

## THE COMERS AND GOERS

### HAPPENINGS OF INTEREST TO YOU AND ME.

#### What Your Friends and Their Friends Have Been Doing the Past Week.

—Eat Sowle's Candy.  
 —Dr. Wilson, Wani's building.  
 Remember the home talent play tonight.  
 —By your seed corn at Heck's feed store. 15-21.  
 Hall did severe damage Sunday in some places.  
 Dr. Wingle of Pawnee was in Falls City Sunday.  
 Be sure and see Rebecca's Tri-umpna tonight.  
 Neal Thornton spent Sunday with a friend in Wymore.  
 —Young's Pantorium cleans and presses ladies skirts. 44-45  
 There will be a good wheat yield, considering the acreage.  
 The growth of the alfalfa the last two weeks is phenomenal.  
 Wm. McDougal of Salem was a visitor in Falls City Monday.  
 The hot, moist weather is a grand corn booster. May it continue long.  
 Prof. E. K. Hurst and wife went to Auburn Monday to see the ball game.  
 Roy Mastin spent a part of this week with his parents at Seward, Neb.  
 Roosevelt is the biggest man in America today, and unfortunately he knows it.  
 —Landrigan, of course, for furniture and undertaking. Opposite the court house.  
 The Presbyterian church was well filled Friday night to hear Mr. and Mrs. Stanley.  
 —We have some fresh Red Seal flour in now. Come and get a sack.  
 —C. A. Heck.  
 Mrs. F. E. Day went to Hanover, Kas. the first of the week to visit with her sister.  
 The raise in the Nemaha because of the rains Saturday night encouraged the big ditcher to raise steam once more.

A grand Sunday school rally will be held in the grove east of Rock Creek church and school house on Pennsylvania Ave. Sunday afternoon, July 3. A special program will be provided. Everybody is cordially invited. More definite announcements will be given next week.  
 No. 14, the early morning train on the Burlington, going east, was nearly three hours late Monday. The cause of the delay was a derailed freight near Pawnee. Out of town folks were late getting to work on Monday morning as a consequence.  
 Elvin Mosier had his nose broken Sunday by being hit with a broken ball bat. Dr. Boose succeeded in raising the structure and propping in its normal position, where it is presumed it will be permitted to remain in the future.  
 Rev. Essley of Maple Grove Evangelical church, left Monday afternoon to attend the district convention of the Evangelical church. Miss Kitty Butler accompanied him as the delegate from the Barada Sunday school.  
 Henry Horn of Hamlin, Kansas usually finds it both convenient and agreeable to run up, to our city Saturday afternoons. Mr. Horn is not wasting his time while in town either, but reports good progress.  
 Miss Verna Story is enjoying a vacation from her duties at the telephone office. She spent last week in St. Joe and this week she is visiting Mrs. Grace Hoppe Belden, at Clarinda, Iowa.  
 Samuel Kanel, one of Nemaha township's energetic farmers is severely afflicted with sciatic rheumatism. He has been confined to his bed for several weeks.  
 Mrs. J. A. Tyner of Salem was in Falls City the first of the week. She is one of Richardson county's most zealous workers for better conditions for boys and girls.  
 Miss Josephine Graves has been engaged to teach in the high school of Laramie, Wyoming. Miss Graves has taught the past three years at Wayne, Neb.  
 T. C. Roe was overcome at the services in the Christian church on Sunday morning. It was necessary to take him home. He is since much improved.

The drainage board met Thursday morning.  
 Andrew Siple was down from Dawson Tuesday.  
 E. Wheeler of Stella was in Falls City Tuesday.  
 Ike Smith of Rock Creek was in the city Saturday.  
 Small-pox and measles have the best of the situation.  
 Alexander Leo spent some time in Kansas City this week.  
 —The Air Dome will hold its grand opening, Monday, June 27.  
 J. B. Whipple, Poland China hog sale, November 19, 1910.  
 —If it's shoes you want, call at the Home Shoe store. 14-17  
 Apricots are ripening. In some orchards the trees are well loaded.  
 The Humboldt Boosters were able to muster seventeen cars Tuesday.  
 Auburn will play Falls City at the park, Thursday, Friday and Saturday.  
 Mrs. Lillian Willard and two daughters of Morrill are visiting in the city.  
 Rev. F. E. Day went to Humboldt Sunday to assist at the Memorial service of the I. O. O. F.  
 The Leo Vinegar Co. are getting ready for a big season. The apple prospects are flattering.  
 Ellen Wylar, Alice and Joe Garver were visitors at the home of Miss Sophia Wittwer Sunday.  
 Before buying pictures of any kind you should inspect the line on exhibition at the new store of E. Landrigan.  
 The machinery is being put in place in the waterworks plant over in the bottom. It is expected to have the plant in working order soon.  
 Bryan O'Conner's barn was struck with lightning Sunday morning during the electric storm, and one horse was killed. It was fully insured.  
 J. C. Martin of Council Bluffs was looking after business here several days this week. He was accompanied home by his wife and little son yesterday.  
 Dr. Wilson went north with the Humboldt Pathfinders to be convenient for holding an inquest in the event of the expedition's coming to an untimely end.  
 Bert Thorn, living five miles northwest of this city was in town Tuesday with teams enough to take out the material for a new six room house. Work will begin at once.  
 Falls City is to be congratulated upon having such a beautiful summer playhouse and the opportunity to witness first class companies at the moderate price of ten and twenty cents.  
 The Ladies Aid Society of the Methodist church have pledged themselves not to wear hats during the church service and earnestly request the ladies of the church and congregation to follow their example. Amen.—A Man.  
 The city council has several notices to property owners to push the construction of concrete walks along their property. If this good work is kept up, Falls City will have a fine system of walks.  
 Rev. I. O. Bowman of Philadelphia, who conducted a tent meeting in this city five years ago, has for a few months been engaged in revival work on the Pacific coast, and hopes to be in this city Sunday, July 3.  
 The State Bankers association at their meeting in Lincoln this week elected D. J. Riley of Dawson as president of the association. This is a genuine compliment to Mr. Riley, who has the reputation of being one of the most successful of bankers.  
 The Lincoln Commercial Club arrived in Falls City very quietly on Monday evening, leaving again early Tuesday morning. They made a short stop at Salem, Dawson and Humboldt. Going up town the band delivered a piece or two and every one did his sweetest.  
 Alfred Bucher, one of Speiser township's most successful farmers brought his mother and sister-in-law to this city Wednesday. It is fully twenty-three miles to Isely Creek, where Mr. Bucher lives, but he thought he could make the trip home in an hour.  
 Kerr's new air dome will throw open its doors to start its merry season at 8:00 p. m. next Monday evening and will have as the first attraction "The Dorothy Reeves Stock Co." for two weeks, changing their plays and specialties nightly. The opening bill will be "The Price" and is said to be a strong one.  
 In spite of the constant wrangle over the unsanitary and dangerous condition of Falls City's water, the town seems to be in a pretty healthy condition. Dr. Greene and Dr. Griffith are both leaving, no doubt because of an insufficient practice. A town whose bill of health drives the doctors to the farm is a pretty good place in which to live.  
 Miss Myrtle Ramel entertained the young ladies Kensington club of the Methodist church in the form of a miscellaneous shower for Miss Maude Maddox, who is now Mrs. Fordyce. After the usual round of festivities, refreshments were served. Then came the mock wedding, the shower of rice, etc. The way of the benedict is hard.

## GRUBS IN THE COW'S BACK

They Should Be Located and Removed, as Their Presence Causes Pain and Injury.  
 (By A. S. ALEXANDER, WISCONSIN COLLEGE OF AGRICULTURE.)  
 The raised painful "bunches" noticeable upon the backs of cattle during the winter season and early spring months are due to large grubs or larvae, and are commonly termed "warbles."  
 The grubs are the product of eggs deposited by the ox warble fly (hypoderma lineata) during fly time in summer, and unless destroyed on removal from the backs of cattle, burrow into the earth and emerge after a time in the form of flies, to carry on their pestiferous work.  
 The old and apparently sensible idea of the life history of these grubs is that the parent fly deposits her eggs upon or just under the surface of the skin of the cow's back at a place where she can neither protect herself against the fly by licking with her tongue nor switching with her tail.  
 The eggs then hatch out and the young larvae, after penetrating the deeper layer of the skin, form a sac in the connective tissue, where they live and grow in a collection of inflammatory lymph.  
 This inflammatory fluid is caused by the irritation set up by the constant movement of the hard bristles protruding from the segments of the body of the grub.  
 An orifice will be found in the top of each warble and through it the grub obtains air while growing and makes its escape from the skin when fully matured in the spring.  
 Of recent years government investigators have published a different theory to the effect that the fly deposits her eggs upon the legs and heels of the animal, which licks them off and swallows them, whereupon the eggs hatch in the gullet and the young larvae penetrate its walls, find their way into the connective tissue and gradually burrow their way therein until they arrive at the one part of the body in which they are invariably found.  
 The latter theory is little credited by practical stockmen and veterinarians. If it is correct, how comes it that the grubs are found in but one part of the body? And that we do not come across them in their travels through the tissues?  
 Prevention of these pests is to be sought by applying fly repellents to the backs of the cattle during fly time and washing their backs with strong salt water during late fall; then each grub that matures should be squeezed out and destroyed.  
 The grub causes much misery to their living host and cause serious damage to the hide for the purposes of the tanner.

**Bargains in Farm Land.**  
 A chance to get a home cheap in a safe crop country, where they raise crops of all kinds—corn, wheat, oats, alfalfa. Good stock country, no hog cholera. Daily trains, the best of schools and churches. Healthiest part of Nebraska, and the best of water.  
 320 acres raw buffalo land, seven mile of town, lays nice, for \$12.50 per acre. Easy terms.  
 160 acres, 2 miles of town, fenced, a double granary. 110 acres in fall wheat, lays nearly level. Good black soil at \$40 per acre. Wheat on this place made 36 3/4 bushels to the acre in 1909.

160 acres, five and one-half miles of town, three-room house, barn, well, windmill and out buildings, fenced and cross fenced. 135 acres in cultivation, 35 acres alfalfa, four hog pastures fenced with woven wire, lays nice and extra good corn ground. This is a bargain at \$5,000. Easy terms.  
 1520 acre ranch, three miles of town, well improved, all fenced. Plenty water and farm ground, will raise alfalfa and is an ideal cattle and horse ranch at a rare bargain.  
 For particulars or information write

## The June Bride

As a Stellar Attraction Outshines Any  
 Old Comet—Even Halley's Not Excepted

Madam Rumor has it that this June will see numerous weddings in and around Falls City the coming month. On the strength of this information we have weighted our shelves with those pretty and useful things that the sensible bride yearns for.

### Dependable Silverware

In this department we are particularly strong—we are headquarters for everything in the Silverware line that the prospective housewife may desire.

### Hand-Painted China

The kind that the ladies rave over and the bride naturally expects. We are headquarters for Cut Glass too, and are showing the best line ever brought to the city.

## DAVIES & OWENS

JEWELERS AND OPTICIANS FALLS CITY, NEBRASKA

The new \$2,500 pipe organ in the Presbyterian church is a gift of Henry C. Smith.  
 Grace Strunk and her mother arrived in Falls City Saturday from Artesia, New Mexico.  
 Corn is up early and retires late these warm days. Farmers are busy with the cultivators.  
 Mr. and Mrs. J. H. Miles and two daughters returned Monday from their trip to New York.  
 The organ recital was a great success. It was the musical event of the season for Falls City.  
 Charley Thompson is back again from the east. Falls City is quite as good as any eastern town.  
 Mr. and Mrs. W. Pierson of Clarinda, Iowa spent a few days the past week with friends in this city.  
 Hugh Boyd of Humboldt was one of the singers in the superb chorus at the Presbyterian dedication Sunday.  
 If present plans materialize, there will be some flying done in Nebraska before the snow has a chance to do the flying stunt.  
 Dr. Young raised \$4,000 Sunday towards paying off the balance of the indebtedness on the new Presbyterian church.  
 Rev. Watson of Falls City will be one of the speakers at the Grand Sunday School rally in the grove east of Rock Creek school house on Pennsylvania Ave., Sunday afternoon July 3.

Mrs. John Hossack and little grandson, Neal Mulligan, returned Sunday from a visit to the former's brother, James Sinclair and family, near Rulo.  
 If rumors mean anything, the members of the Falls City ball team will need to lead more simple and strenuous lives or fall from common grace.  
 Mr. VanWinkle's prospects as water commissioner are tied up in resolution. A liberal application of city water may effect a resolution.  
 Christ Beutler, who recently moved to Falls City is assisting Sam Kanel of Nemaha township with his work, during the latter's illness.  
 Senator Burkett's bill appropriating \$67,000 for site and building for government in Falls City, passed both houses this week.  
 Representative McGuire got his bill providing for a post office building in Falls City through the committee.  
 John Crook has succeeded in landing the bridge contract for the necessary bridge work in Harland county.  
 David Lichty and family of Pennsylvania Ave. visited at the home of John Lichty in this city Tuesday.  
 Falls City is certainly fortunate. Good things are following her way in a most unexpected manner.  
 The Pleasant View school on Rock Creek has employed Miss Crook of Salem to teach next season.  
 Jess Shrimpton and wife of Salem were in the city Tuesday.

While Using This Device There Is No Possibility of Cow Kicking Over the Pall.  
 From an exchange we get the plan for a milkpail holder as herewith illustrated. With this device there is no longer any danger of the cow kicking the milkpail over. The holder consists of a crossbar in two sections, which are adjustable relatively to each other and can be made to fit any pail. When the bar is joined the bent section encircles the rim of the pail and does not get in the way of the streams of milk, while clamp and hooks hold the receptacle to it. The milkman, or milkmaid, holds the pail between his or her knees, the crossbar bearing the weight, and is able to give all attention to the milking without keeping one eye on the near hoof.  
 Handy Carrier for Silage  
 So Arranged That Feed May Be Raked Out into Rack at Any Point Along Route.  
 My silo is built in one corner of the barn, and from here I have a track  

 Silage Wagon on Feed Rack.  
 that runs along the top of the feed rack, writes John B. Palle, in Farm and Home. On this track is mounted a silage wagon, which is loaded at the silo and then run along the top of the feed rack. The silage may be raked out into the feed rack at any point along the route. This carrier saves much labor, and is inexpensive

## Sold On Its Merit

**IN A SPHERE OF ITS OWN!**

We sell the Crown Piano on its merits. We can show you point by point where the Crown Piano is superior to any other piano you can buy at any price. Remember your piano is the most important purchase you will ever make for your home. It costs but little more, if any, to be sure that it is a good one. We sell the Crown on terms as easy as any good piano can be offered to people who know the difference between a questionable "inducement" and real piano value for their money. Many inferior pianos will cost you more than a Crown. Price does not determine value. I've sold Crown Pianos in this territory for 16 years. That is good evidence of their merit.

I also handle Strech & Zeidler, Pease and Concord Pianos. These instruments are strictly high grade and too fine to be peddled from house to house through the country, as a great many dealers do. That alone is proof enough that they are a cheap grade of pianos. Anyone contemplating buying a piano in the near future we will be pleased to have call and inspect our pianos.

**AT E. LANDRIGAN'S NEW FURNITURE AND UNDERTAKING STORE, OPP. COURT HOUSE.**

Isell on time, monthly payments and take old instruments in exchange

**CLARENCE E. SMITH**
