Colorado sold at the top today, \$7.50, and yearlings reached \$7 today, wethers \$6 and ewes \$5.30. These prices are as good as any time recently on all classes except ewes, which were lacking in quality today. Fair to good lambs range from \$6.90 to \$7.35, and other grades downwards 10 to 50 cents from tops.

## VINOL CURES CHRONIC COUGHS, COLDS AND BRONCHITIS

After Other Remedies Fail

"I have been troubled with a chronic cold and bronchitis for a long time and have tried many remedies without finding relief. Through the kind suggestion of a friend I tried Vinol, and after taking four bottles, am entirely cured." A. H. Wilde, 733-8th Avenue, Minneapolis, Minn.

S. McDonald, 147 W. Congress St. Paul, Minn., writes: "I contracted a severe cold last winter and thought I would never get rid of it. I tried Vinol as a last resort, and it has completely cured me."

Vinol combines two world-famed tonics, the healing, medicinal properties of cod liver oil and tonic iron, deliciously palatable and agreeable to the weakest stomach. For this reason, Vinol is unexcelled as a strength-builder for old people, delicate children, weak and run-down persons, after sickness and for Chronic Coughs, Colds and Bronchitis.
