The small pox scare seems to have had its effect upon the attendance last Sabbath morning, but the night attendance made up for any lack in the morning. The program for next Sabbath is a full one and includes an anthem for the morning service entitled, "The earth is the Lord's" together with the discussion of the topic, "Can I be what I ought to be?" In the evening an anthem by the choir, "Hark, hark my soul," and a solo by Miss Agnew, "Abide with me," and a sermon by the pastor. Be sure to be on hand where the music always is good, and the service refreshing.

FALLS CITY CHORUS MET
The Chorus Goes to Kansas City Monday, May 10

The Falls City Chorus met Monday evening as usual. All were in good spirits and ready for work and coped with the knotty places with a determination and persistence very pleasing to the conductor.

It is to be hoped that our citizens will take due pride in the fact that their own town is to be represented with some of the best talent in the country in the rendition of this most American and delightful composition, "The Four Winds" in Kansas City on May 10th.

The Minneapolis Symphony Orchestra, which is to accompany the half a thousand voices, is one of the finest in America and the four soloists, Louise Ormsby, soprano, and Esther May Plumb, contralto, both of New York, and Garnett Hedge, tenor and Arthur Middleton, basso, of Chicago, are all singers of high rank. Miss Ormsby, who with Mr. Hedge, will sing the duet in the charming love-story of Wabun, and the solo story of Shawondasee, has received the highest praise from one of the severest critics in the country, Philip Hale, of Boston.

Should any of our citizens desire to attend this musical festival Mr. Busch will secure a box seating eight persons at a cost of twenty-five dollars for the two concerts—the matinee by the orchestra and soloists, and the evening performance consisting of "The Four Winds," by chorus, quartet and orchestra, and also solo vocal numbers and the Grieg A minor piano concerto played by Mrs. Carl Busch.

One of our women, prominent socially and intellectually, has given in her name for the box party. Any others wishing to join this party are requested to notify the conductor of the chorus, Mrs. Charles Banks, as soon as possible. Single tickets for the concerts are one dollar.

Card of Thanks
We take this means of thanking our many friends who so willingly and thoughtfully assisted us in the sickness and death of our dear one, Orville Schoenheit.

ONE OF THE BEST IN THE STATE

Falls City High School Ranks With the Best of Them

It has again been demonstrated that Falls City has one of the very best high schools in the state of Nebraska. The school ranks with the best schools in the state and is among the list of schools accredited by the north central association of colleges and secondary schools.

Only schools standing high in scholarship, course of study and equipment can secure the honor, and in the state of Nebraska there are only nineteen high schools that have been successful in securing recognition. The requirements were raised this year and as a result several schools were dropped from the list and among them was the Auburn school.

Those on the list as adopted by the association's board of inspectors on March last, is as follows: Beatrice, Blair, Falls City, Fairbury, Fremont, Holdrege, Kearney, Lincoln, Nebraska City, Norfolk, North Platte, Omaha, Pawnee City, Seward, South Omaha, Superior, Tecumseh and York.

Sharp's Body Found

Coroner Fritchell was informed on Friday last, that the body of a man had been found in the river near old Aspinwall. Accompanied by Sheriff Rhors and R. Helmer, he hastened to the spot and it was soon determined that the body was that of Joseph Sharp, who was drowned at Brownville, on the 7th of March. The body was taken back to Brownville for interment.

Mr. Sharp will be remembered was one of the parties whose skiff was wrecked by floating ice at Brownville, on the 7th of March, and the point where the body was found was about eight miles down the river.—Auburn Granger.

We Reap What We Sow

In the district court here Wednesday, Frank Howland of Richardson county, pleaded guilty to the charge of forgery made in this county, and threw himself on the mercy of the court. Judge Pemberton sentenced him to the penitentiary at eighteen months hard labor. Forged checks were passed on Sterling banks three years ago and two innocent Johnson county boys were accused of the crime but were afterwards acquitted. Howland confesses to the crime of his own free will, saying his conscience bothered him.—Tecumseh Chieftain.

DAVIES & OWENS

CONVENTION AT DAWSON

Ready For the County Convention

All things are now ready for the County Sunday School convention of Sunday school workers of Richardson county, to begin on May 19 and to run until May 20. The sessions will be held in the Evangelical church at Dawson and the interest shown at this date promises to be the best meeting we have ever had. Every Sunday school in the county should be represented at the convention. Send at least one delegate if not more. Every delegate you send means that same number of enthusiastic workers the coming year in your school. Prof. Dietrick the state office secretary, a good platform speaker and an all around Sunday school man can and will answer any and all questions that are perplexing you. Miss Brown the elementary field worker will present the Sunday school work from the stand point of the teacher of younger folks in the Sunday school world. Don't wait and say, "I wish I had gone." But say now, "I am going to go."

We are planning big. Don't you let your school be the only one to lose out. Sincerely yours,
H. E. BOYD,
County Secretary.

GETS THE REWARD

State Pays the Bounty for Discovery of the Peru Coal Mine

A Lincoln telegram of the 14th says: Auditor Barton had today drawn the warrant for \$4,000 to pay A. N. Borst of Peru, the reward for the discovery of a vein of coal in Nebraska, when he noticed that the statutes require that the governor shall certify the payment of the warrant. This will probably be done at once. The legislature appropriated the money to pay Mr. Borst for his discovery of the coal mine at Peru, after a committee from the house had investigated, the reward having been offered in an old statute.—Auburn Republican

All Prices Go Up

Hiawatha is in a buzz at present over the increase in prices in all commodities. Tuesday the bakers met and decided to reduce the size of the loaf from 15 to 14 ounces and to discontinue the selling of 6 loaves for 25 cents. It was following the footsteps of bakers everywhere. In the cities the prices of bread and pastries are going skyward on account of the high price of wheat and flour. Thursday the restaurant keepers met. Some were in favor of putting up the prices of meals to 35 cents instead of 25 cents, but they failed to agree. All considered that to put up a decent meal at 25 cents was doing the work for nothing and paying the expenses besides.—Hiawatha News.

We often wonder how any person can be persuaded into taking anything but Foley's Honey and Tar for coughs, colds and lung trouble. Do not be fooled into accepting "own make" or other substitutes. The genuine contains no harmful drugs and is in a yellow package. Kerr's Pharmacy.

Do this with your children.

School children should be fed plentifully and frequently on Quaker Oats. It makes the best possible breakfast for anyone who is to work with either brain or muscle. It's easy to prove this in your own family. Increase the daily consumption of Quaker Oats and you'll see an almost immediate improvement in the health and energy of those who eat it.

Regular size packages for city trade, large size family packages for those who are not convenient to the store. Breakfast on Quaker Oats every day.

TOAD UNHARMED BY PRESSURE

Proof of Creature's Ability to Compress Itself Within Very Small Limits.

An experiment was recently made in the clay-testing department of a machinery company at Bucyrus, O., in which a toad was placed in a 20-ton brick press and was four times subjected to a pressure of 11,000 pounds without injury.

The question at issue was whether such a pressure would kill the toad or whether its ability to compress itself was sufficient to allow it to come out of the ordeal alive. The toad was first placed in a lump of granular clay and the whole pressed into a brick. After the huge press had done its work the solid brick was lifted from the machine and the toad winked its eyes contentedly, stretched its legs and hopped away.—Popular Mechanics.

HELD BY CHARMS OF PARIS.

Two princes, Souphanovong, son of King Sisowath of Cambodia, and Ouanilo, son of King Behanzin of Dahomey, are causing much anxiety to the French minister of the colonies. The young men suffer from a violent liking for life in Paris, and refuse to be educated and trained in any other part of France. Souphanovong absconded from his school at Bandol, in the department of the Var, and came to Paris. He is believed to be somewhere in the capital, but no trace of him can be found. Ouanilo fled from a Montpelier school, and has informed the minister that he will commit suicide if he is not allowed to reside in Paris. The minister threatened to cut off financial supplies, but Ouanilo replied that he would then become a beggar in the Paris streets.

"FROM DARKEST AFRICA."

Strickland Gillilan gives out this news from darkest Africa, where terror prevails in the animal kingdom: "A good deal of complaint is heard among the native hunters since the prospect of the American's coming has set us all by the ears. Ombanga Wadda, one of our solid citizens, declares that he hasn't been able to catch enough hippopotamus for a mess in two weeks, that his gazelles are holding up their milk, and that his whole family is practically without shoes. He says it will be a great hardship to have this deadly foreigner come in and kill everything while the feet of honest home laborers' children are practically on the ground."

Feel Need of Pockets.

A recruiting officer in Kansas City says the most annoying thing about navy life is the absence of trousers pockets. Indeed, this is probably the cause of many desertions from the navy. What young American wants to carry a chataleine bag when he goes shopping?
