HOW A CIRCUS HELPS BUSINESS

It Takes a Vast Amount of Meat to Feed the Animals—Big Money Left in Town.

That is does local merchants some good to have a big circus like the John Robinson Shows to come to town is amply evidenced by the large contracts made by local dealers. It takes money to run a great show, and it takes a vast amount of material to feed the employees and animals.

Circus people live well, and only the best of everything is used in the commissary department. That a big show leaves a liberal lump of money in a city at times is evident from the contracts made here.

To a local coffee firm the mammoth order of 1,000 pounds of coffee was given. From an equally well known grocery house \$500 worth of groceries was contracted. Two hundred and fifty pairs of shoes were added to the commissary wagon, three carcasses of beef came from a local butcher as well as 800 pounds of animal meat. An order of \$225 alone went to one butcher. Several hundred loaves of bread feed the hungry maws of the circus people daily, and these too, come from local bakers.

Seventy-five quarts of milk from the dairies. Eight tons of hay and one hundred and fifteen bushels of oats, two tons of straw, and a host of other necessities were purchased in the city. All told, nearly \$3,000 will be left here as a result of the advent of the John Robinson Shows. Eight hundred dollars per day in railroad fares is paid by the circus people. One of the business men in connection with the show is Peter Ross, the only registered steward in the circus business, who has charge of the feeding of the multitude as well as the purchasing for the hundreds of hungry mouths.

The date for the big shows, and it should be carefully noted, as this is the only big one coming this year, is Thursday, June 9, at Falls City, Neb.

The City Beautiful.

To beautify our homes and Falls City at large, is to hate dirt and ugliness. We as club women act very promptly on their likes and dislikes and if we can get the men, women and children to really hate this civic ugliness, the home sordidness, the public disregard of beauty, we will soon be improving rapidly.

We may suggest one item of work: the placing of boxes and baskets along streets and highways, and the creating of sentiment that will clear the streets and alleys of any sort of rubbish; have the newspapers enthused to stir up the people. Have a campaign of education in the public schools, organize a club ornamentation of the home, and with this small beginning let us emphasize strongly the importance of individual work. Let the mothers decide, shall your little ones pluck flowers or rattle tin cans in your back yard.

Sold On Its Merit

THE CROWN PIANO

IN A SPHERE OF ITS OWN!

We sell the Crown Piano on its merits. We can show you point by point where the Crown Piano is superior to any other piano you can buy at any price. Remember your piano is the most important purchase you will ever make for your home. It costs but little more, if any, to be sure that it is a good one. We sell the Crown on terms as easy as any good piano can be offered to people who know the difference between a questionable "inducement" and real piano value for their money. Many inferior pianos will cost you more than a Crown. Price does not determine value. I've sold Crown Pianos in this territory for 16 years. That is good evidence of their merit.

I also handle Strech & Zeidler, Pease and Concord Pianos. These instruments are strictly high grade and too fine to be peddled from house to house through the country, as a great many dealers do. That alone is proof enough that they are a cheap grade of pianos. Anyone contemplating buying a piano in the near future we will be pleased to have call and inspect our pianos.
