Crops are looking fine in this vicinity. Most of the wheat is in the shock and of good quality; corn is growing very fast, prospects are better than they have been for years. One man has out a late patch of corn. It was about

knee high, so it is reported, and while standing taking an observation of his field, a stalk of corn grew up behind him and knocked off his hat. This may be exaggerated to a certain extent but no doubt old Winnebago Bottom will raise corn.—Rulo Register.

Last Sunday night a certain young gentleman of Humboldt was taking his best girl out buggy riding and when several miles north of town the horse became frightened at something in the road and whirled around so suddenly as to throw the occupants out. Mr. C. Wamsley, west of town deserves thanks for keeping his hedge trimmed down to the lawful height, and the public road neatly mowed. Business men of this city would make a good investment by hiring John Startzel or some other active man to keep all the country roads out from town mowed and trimmed during summer. The Barada road for the first four miles north, is indeed a woolly, weedy abomination.

Cause of Astigmatism.  
Many cases of astigmatism arise from the practice of reading in bed, particularly by persons recovering from a severe illness. It strains the muscles of the eye to such an extent that they alter the curvature of the cornea—the abnormality to which the term astigmatism is applied.

## Heart Troubles

The heart may be weak just the same as the eyes, stomach or other organs. It often happens that a person is born with a weak heart. Then again disease, fevers, over-exertion, anxiety, nervousness, rheumatism, etc. weaken the heart. The result is shortness of breath, palpitation, pain in the heart, or in some of the nerves of the chest or abdomen. The heart should be strengthened with a tonic, and for this nothing equals Dr. Miles' Heart Cure.

"I had LaGrippe last fall as I thought in a mild form. I was weak, tired feeling, and short of breath; could hardly go about, and a good deal of the time sort of an asthmatic breathing and extremely nervous. I began taking Dr. Miles' Heart Cure and Nervine and now I feel so much better in every way. I am so thankful that I began taking this medicine, and shall not hesitate to tell others how much good it has done me."  
MRS. F. J. NOBTON,  
Freeville, New York.
