The Eastern Star.  
The members of this order enjoyed one of the most pleasant occasions of the season Monday evening at the Masonic hall. It was the pleasure of those present to greet and entertain two of the grand lodge officers of the Grand chapter of the state of Nebraska, as Mrs. Hattie M. Scott, grand matron; and Mrs. Fuller, of Tecumseh, grand conductress, were present and gave much valuable instruction and encouragement to those present.  
It is only a little over six months since this Falls City Chapter was organized with twenty-one members, and since then it has doubled its membership, and is doing work that would be a credit to many Chapters which have been in existence more years than this one has months.  
The full degree work of the team was put on Monday night, and then a school of instruction followed which gave most evident satisfaction to the visiting officers, and their inspection of the lodge and its work was most highly commended.  
After pleasant addresses and words of felicitation by several present, a bounteous repast was spread on the tables until the proverbial groaning of the same might be heard, and everybody enjoyed not only a rich banquet provided by the committee, but also the feast of reason and flow of soul that was so evident.  
At an early hour on Tuesday morning all parties expressed the conviction that they had enjoyed a most pleasant evening, and pledged still more and better work for the future. This order does not advertise, nor work for members, but there is pleasure in knowing that new members are in sight for several meetings in advance and that all bills are promptly met, and money in the treasury.  
Success to Falls City Chapter, its corps of earnest officers, and enthusiastic members.—Contributed.  
Cheap and Safe.  
The small sum of \$2 will buy a \$5,000 policy, good for five years, from the Richardson County Farm Mutual Insurance Co., provided the building has good lightning rods. Then these policies can be renewed another five years for the still smaller fee of fifty cents. Smaller policies cost the same amount.  
The last 22 years this company has been thoroughly tried and found reliable. We have over two million insurance in force, and constantly gaining new members. All the farm property of the county ought to be insured with us. It is folly to keep on sending money out of the county for good safe protection. School boards and country churches can save money by insuring with us. Call, write or phone to me, over Dittmar's store, Falls City, Nebraska.

Married Leaders.  
"He that hath wife and children," says Bacon, "hath given hostages to fortune, for they are impediments to great enterprises, either of virtue or mischief!" Yet, looking over the world's "great enterprises of virtue," it is a curious fact that one finds more married men than single among their leaders.

Advertising is the fertilizer of dull business soil. Its work is magic. Thin, weakened trade becomes a thing of power when its roots feel the healthy sunlight of publicity.
