The Tribune Boosters

The Tribune is organizing a system for more effectively advertising our home industries, products, and scenery. We ask interested parties to meet us half way in this work. We are prepared to print post cards of local views, when proper cuts are furnished. We desire to run a first page local feature in The Tribune each week. All we ask is that parties wishing to have their views printed furnish suitable cuts. We are also contemplating the publishing of an illustrated manual of Richardson county in the near future. We are only hindered from going ahead more rapidly by the initial cost of the work. If each one will contribute his mite it will be possible to produce something that is worth while, and that will awaken a proper appreciation for the things at home. Get a half tone cut of your home or business and join the line of boosters.

A Good Position.

Can be had by ambitious young men or ladies in the railway or "wireless" telegraph service. Since the eight-hour law became effective, and since the extensive developments of wireless telegraphy, there is a shortage of about 10,000 telegraphers. Positions pay beginners \$70 to \$90 per month. We operate under supervision of Telegraph officials and all graduates are guaranteed positions. Write for full details to the Institute nearest to you.
