After Grippe or any Sickness

Vinol Creates Strength

HERE IS PROOF

"After a long attack of Grippe, Mrs. Vaught seemed unable to recover her strength. She was very weak and had no appetite. VINOL rapidly improved her condition and restored her to health. I sincerely recommend its use during convalescence or any run down condition."

JUDGE C. N. VAUGHT, Huntsville, Ala.

Miss Adelaide Gamm, of Watertown, Wis., writes, "After a severe attack of the Grippe, my system was in a very weakened, nervous, run-down condition. I took VINOL with the best of results, and it made me feel better and stronger than I have been for years."

We have never sold in our store a more valuable health restorer for weak and run down persons than VINOL, and we ask such people in this vicinity to try VINOL with the understanding that their money will be returned if it does not do all we claim for it.

All Nebraska Women

Uphold Puritan

BECAUSE

We strictly guarantee Puritan Flour. You may use half a sack or more and if it does not reach your expectations—if it does not make the very best bread, cake, biscuit or pie crust that you ever had—if it does not do all this, being the rest of the sack back and your grocer will refund you your money. We want you to try this flour at the risk—we are just that positive of your approval and steady patronage there—success—QUALITY.

It makes more loaves of bread per sack—by baking tests—and better, whiter, lighter loaves than any other flour they can buy. Because they have compared it carefully and found its results a happy contrast to those obtained with other flours.

The distinct flavor—the wholesome taste of the "bigger, whiter, lighter loaves" made from Puritan Flour has brought about its exclusive use in the best Nebraska homes. So great is the demand for our flour that we have grown in a few years from a 200-barrel-a-day-mill to our present output of 2,000 barrels. That want you to try this flour at the risk—we are just that positive of your approval and steady patronage there—success—QUALITY.
