During the spring every one would be benefitted by taking Foley's Kidney Remedy. It furnishes a needed tonic to the kidneys after the extra strain of winter, and causing them to eliminate the impurities from it. Foley's Kidney Remedy imparts new life and vigor. Pleasant to take. Kerr's Pharmacy.

DANGEROUS FAKES

Tricks to Introduce Alum Baking Powders Which Should be Exposed

There has recently been attempted at some of our grocery stores, and also at dwelling houses, by agents who are trying to sell alum baking powders, what the exhibitors call a baking powder test. They pretend to show by some boiling test that pure cream of tartar baking powders contain something which every woman of intelligence knows they do not.

It does not need a chemist to expose this trick. Cream of tartar, which is the chief constituent of the best and most wholesome baking powder, is originally a clear, white crystal. This is ground into a fine, creamy flour in which form, mixed with baking soda it is present in the baking powder. Cream of tartar, when mixed with water and boiled simply returns to its crystalline form, and that is all there is to the so-called test.

The matter of special interest to the public is to know what these people offer in place of cream of tartar powders of well known purity and established reputation against which these slanders are directed. They are offering a baking powder which official analyses have repeatedly shown is made from alum, a drug so well recognized by physicians and scientists as injurious to health that in many countries its use in bread is entirely prohibited! So cheap and inferior are the ingredients of this powder that it costs to make less than 3c a pound. No prudent housewife will knowingly put such stuff as this into her food.

STANDS ACCUSED OF FORGERY

Man in Richardson County May be Taken to Tecumseh

Sheriff Miner of this county has received word from Sheriff Fenton of Richardson county that the latter has a man in Falls City who is wanted here. Frank Howland is his name. Two years ago two forged checks were cashed at the banks in Sterling, the sums not being large. The name of a well known farmer of Vesta precinct was used. Suspicion rested on two farmer boys of the Vesta neighborhood for the forgery and they were arrested and taken into the court. Cases were not made against them and they were dismissed, but not without a stigma to their good names. About the same time forgeries were perpetrated at other sections near here, and forged checks were cashed at Syracuse, Ohio, and other points. It was over a year ago that Howland was married to a Richardson county lady, and not long ago got into trouble and his father-in-law straightened matters there for him. He was living on a farm near Stella, in Richardson county. According to the story Sheriff Miner received Howland is ready to confess the forgeries committed in this county and laid to the farmer boys. The sheriff will go to Falls City and bring the man to this county. Friends of the wrongfully accused young men here are pleased to learn of their vindication.—Tecumseh, Lincoln Journal

Charged with Forgery

Dan Sumner, the 19-year old boy who, it is charged, forged a check for \$7, signing Hugh Crawford's name to it, Frank Smith at the Morrill & Janes bank detecting the fraud, is locked up in the city jail in default of \$10,000 bond. Monday night Sheriff Herman took an auto, and with George Adams at the wheel sailed to Muscotah and brought Sumner who had been captured there, back to Hiawatha.—Hiawatha News.

WILL PINCH THE POOR

People Protect Payne Bill, Which Creates Stocking Trust

New York, April 12. That the rise in the cost of cotton stockings to the majority of Americans, which is threatened in the Payne bill, is rousing to protest the people of every state, county and town in this country was reported in this city today. Careful canvass of the customers of store keepers and salesmen in touch with the people of every section of the land has been made from the headquarters of the National Wholesale Dry Goods Association here for several weeks and the results show that few persons of moderate means do not resent the present plan at Washington to shut out the cheaper grades of hosiery and let a local trust make its own price. Instead of paying a quarter for a pair of cotton stockings, it has been calculated, most American families must be charged 35 and 50c for an inferior grade of goods if the proposed schedule is adopted.

Facts and figures showing that every man, woman and child who wears cotton stockings will be taxed for the benefit of the little group of men who make them here are today being sent to Washington by consumers in every part of the country. From the official statistics the dry goods men have compiled for their inquiring customers the records of the manufacturers who are seeking protection and profit at the expense of the people. In the last 8 years it is recorded that the production of the American hosiery mills has been doubled while there has been no increase in the importation of the stockings which they would shut out altogether by a prohibitive tariff rate. Only 15 per cent of all the stockings sold in this country are imported, it is shown, and with this slight element of stimulating competition removed by the Payne bill, a control would be created which would put all Americans at the mercy of arbitrary trust prices.

MORE DOGS GO MAD

The Hiawatha Council Will Have an Investigation of Rabies

The city council paid \$135 at its last meeting for a thorough investigation of the rabies. As a result a decree was published in each paper of Hiawatha to shut up the dogs another month. The marshal was ordered to shoot stay dogs and all of those found not shut up. So far no person has suffered from the incurable rabies and it is hoped that no human being will die from the bite of a dog suffering from rabies. The moment that a person shows symptoms of the rabies, his case is hopeless. Old-timers tell of cases where people were bitten by dogs and who suffered dreadful agonies before they died. Several dogs in Hiawatha and others throughout the county are reported as having been rabid. The disease is spreading, and the city marshal wants farmers to leave their dogs at home, knowing that if he kills a farmer's dog that he will have a row on his hands.

Mrs. Stewart's terrier, for which she paid \$25, was bitten by the Phipps dog 21 days ago, and Tuesday it went mad. Twenty-one sheep in the Powhattan neighborhood were bitten by a rabid dog and have the rabies. Medical authorities have all agreed that the animals have been suffering from rabies.—Hiawatha News.
