The grand choral in which all who knew him join is "God be with you till we meet again."

### Taking Care of Yourself.

There never was a time when people paid as much attention to their health and strength as they do now. Time was when fine stock and fine horses were fed more carefully than human beings.

The result of properly balanced rations has worked wonders with stock and recent experiments are proving that the same thing is true of mankind.

It has been found that Quaker Oats eaten often and regularly taking the place of heavy, greasy foods will work wonders in the health and strength of a family.

School children fed frequently on Quaker Oats thrive physically and are always capable of the best work at school. For athletes, laborers, it is the best food. One of the attractive features of Quaker Oats is the perfect way it is packed. Besides the regular size package there is the large size family package.

## A Duty

Every man is duty bound to prepare for the future welfare of his family. Have you done this? If not, begin today, by opening a bank account, which is the first essential, and which will help and inspire you to save your money, and, too, your money will be safe and where you can get it or any part of it at any time you want it. And you won't have to run the risk of being robbed, having it stolen from you, losing it, or having it burned up in your house. Do you know that the lives of yourself and your family are in constant danger with money lying around the house? Bring your money to this bank and eliminate that danger. To you who have already accumulated some of this world's goods, we would say, that you owe to yourself, your reputation, and the commercial world, to do business in a businesslike way, and on business principles. There is but one way, and that is to transact all your business through the bank. This puts you in touch with the business world and gives you a rating and credit that you can enjoy, and which you may obtain in no other way. We solicit your account, whether large or small. We want it; will appreciate it, and extend you every accommodation that good, sound banking will warrant.

## A MOST TOUCHING APPEAL

falls short of its desired effect if addressed to a small crowd of interested listeners. Mr. Business Man, are you wasting your ammunition on the small crowd that would trade with you anyway, or do you want to reach those who are not particularly interested in your business? If you do, make your appeal for trade to the largest and most intelligent audience in your community, the readers of this paper. They have countless wants. Your ads will be read by them, and they will become your customers. Try it and see.
