County Option League.

To the People of the State of Nebraska:—The officers of the Nebraska County Option League deem it advisable to give a plain and concise statement to the public concerning the purposes and plans of the league.

The central purpose of this organization is to secure the nomination and election of a governor and legislature favorable to the principle of County Option.

The plan by which this can best be accomplished is thought to be that of organizing a local committee in each county and precinct; to be composed of men of all parties and creeds favorable to County Option. These committees are to be charged with the duty and responsibility of securing the nomination and election of legislators pledged to the enactment of such a law.

We believe that the committee in each county should carry on its campaign in its own way, with only such guidance and assistance from the state organization as it may voluntarily request.

We ask the local committees to report full details, including the names and addresses of its officers and members, to Secretary Frank A. Harrison, at Lincoln.

We wish this letter to be constructed as the official request of the Nebraska County Option league for the immediate organization of the County Option workers in each county and precinct.

It will be the purpose and aim of the state organization to so unify and direct the efforts of the local committees as to bring about the passage by the next legislature and the signature by the next governor of Nebraska, of a rational and reasonable County Option bill.

LYSLE I. ABBOTT, President,
F. A. HARRISON, Secretary.

—The Dawson printing plant will be sold in whole or part, as opportunity offers. Any one wishing to buy anything belonging to the plant can do so by calling on W. H. Wyler.
