FATHER 80-MOTHER 76

The aged father and mother of a prominent Boston lawyer safely carried through the last two winters by

Vinol

The son says: "My father and mother owe their present strength and good health to Vinol. During the last two trying winters neither of them had a cold, and were able to walk farther and do more than for years. I think Vinol is perfectly wonderful. It certainly is the greatest blood-making, strengthening tonic for old people I ever heard of."

We want every feeble old person in this town to try Vinol. We will return their money without question if it does not accomplish all we claim for it.

A. G. WANNER, Druggist, Falls City.

"A Barrel of Money"

It is a very nice thing to talk about, a very pleasant thing to have in the family, a desirable thing to be connected with, but wishing for it won't secure it. Some wise man said there were 9,000 ways of getting rich! One was to have some one die and leave it to you, another was to find it, and the other 8,998 ways were to work and save. The most of us are in the latter class. You are no doubt, and if so you need the co-operation of a good bank like ours to help in the saving. If you are on salary, better deposit each month's wages here, and check against it for what you need. In this way you have a receipt for every transaction. You spend less and save more. Come in and arrange to open an account. We want your business. We are prepared to give you good service, and your connection with such a bank as ours will be a good thing for you.

The Farmers' State Bank

PRESTON, NEBRASKA

Isn't It Reasonable?

Did you ever stop to think that in buying monumental work from the strangers who work for the interests of outside people, you are paying his salary in addition to the price of the stone? Isn't it evident that with this and other additional expenses he must incur, that in offering you work at a lower price than we can figure it he must furnish you poor quality of work? Don't be deceived by the pretty pictures of the smooth-tongued stranger.
