ANNUAL TEACHERS' CONFAB

MUCH INTEREST BEING MANIFESTED BY ATTENDANTS.

A Splendid Corps of Instructors in Charge—List of Teachers Who Are Attending.

The Annual Teachers' Institute of Richardson county convened at the High school building, in Falls City, last Monday morning at 8:30.

Supt. Oliver had everything in shape, and after a half-hour of opening exercises the instructors were at work. The following instructors are handling the work this year:

Dr. J. A. Beattie of Cotner University, Lincoln, is holding classes in theory and art, reading, literature, and civics.

Prof. A. J. Mercer of the State normal at Kearney, geography, history and agriculture.

Supt. F. H. Wood of Falls City, algebra and mental arithmetic.

Supt. R. L. Hoff of Humboldt, arithmetic, grammar, and physiology.

Miss Lois Spencer, library.

Prof. Darner, of Falls City Business College, penmanship.

Miss Una Snidow is acting as secretary to Supt. Oliver.

Prof. Mercer is leading the music at the morning exercises, with Mrs. Lily Stephenson presiding at the piano.

The sessions are all held in the morning, which has been a blessing to both the instructors and the teachers, on account of the excessive heat.

There have been 112 enrolled up to Wednesday evening.

The work in the classes, together with that of a number of book and school journal agents, has made the High School building a busy place.

Miss Spencer has been holding large classes in library work and explaining to those teachers, who will have circulating libraries in their schools, how to use them to the best advantage of the scholars.

This is Superintendent Oliver's fourth institute in the county. Of his corps of instructors Dr. Beattie and Superintendent Hoff have worked under his direction in former institutes, while Mr. Darner, Supt. Woods and Prof. Mercer are new men, although Professor Mercer taught in the High School here in 1902.

While the institute may not be as large in numbers as some of the institutes in the past, it is one of the most successful of Richardson county's institutes.

Following is the enrollment up to Thursday morning:

HOW DO THEY KNOW?

Hiawatha Must Have Had a Representative There.

The Falls City calaboose is an uncleanly outhouse in the rear of a saloon. The first man with any ginger in him who is locked up there should sue the city for about \$10,000 for maintaining such an inhuman prison.—Hiawatha World.

Now, the question is asked, how does Brother Herbert know this? We did hear upon the street that some of Hiawatha's young men were on an inspection tour (or tear) up here some time ago, but really we didn't think they visited all our public buildings. Why don't they enter suit?

In Texas.

Down in Randall county, Texas, where Charles Zoeller, J. J. Bauer, Aug. Deckinger and several other Richardson county people located, they are having the right kind of weather, as is evidenced by the following weather report, clipped from the Randall County News, published at Canyon City, Texas:

"Last Sunday night and during the day, Monday, Canyon City and the greater portion of Randall county was visited with good local showers doing considerable good for the growing crops. As we go to press this morning it is sprinkling with indications for the best general rain that we have had for several weeks. Heavy clouds are hanging around and it appears that the weather man has for once hit it for he has announced general rains over Texas for today and tomorrow."

Reminiscences.

The "Reminiscences of a Pioneer," a series of letters by Judge Isham Reavis of Falls City, cover the early history of Richardson county, and the first making of Nebraska. These letters have been intensely interesting from the start, but the installment of last week was better and more important than usual.

While these letters are being published in The Falls City Tribune, a paper of large circulation in the southeast corner, it is too bad that they are not being republished by some one of the metropolitan papers of the state. It is understood that they are to appear in book form next year.—Nebraska State Capital.

Ball Boys To Stella.

The Falls City nine will play ball at the Stella Mid-Summer Festival, August 26th and 27th. An effort has been made by the management of the Festival to secure a strong opponent for them—probably Auburn one day, if not both. The boys are now in good shape and, if they do meet Auburn, will try to regain the game they lost while their team was in a "stove-up" condition.

To Visit In The East.

Mrs. John L. Cleaver and daughter, Miss Nellie, left Monday for the east. They will visit Chicago first, then go to Crawfordsville, Ind., where they will spend some time with Mrs. Cleaver's brother. Other places in the East will be visited by them before returning home.

Public Sale.

Dr. W. S. Fast and Fred Haefele will hold a public sale on Monday, September 6th, at the Fast farm two and one-half miles north and one-half mile east of Falls City. The sale includes 14 head of good horses, 4 mules and considerable miscellaneous stuff.

Former Resident in Hospital.

Mrs. Bert Harpster, formerly of this city but now a resident of Burchard, Neb., has been taken to a hospital at Beatrice. Mrs. Harpster has relatives and a great many friends in this city who will anxiously await her recovery.

Blood Poisoning.

Mrs. Samuel Marts has been suffering for the past week with blood poisoning, the result of a scratch upon her foot. It is not of a serious nature, but has been very painful.

More New Walks.

Charles Heineman has completed some fine cement walks at and around Chief of Police Marts' residence in the south part of town.

A Boy's Complaint.

I ain't a coward; I can stand A lot of pain you bet; I ain't afraid of snakes an' toads Nor lickin' that I get. I ain't like girls that always has A lot of foolish fears; The only time when I quack is when Ma goes to wash my ears.

The dentist never frightens me; The doctor doesn't scare; I'll take his nasty medi-sun An' all thumpings bear. An' I don't run away an' hide Becoz the policeman nears; The only time I yell is when Ma goes to wash my ears.

She grabs me round the neck an' says "You dirty little pig!" An with the roughest towel she Begins to dig an' dig, An' I commence to howl and shriek, An' shed honest tears; I'd rather have a tooth yanked out Than have ma wash my ears.

The poets sing of woman's love An' tenderness an' grace, An' rave about her kindly ways An' praise her gentle face, But then I guess they have forgot, Through all the lengths of years, How rough their mothers were at times, When washin' out their ears.

The Eleventh Commandment.

A professor has discovered among some ancient ruins what is supposed to be the eleventh commandment. The text is as follows: "Emas rof yltmorp tseyap noht sselnu repaps- wen a daer ton thahs uoht." The commandment is easily translated by beginning at the end and reading backward.—Exchange.

Prof. Hurst Home.

Prof. E. K. Hurst returned the first of the week from Los Angeles, Cal., and other western points. Mr. Hurst looks as though he enjoyed his vacation, which he says he did.

From Eastern Markets.

V. G. Lyford returned the first of the week from New York, where he had been spending a couple of weeks in the markets selecting his fall stock.

At Verdon.

Rev. R. Cooper Bailey delivered an address to the assemblance at the Verdon Pioneer picnic on Wednesday.

Recovering.

Mrs. Charles Wilson, who had had an attack of appendicitis, is now convalescing.

For indigestion and all stomach trouble take Foley's Orino Laxative as it stimulates the stomach and liver and regulates the bowels and will positively cure habitual constipation. Kerr's Pharmacy.

Sleep

Sleep is nature's rebuilding period, when the energy used by the brain, muscles and organs is renewed. If you lose sleep, your system is robbed of the strength sleep should give. Continued loss of sleep multiplies this loss until you become a physical wreck. Dr. Miles' Nervine quiets the irritated nerves and brings refreshing, invigorating sleep. Nervine contains no opiates, and therefore leaves no bad after-effects.

"For over two years I suffered untold agonies; my friends thought I was going crazy. I could not sleep nor rest at all. I tried different doctors, but failed to find relief. My head would ache all the time; I was like one drunk; could not concentrate my mind, and was so restless and worried that sleep was out of the question. After taking one bottle of Dr. Miles' Nervine I felt wonderfully changed. I am now on my third bottle and am gaining all the time. I can lie down and sleep like a child, and am able to do my work."

MRS. MAY SCOTT, English, Ind.

Your druggist sells Dr. Miles' Nervine, and we authorize him to return price of first bottle (only) if it fails to benefit you.

AUTO RACE AT NEBRASKA CITY.

Duff Trophy Contest Will be Held In Fall For All Comers.

Nebraska City, Neb., Aug. 11.—Nebraska City is to be the scene of an automobile contest, which will be one of the biggest events ever held in this section of the state. It will occur Friday, October 8, and will be styled the DUFF TROPHY RACE. The run will be to Falls City and return—a distance of 100 miles.

The contest will be a sealed-bonnet one and will be a free-for-all, open to any two-cylinder or four-cylinder car up to and including forty-five-horse power. R. A. Duff, the promoter of the race, will give a valuable cup to the winner in each class.

Five control points will be established between Nebraska City and Falls City. The running time for each fifty miles will be two hours and forty five minutes. The contestants will leave this city at seven in the morning, with an observer in each car. Dinner will be had at Falls City.

The control points will be Julian Corners, North Auburn, Howe, Stella and Verdon. Each control point will be fitted with telephonic communications, with men in charge, to properly check out every contestant.

Entrance in the Duff Trophy Race will be confined to Nebraska counties south of the Platte river, the two tiers of counties west of the Missouri River and Mills, Montgomery, Fremont, and Page counties in Iowa.

All those desiring to enter this endurance contest, write to R. A. Duff & Co., Nebraska City, Nebraska, for further particulars.

Cut To One Dollar.

The Lincoln Daily State Journal wants a few thousand new trial subscribers and has cut its prices from now to Jan. 1, 1910 to only \$1. or daily and Sunday both, \$1.25. This is a specially low price for such a newspaper and will result in a big business. The Journal stops when the time is out so that people need not be afraid to take one of these special offers. Its not a trick to get you started. The Journal has greatly enlarged and improved each year and has been having a wonderful growth in its readers. Being the paper of our state capital it is especially the paper for Nebraskans to read, and it has an especially clean lot of readers because the paper itself is clean, having cut out all liquor and objectionable medical advertising. The Journal is thoroughly independent, and has been making a determined fight to have our representatives at Washington do something to lower the cost of living.

If you want to read not only all of the news of the world, but a practical, helpful newspaper, working in the interests of the masses of Nebraskans try The Lincoln Journal until January 1, 1910 at this cut price.

Ten Years Hence.

Here is the way the papers will write up weddings ten years hence: "The bride looked very well in a traveling dress, but all eyes were centered upon the groom. He wore a dark suit that fitted his form perfectly and in his dainty gloved hands he carried a small rose. His curly hair was beautifully done, and a delicate odor of hair oil of the best quality floated down the aisle as he passed. The young people will miss him now—that he is married. He is loved by all for his many accomplishments, his tender grace and his winning ways. The bride commands a good salary as bookkeeper and the groom will miss none of the luxuries to which he has been accustomed. A crowd of pretty men saw him off at the depot.—EX.

Eratra.

Last week The Tribune, in its announcement of the new cement block factory, which Putnam & Sons are soon to put in operation, erred in the firm name. We should have said Putnam & Sons, instead of "Putnam & Son," as Mr. Putnam is assisted very ably by both Charles and John, who have invested in the large business enterprises which this firm are now conducting, and will soon increase.

Part of the machinery for the cement products which they will put on the market, has arrived. The remainder is expected to arrive some time early in September.

PENILESS AND HOMELESS

At One Time Comfortably "Fixed," But Now a Wanderer.

Robert Davis, who at one time owned the 80-acre farm just north of the home of David Helmick, reached the home of W. B. Williams Sunday evening after walking from Colorado. It was his intention to find his old friends, the Kimberlies, but the members of this family are dead or moved away. Mr. Davis left here perhaps twenty-five years ago. On the way, in western Nebraska, he lost his route, and wandered about. He does not remember when he started, nor does he know how long he was on the journey. Once he was without food and drink so long that his throat parched and his tongue swelled, and he lay down and covered his head with his coat for protection from the sun until the cool of evening. Although of the same name, he is not related to the Daniel Davis family who now own the farm which was once his home.—Stella Press.

A BIG DEAL.

R. E. Grinstead Sold 713 Acres Near Salem For \$71,300.

Robert Greenlee of Glenwood, Iowa, formerly a Richardson county resident, made the deal whereby R. E. Grinstead transferred his title to 713 acres of land adjoining Salem, to Wm. Webster of Platte county. This is one of the largest land deals ever made in the county and the fact that \$100.00 per acre, for such a large tract, was paid, speaks volumes for Richardson county farms.

Burns-Taylor.

Mr. Harry Burns, aged nineteen, and Miss Bertha Taylor, aged seventeen, both of Verdon, were married by Rev. C. A. Mastin of the M. E. church on Friday last at the parsonage. On account of their age they were refused a license to wed at the county judge's office, but upon getting the consent of each of their parents, by telephone, the license was issued and the two young people were made happy.

Will Spend Vacation Here.

Dr. and Mrs. W. S. Fast of St. Joseph will spend their vacation, from September 1st to 8th, in and around Falls City. The doctor was in Falls City Wednesday, and the writer couldn't help from noticing how well St. Joseph's atmosphere and people had been treating him. He says they like St. Joseph very well, but still have a kindly feeling for Falls City.

THE GILLIGAN LOTS.

Now Is the Time for Any Wage Earner to Get One.

We desire to call your attention to our sale of town lots, on Thursday, September 2d, 1909, sale to begin at 1:00 p. m.

We are offering 100 choice lots adjoining the Crook & Towle addition, which is the most desirable residence section of the city.

This tract of land has, for the past ten years, been known as the Gilligan Fruit Farm, and is located on the northwest of the city, commanding a fine view of the surrounding country.

The terms of our sale, as advertised, are one-half cash and balance on reasonable time. But we will say, for the benefit of those wishing to purchase lots, that special arrangements can be made, thus offering better inducements.

This rare opportunity should appeal to mechanics, clerks, teachers and wage earners in general, and also the retiring farmer.

Falls City prospects were never so bright as now and it has more to offer to home builders than any other town in the state. We hope to be favored with your presence on date of sale.

WHITAKER BROS.

Alfalfa Profitable.

A farmer near Stella has eight acres of alfalfa, and has already made two cuttings this year, each cutting averaging about two tons to the acre. He expects to make two more cuttings, and each will make about a ton to the acre, making an entire yield of six tons for the season. Last spring he sold alfalfa in the stack at six dollars a ton, so that shows about the profit per acre. Scarce five years ago alfalfa could hardly be considered a crop in this section, but now Richardson county is considered one of the banner alfalfa counties of the state. Many of the farmers about Stella are now successfully raising alfalfa and some have fields of forty to fifty acres.—Stella Press.

From Chas. Hargrave.

Charlie Hargrave, who was called to Salt Lake City, Utah, on account of the death of his brother-in-law, has informed his family that he will not be home until the first of next week. He will straighten up some business matters for his sister before returning. While his visit there was anything but a pleasure trip, Charlie has missed some awfully hot weather here.
