**A CORRECTION**

In the Tribune's political forecast last week an unintentional injustice was done Mr. Edwards the present Register of deeds. Mr. Edwards will be a candidate for re-election for a second term and not for a third term.

We have also been informed that Dick James will take a whirl at the county judge's office. With these exceptions the democratic candidates will be third termers.

If Humboldt isn't proud of her magnificent orchestra just let her do without music for a year or so as we have done and are doing, and then she will know what a Falls City man thought of it as she heard it last Saturday.

Judge Fawcett was in town Tuesday in the interest of his candidacy for the Supreme bench. Judge Fawcett is at present a member of the court and will be a candidate for re-election this fall. The Supreme court as now constituted has seven judges, three of whom will be candidates for re-election. Judge Fawcett was appointed by Gov. Sheldon and again re-appointed by Gov. Shellenbarger. He is one of the royally good lawyers of the state and his election this fall seems a foregone conclusion.

The tariff is not only a local question, but its non-political as well. When a great gang of United States Senators vote in favor of a lumber tariff and a great crowd of republicans vote against it, things are getting somewhat mixed. Burkett and Brown have voted for an honest revision and in the interest of the consumers all the time, but as long as the majority of Senators are personally and financially interested in the great commercial enterprises, little can be hoped for in the way of an honest revision of the tariff. The present tariff bill illustrates the need of a scientific and adequate revision of the tariff, and the present attitude of the senate will do much towards securing a tariff commission to handle this very difficult question.

Hereafter memorial day services should be held in the Auditorium. The history of the past ten years shows but three memorial days when the weather was fit for open air services. While Judge Davidson made a most excellent impression in his address of Monday he was at a great disadvantage because of the wind which made speaking very difficult. When a busy man leaves his work and gives time to address such services the least that can be done is to provide the most pleasant surroundings possible. Some of the neighboring cities give up the entire day to the celebration of this most beautiful and impressive of all holidays. Why should Falls City not do the same? Are we so busy with the privileges of this country that we cannot suspend our business for a day to honor those who made such privileges possible? Why not have the decoration services at the cemetery in the morning and then all knock off work and spend the afternoon in the park, listening to patriotic speeches, songs, etc., and kindle anew the fires of loyalty upon the altar of our country?

**Men Past Fifty in Danger**

Men past middle life have found comfort and relief in Foley's Kidney Remedy, especially for enlarged prostate gland, which is very common among elderly men. L. E. Morris, Dexter, Ky., writes: "Up to a year ago my father suffered from kidney and bladder trouble and several physicians pronounced it enlargement of the prostate gland and advised an operation. On account of his age we were afraid he could not stand it and I recommended Foley's Kidney Remedy, and the first bottle relieved him, and after taking the second bottle he was no longer troubled with this complaint." **Two Friends!**

Money is one of two friends that is not in the habit of going back on you. We make money, but most of us fail to save any. The trouble is in keeping it. Why not use the same amount of good sense to save it as we do in making it? When ever we can spare a nickel, a dime or a fifty-cent piece, drop it into one of our Pocket Savings Banks where you will not spend it. You can own one of these banks for the asking. Call at our bank and we'll hand you one.
