MARKET LETTER

From Our Regular Kansas City Stock Yard Correspondent

Kansas City Stock Yards, April 19. Cattle receipts here last week were 38,000 head, about the same as in the previous week. Prices advanced slightly first two days of the week, but the market was druggy thereafter, and the advance was wiped out by the close of the week. The run today is 10,000 head, market steady on steers, strong to steady on butcher stuff. Killers claim they have difficulty in moving the heavy cuts of beef, and reports from Chicago say that buyers were harder to trade with on heavy steers last week than in several months. The general talk concerning the market is that the best that may be expected now is a steady market, even with restricted marketing, and any heavy supply will precipitate a bad break. An increase in the purchasing power of consumers in the heavily populated districts in the east is the only thing that will brighten up the situation. Top steers here today sold at \$6.65 as compared with a top of \$6.75 last week, bulk of feed steers \$5.50 to \$6.35, heifers \$4 to \$6.20, cows \$3.25 to \$5.40, bulls \$3.40 to \$5.25, calves \$0 to 75c lower than a week ago, \$3.75 to \$6.50. Stockers and feeders have been scarce and the market firm, stockers at \$4 to \$5.50, feeders \$4.75 to \$5.60. Farmers are too busy putting in crops to figure much on buying stock or feeding cattle.

Hog supply is beginning to show a shortage as compared with April last year, though the decrease is less than 10 per cent so far this month. The market broke last week after Tuesday and some country shippers were stung as a result. Prices were 5 to 10c today with a top of \$7.25, bulk \$6.80 to \$7.15, practically all the hogs weighing above 200 selling at \$6.95 and upwards, and light hogs up to \$7.05. Buyers for eastern killers were the most active today and are responsible for half the advance noted, as packers hung back from the start. Outside buyers have taken one-fifth of the total receipts of hogs last 10 days. The good demand from Eastern butchers, incident to shortage of hogs in that territory was predicted by a big packer 2 months ago.

Sheep and lambs sold a shade lower last week, but the market is firm today with top lambs again at \$8. Bulk of lambs today sold around \$7.90, top yearlings \$7.40, wethers \$6.50, ewes \$5. Grass muttons from Texas are beginning to come freely, and sell at \$5 to \$5.50, but short horn stock from native territory is scarce yet. Goats bring \$4 to \$4.35, and brush eating goats are available at \$3 to \$3.50.

THE MAN ON THE CORNER

Did you ever notice what a perfect genius for finance the man on the corner has. We mean, of course, the man who spends his time there, engaged in the brain wearing occupation of spitting tobacco juice at a crack in the sidewalk. Never having had a deposit in any bank he is fully qualified to pass judgment upon all banks and bankers, and takes special delight in times of financial depression in remarking to the statesmen who gather to listen to him that the banks will be the ruin of the country and "I told ye this was comin' long ago." This man can always point out the weak spots in the Morgans, Rockefellers, Vanderbilts, Shaws and other financial giants. He also solemnly warns his "cronies" against putting any money in the local banks, a warning, by the way, always heeded for reasons unnecessary to recite here. How little brains it takes to find fault and to tear down. How much it takes to construct and to build up. So far as this town and its business institutions are concerned what are you, a constructor or "destructor"?
