#### Cut To One Dollar.

The Lincoln Daily State Journal wants a few thousand new trial subscribers and has cut its prices from now to Jan. 1, 1910 to only \$1, or daily and Sunday both, \$1.25. This is a specially low price for such a newspaper and will result in a big business. The Journal stops when the time is out so that people need not be afraid to take one of these special offers. Its not a trick to get you started. The Journal has greatly enlarged and improved each year and has been having a wonderful growth in its readers. Being the paper of our state capital it is especially the paper for Nebraskans to read, and it has an especially clean lot of readers because the paper itself is clean, having cut out all liquor and objectionable medical advertising. The Journal is thoroughly independent, and has been making a determined fight to have our representatives at Washington do something to lower the cost of living.

If you want to read not only all of the news of the world, but a practical, helpful newspaper, working in the interests of the masses of Nebraskans try The Lincoln Journal until January 1, 1910 at this cut price.

"Can be depended upon" is an expression we all like to hear, and when it is used in connection with Chamberlain's Colic, Cholera and Diarrhoea Remedy it means that it never fails to cure diarrhoea, dysentery or bowel complaints. It is pleasant to take and equally valuable for children and adults. Sold by all druggists.

We place you in a position to manage and control the business in your home territory. If not for yourself, it will pay you to investigate for someone you may be interested in.
