

WHO ARE UNITED DOCTORS?

Some Information About the Specialists Who Will Be at The New National in Falls City, on Thursday, June 2nd.

Since the announcement has been made in these columns that the Chief Consulting Physician of the United Doctors, who have their permanent Nebraska Institute located on second floor of the Neville Block, corner of 16 and Harney Sts. Omaha, Neb., would pay a short visit to the New National hotel at Falls City, the question has been asked many times: Who are the United Doctors and what do they do? The answer is this:

The United Doctors, as the name implies, is an association of expert medical specialists who have united to organize a new school of medicine; a new and more scientific and positive system of curing human ailments. For centuries the world has been full of different "cults" and "isms" of medicine. We had the old root and herb doctors with his bitter potions; the Allopath with calomel and quinine in heroic doses; the Eclectic without his calomel; the Osteopath and the Christian Scientist. We were doctored by heat, by electricity, by baths at the Hot Springs and by a multitude of men and methods. Some of the patients were cured, some died who should have been cured. It was impossible for the ordinary person to say which method of treating diseases was the best, and the physicians of the various schools were so biased that they could see good only in their own method; all others were necessarily bad.

Evidently there is good in all of them, for they all cure some cases, also there is bad in all, for they all fail at times and allowed misery to remain or death to come where a cure should have been effected.

A tremendous stride forward was made, when the association of the United Doctors was formed. The founders of this association consisted of eminent specialists from the various schools of practice. Eclectics, Homeopaths, Allopaths, regulars and Irregulars, met and agreed to drop their prejudices and form a new system of treatment, which would embrace all the good points of the old methods and leave out the bad. The results of the efforts of these world famous specialists of the various schools, was the wonderful treatment now being used by the United Doctors. All of this was not accomplished in a day or two, but has taken years of patient work by these specialists in their great institutions in the east; Homeopaths, Eclectics, Allopaths, all working side by side, each throwing away his old ideas when he was convinced there was something better, until at last out of the old chaos and confusion, came the new and perfect system, as it is now used by the United Doctors.

The cost of these specialists was great not only in the labor of forming the new system of treatment, but also in the effort it cost them to ignore their prejudice in favor of the various schools in which they were originally educated. But their record has been great in health and happiness restored to hundreds and thousands who were going to their graves in misery, pronounced incurable by old methods.

The wonderful new system has cured thousands of cases of chronic diseases of the liver, kidneys, skin,

heart, lungs, bowels and stomach, including rheumatism, paralysis, neuralgia, appendicitis, gall stones, piles, goiters, rupture, disease of women and diseases of men, which had been pronounced incurable by other doctors.

Louis Schultz, a prosperous farmer living on R. R. No. 2, Plattsmouth, Neb., says that for twelve years he has been taking treatment with his home doctors, those in Council Bluffs, Iowa, and the best ones in St. Paul, Minn. He took the hot baths in Lincoln, Neb., and even went clear to Hot Springs, Ark., all of which gave him no relief. In speaking of the case he says, "I went to the United Doctors. They told me more about myself and disease in ten minutes than all the other doctors put together, in all the years before."

"Now my stomach gives me no trouble. I eat anything and digest it perfectly—my kidneys are better and my rheumatism improving so rapidly in this short time, that I am sure my recovery will be complete."

N. C. Carlson of Wausa, Neb., says "I am now as well as I ever was in my life. When I commenced treatment with you, I was barely able to walk, such was the pain I had. Now, after taking your treatment for five months, I enjoy perfect health."

Mrs. Alice Griswold, of 1619 Frederick St., Omaha, Neb., says she had appendicitis in a very severe form. She did not believe she be cured without a surgical operation, but took the United Doctors treatment with little hope. After the first two or three doses she began to feel better and in less than a month was entirely cured, and has no return of the trouble since.

These people were cured in their own homes, without surgical operation and they are only a few out of the thousands who have been cured by the United Doctors at their various institutes throughout the United States. These specialists have hundreds and thousands of testimonials from cured patients on file at their office. Any one interested in any particular disease can secure the name of patients who were cured of that disease by writing to the United Doctors at their Omaha Institute. Those testimonials are from responsible people of Nebraska, and were given voluntarily out of the gratitude of their hearts, so you can believe implicitly what they tell you.

It is this wonderful all home treatment that the United Doctors are bringing to Falls City on Thursday, June 2, and while here will give free consultation, free examination, and free treatment, except for the bare cost of the medicines used.

If you are skeptical write to the United Doctors for the names and addresses of patients whom they have cured and you will be furnished with as many as you may desire to investigate.

Remember the United Doctors will be here but one day and while here will receive patients at the New National Hotel.

If you are sick and suffering and want to be made well and happy, call on the doctor when he comes to Falls City.

"SAWBONES" BLUNDERED

ONE VERDICT OF 'NO HOPE' HAPPILY REVERSED.

An Interesting Case Brought Here From Columbus—Mother's Faith Availeth Much.

About ten weeks ago there was brought to this city from Columbus, Neb., a ten-days old baby in charge of a trained nurse, to become the patient and charge of a physician of Falls City.

This little chunk of sunshine was ushered into the world with two distinct deficiencies in the bony formation of the skull—the skull material was lacking in one place to the extent of the size of an egg; and in another place failed to bridge over by an inch, or a space about the size of a walnut, and through these apertures the brain fluid protruded, showing in rounded protuberances that to the uninitiated spelled "no hope."

The family physician at Columbus, with that compositio so peculiar to some physicians who have grown sleek and fat and sassy on the credulity of a worshipful clientele, waved the case aside as hopeless—the infant could not live beyond three weeks, and in case it did live, it would be deficient mentally, etc., etc.

It is well to listen to your family physician respectfully, but it is unwise to swallow all he says, the same as you do his pills, because, if there are a class of men upon God's green footstool who reverse themselves of tenor, and show less confidence in the sagacity of their professional brethren than do the "Sawbones family," the fact is not apparent to the world in general.

In this case the verdict of the family physician was not accepted—a change of venue was taken, and the little fellow was brought to Falls City for treatment.

On Tuesday of this week, this same infant, accompanied by the nurse and a very proud little mother returned to Columbus, and when the "family physician" comes face to face with that little bunch of loveliness, that perfectly formed head, with the skull bridged across where formerly it did not exist, and looks into that intelligent little face, he's going to feel like unto a fool, whether he looks the part or not.

Be it said to the honor of the Falls City physician, he claims only a portion of the credit for curing, so "hopeless" a case. To Dame Nature he doffs his hat as the great "specialist" who accomplishes things when the scientific lore of family physicians so permits; to the nurse, who never relaxed her vigilance and knew how to make the little patient thrive and wax lusty, he gives a large portion of credit, and for himself, just a fair division—no more.

But to the unbiased mind, it looks as if the precious knowledge in this instance was the reading of the case aright—the diagnosis. One man—in whom great confidence was reposed—said, "no hope; you should feel very thankful if it were to die." The other said, "hope, and hope on; I believe your baby will recover." And Hope won, and it is well; for while to some physicians some one else's baby is merely a pulsating atom out of the millions that come into the world annually, to the mother it is the one precious jewel of all the jewels in the diadem, and is not to be abandoned through the family physician's carelessly rendered verdict of "no hope." While there's life, there's always hope—that is, if the attending physician has not reached that high plane where there's no further knowledge to be acquired. X.

For Exchange.
160 acres near Roswell, New Mexico for residence in Falls City, Nebraska.
240 acres in Thomas county, Kas., for property in or near Falls City, Nebraska.
320 acres near depot, Thomas Co., Kansas, improved, for property in or near Falls City, Nebraska.
120 acres improved, northeast of Falls City. A good place.
HENRY C. SMITH.

For Sale.
80 acres five miles northeast of Falls City, Nebraska. All in cultivation. Good location. Also 80 acres seven miles northeast of Falls City, Nebraska. All fenced and in cultivation. Want to sell to settle an estate. Money to loan.
HENRY C. SMITH.

—A touch of rheumatism or a twinge of neuralgia, whatever the trouble is, Chamberlain's Liniment drives away the pain at once and cures the complaint quickly. First application gives relief. Sold by all druggists.

News Of Interest From Our Neighboring Towns.

Kearney voted wet and the city council granted seven licenses at \$1,500 each. Now Kearney's troubles are beginning. The police force must be increased; several new lunks will be required in the calaboose; and the organizations which look out for delinquents will need to add to their reserve funds to meet the increased demands.

Beatrice opened her saloons several weeks ago. The first week a very reign of drunkenness and debauchery prevailed. Seventy-five drunks were driven out of the saloons onto the streets one evening. It was not safe for women to be on the streets. One man became drunk the day the saloons opened and was drunk all week, he is now a candidate for the state dipso yard. Another case was up before the board for the poor farm.

A poor washerwoman of Rockford, Ill., who had been washing for twenty-eight to support her family, said that during the last two years while Rockford was "dry" she did not have to do any washing except for her family. Now, she said, since Rockford is "wet" again it is back to the washtub for me.

The Emperor of Germany is reported to have signed the pledge. The emperor's family are being brought up to be abstainers. The emperor has ordered that beer be no longer served in the army, and recently set the ears of beer-guzzling Germans a tingling by writing a long letter to a young man warning him against the dangers of beer drinking and urging them to cut it out.

At a mass meeting of the citizens of Table Rock held last week plans were discussed for providing recreation rooms and places of clean and wholesome amusement. A representative committee was appointed to investigate the matter and see the business men as to their willingness to support the venture. No final conclusion was reached at the meeting. It was generally conceded that something should be done to provide adequate and proper lounging rooms for the boys and men. As to what these should be there was necessarily a wide difference of opinion. Practically all were agreed upon the appropriation of a reading room and gymnasium. The committee will take the scope of the work under advisement. Another meeting to consider the report of the committee will be held this week.

A petition has been presented to the village board of Table Rock requesting that a special election be held for the purpose of voting to place the town under the initiative and referendum law.

Pawnee County is agitated over the question of a new court house and jail. If newspaper reports correctly represent the situation, the need is urgent and better county buildings should replace the present ones.

Verdon will have "boosters day" on Saturday. The occasion is the coming of the St. Joseph Commercial club. The town will be gayly decorated and thousands of people are expected to be on hand to view the sights. An auto parade of twenty-five machines will provide the chief attraction.

A Fremont man proposes to heat the business section of the city by utilizing the exhaust steam from the factories and power plants. This otherwise a waste product is now being successfully used in many places for heating purposes and offers a very cheap supply of heat.

Fairbury's troubles are not ended. Two of the three local papers have apparently found it proper or profitable to espouse the course of the water and light corporations. Another election has been set to determine the matter of the city taking over the water and light plants.

At a mass meeting held in Talmage the condition of the public roads was discussed and it was determined to drag all the roads leading out from Talmage for at least two miles outside of the village limits. The county agrees to furnish the drags free to all who would use them.

Nebraska City will not have Sunday base ball this season. Nebraska City has stood out squarely against the practice for ten years past. The issue came up again this year but the element in favor of law enforcement prevailed and Sunday games have been called off.

Order to Show Cause.
In The District Court of Richardson County, Nebraska.

In the matter of the application of Harmon Loennig, guardian of the estate of Gustav Boeck, insane.

On reading and filing the petition duly verified by Harmon Loennig, guardian of the estate of Gustav Boeck, insane, for license to sell the following described real estate, to-

wit: The Southeast Quarter of the Northwest Quarter and the Southwest Quarter of the Northeast Quarter, all in Section Twenty-eight (28), Town Three (3), North, Range Thirteen (13), East of the 6th P. M., in Richardson county, state of Nebraska, for the purpose of raising money to pay off certain indebtedness, amounting to about \$2,500.00, and for the purpose of investing the surplus funds to be received from the proposed sale in interest bearing securities for the benefit of said ward and for the benefit of the minor children of said ward, and it appearing that the said guardian is without sufficient funds of said ward with which to pay off said indebtedness, and it further appearing that it will be to the benefit of said estate to sell said land, it is therefore ordered that the next of kin of said Gustav Boeck, and all persons interested in said estate appear before the District Court or one of the District Judges at the court house in the city of Auburn, county of Nebraska, and state of Nebraska, on the 8th day of June, 1910, at 9 o'clock a. m., to show cause, if any there be, why a license should not be granted to said Harmon Loennig, guardian, to sell the above described real estate, for the purposes in the petition set forth, and it is further ordered, that a copy of this order be published once each week for four consecutive weeks in the Falls City Tribune, a newspaper printed and published in Richardson County, Nebraska.

Done at the May term of the District court of Richardson county, state of Nebraska, this 2d day of May, 1910.

JOHN B. RAPER,
Judge of the District Court of Richardson County, State of Nebraska.

Sold On Its Merit

We sell the Crown Piano on its merits. We can show you point by point where the Crown Piano is superior to any other piano you can buy at any price. Remember your piano is the most important purchase you will ever make for your home. It costs but little more, if any, to be sure that it is a good one. We sell the Crown on terms as easy as any good piano can be offered to people who know the difference between a questionable "inducement" and real piano value for their money. Many inferior pianos will cost you more than a Crown. Price does not determine value. I've sold Crown Pianos in this territory for 16 years. That is good evidence of their merit.

I also handle Strech & Zeidler, Pease and Concord Pianos. These instruments are strictly high grade and too fine to be peddled from house to house through the country, as a great many dealers do. That alone is proof enough that they are a cheap grade of pianos. Anyone contemplating buying a piano in the near future we will be pleased to have call and inspect our pianos.

AT E. LANDRIGAN'S NEW FURNITURE AND UNDERTAKING STORE, OPP. COURT HOUSE.

I sell on time, monthly payments and take old instruments in exchange
