Don O'Grady, Joseph O'Grady, wife and baby and Mrs. M. B. Ryan were Humboldt visitors one day last week.

# Nebraska Women Have the Choice of the Finest Flour in the World

The demand for Puritan Flour is so great right in our own state of Nebraska, that it taxes the capacity of our mills to supply it. Knowing Puritan quality as we do we keenly regret our inability to meet the orders from far-away points—we would like to make it possible for everybody to enjoy those "bigger—whiter—lighter loaves" that are made from Puritan flour alone. It would be our delight to know of every woman's husband saying—"My dear, how your cooking has improved since you have used Puritan flour." This is an everyday remark in Nebraska.

If you are among the minority who have not tested Puritan flour you had best make the experiment today. Why stick to that merely ordinary good flour? Bread made from the average flour is part waste, part impurity and only part food. Bread made from Puritan flour is all good—all pure—all white—all light. We guarantee every sack of it and have instructed our dealers everywhere to return your money if you do not find Puritan just what we say it is—the best flour you ever used—the finest—the most nourishing—the most satisfactory in all respects.

**Wells-Abbott-Nieman Company**  
The Puritan Millers, Schuyler, Nebraska

**A Pretty Face**  
is marred by poor teeth. No matter how perfect the features may be, they are not attractive if the teeth are not regular and even.

**Part of Our Dental Work**  
is to straighten crooked teeth and to replace protruding ones with teeth that will match the others. If you are afraid to smile on account of one or more ugly or uneven teeth, come and see us. We can fix them.

Dr. Yutzy, Dr. C. E. Heffner, Falls City, Nebraska

# LAND That Will Make You Rich

The greatest combination of industrialism and farming, now rapidly developing, is to be found along the Burlington Route in the vicinity of **SHERIDAN, WYOMING, HARDIN AND BILLINGS, MONT., AND IN THE BIG HORN BASIN** where large, deeded, alfalfa ranches that have made millionaires of the owners, are being divided into small farms, and where Government irrigated homesteads and Carey Act lands are available. **A WONDERFULLY RICH COUNTRY**—You can get hold of an irrigated farm within a radius of a few miles of excellent coal, natural gas, illuminating oil, building materials, fast growing towns that have varied industries. **PERSONALLY CONDUCTED EXCURSIONS**—On the first and third Tuesdays I personally conduct landseekers' excursions to these lands.
