Oklahoma Land Bargains

MARSHALL, OKLA.

Located on the Santa Fe Railroad, in a fine agricultural district half way between Enid and Guthrie. We have 5 churches, 2 banks with one-quarter million deposits, fine brick school building and good twelve grade school. We are second to none in the raising of wheat, corn, oats, cotton and fruit. The average rain fall for the past seven years has been (37) inches.

If you are looking for a home, or an investment, this section of the state offers you the very best inducements. Write us for information, or better come and see.

160 acres—3 1/2 miles from town, 130 acres under cultivation; 30 acres in pasture. Good five room house, good orchard, two wells of good water, barn for six horses, granary room for 1,000 bushels. 40 acres fall wheat, 7 acres hog-tight. Price \$40 per acre.

We Have Land from \$20 Per Acre Up

160 acres—120 acres in cultivation, 40 acres in pasture. Good six room house, small barn and granary, plenty of good water. This is fine alfalfa land and is a bargain at \$50 per acre.

DOOLEY & SHANKS

YOU WILL SHARE OUR PRIDE in dental work if you have need of our services and avail yourself of our skill, experience and facilities. We don't do half way work—it's all or nothing with us, as many people know to their own great gratification. Note, please, that we make no charge for expert examination.

Late word from Frank Krasny and family, who have recently moved to Santiago, Cal., states that the climate there has not proved as helpful to their daughter, Helen, as had been hoped.

Word received from Lincoln states that F. W. Samuelson is seriously sick with pneumonia at that place. Mr. Samuelson will be remembered as a resident of Humboldt at one time.

The Divorce Habit.

"How long will it take to get my divorce?" asked the woman.

"About two months, I think," replied the lawyer.

"As long as that? I don't know whether the other man who wants to marry me will wait as long as that!"

The Best Food for Workers.

The best food for those who work with hand or brain is never high priced.

The best example of this is found in Quaker Oats. It stands at the top among foods that supply nourishment and vigor, without taxing the digestion, and yet it is the least expensive food one can eat.

This great food value and low cost make it an ideal food for families who want to get the greatest good from what they eat.

Laborers, factory or farm hands, fed plentifully on Quaker Oats will work better and with less fatigue than if fed on almost any other kind of food.

All of these facts were proved and very interesting information about human foods were gathered by Professor Fisher of Yale University in 1908. In addition to the regular package Quaker Oats is packed in large-sized family packages either with or without china dishes.
