"ALWAYS AN OFFICE HOLDER."

"Once an office holder, always an office holder, is the policy they try to force down the throats of the people. The gang don't want to take chances on new timber."—Falls City News, Sept. 15, 1905.
Maybe there is something to it. We're inclined to think there is, if the present democratic ticket is any criterion.
John Hutchings served on the county board, then the clerk's office "looked good" to him. He now has his envious eye upon the treasurer's office. What about "always an office holder?"
George Reichers has NEVER held a county office in his forty years residence here. And we defy anyone to tell us one GOOD reason why he should not be elected treasurer. He is honest; and when it comes to ability, his is second to none in the county.
George Morris has been in the court house for six years and now wants the clerk's office. What about "always an office holder?"
Roy Daggett, the republican nominee for the office of county clerk, has NEVER held an elective office in the county. His ability is not questioned, even by the opponents. He has had more than his share of bad luck the past few years, too, and the clerk's office would be appreciated by him. Why not elect him?
John Gagnon has been in the county judge's office since "the Lord knows when." "Dick" James tried to pry him loose, and would have succeeded had it not been that the "program of the bosses" couldn't see it that way. The machine was busy, as is evidenced by the vote at Barada—James 0, Gagnon 31—and James, a "young aspirant," had no place in the ring. "The program of the bosses" is that Gagnon should eat at the public crib the rest of his natural life. What about "always an office holder?"
A. R. Scott has NOT held an elective office for eighteen years. Scott is a good, honest, upright man, and justice would be meted out by him, if he were elected, regardless of enemy or friend. He is NOT owned, body and soul, by ANY clique.
W. T. Fenton has been sheriff for four years. The "program of the bosses" injected some of the "always an office holder" ideas into him, and poor "Billie" allowed his name to go on the democratic ticket for a third term.
W. P. Fergus has NOT held an elective office in this county for sixteen years. Mr. Fergus was sheriff of Richardson county at one time, years ago, and made as good a sheriff as the county could wish for. Why not elect him?
L. C. Edwards has held the recorder's office for four years. He wants four more.
F. M. Boss has NEVER held an elective office in the county. That he is qualified for the office, there is no doubt. Why not give him a trial?
T. J. Oliver has been in the court house as county superintendent several terms, off and on—long enough to get the habit, "once an office holder, always an office holder."
A. D. Sargent, the republican nominee, has the qualifications for the office of county superintendent. He's a "young aspirant" and has NEVER held an elective office in the county. Taken altogether, which do you want? A ticket selected "according to the program of the bosses" by the bosses and for the bosses? A ticket composed of "once an office holder, always an office holder" material? Or, a ticket composed of "New aspirants," qualified in every way for the office to which they seek, and not owned by any one set or clique?
You, Mr. Voter, will be the judge.
