

## THE COMERS AND GOERS

HAPPENINGS OF INTEREST TO  
YOU AND ME.

What Your Friends and Their  
Friends Have Been Doing  
the Past Week.

—Eat Sowle's Candy.

—Dr. Wilson, Wahl's building.

J. H. Miles went to Lincoln on business Monday.

Miss Grace Maddox was on the sick list Wednesday morning.

Hon. J. H. Morehead returned to Lincoln Monday after a Sunday visit with his family here.

Peter Kaiser returned Saturday after a weeks visit with Omaha relatives.

Mrs. Charlie Hargrave was a sufferer from the grippe the first of the week.

Mrs. Lovelace, who has been very ill for the past three weeks is improving steadily.

Rep. Henry Gerdes came home from Lincoln Saturday to spend Sunday.

Fred Schock was confined to the house the first of the week with the grippe.

The grippe still prevails. It does not seem to lose its grip on the people.

Mrs. Claude Fordyce arrived on Monday from Broken Bow for a two weeks visit with her parents, Mr. and Mrs. W. H. Maddox.

Rev. Bailey went to Sterling, Neb., Wednesday on church business. He will go to Lincoln also, returning on Saturday.

Mrs. Abner McKee left Sunday for her home in Paonia, Col., after a month's visit with her mother, Mrs. J. R. Wilhite and other relatives.

Miss Lela Powell, accompanied her father, J. W. Powell to Kansas City, last Sunday on a shopping trip.

Charlie Davis returned Friday night from Shenandoah where he attended the meeting of Mink League directors.

Father Hoffman returned last Saturday from a two weeks vacation, spent in Omaha, Chicago and Minnehaha Falls, Minn.

C. F. Reavis and son, Frank, Jr., returned the first of the week from a two weeks stay in Washington, D. C. where the former was called on legal business.

There were many specimens of fine ice in town this week from sixteen to twenty inches thick. The cakes from Pony creek measuring eighteen inches attracted a good deal of attention.

W. L. White left Monday for Atchison and from there will proceed on his long trip through Western Kans., with his big line of wall paper and art supplies.

Engineer Loverlace moved his family this week from the Hermans house on South Main St., to his new residence on Norton St., and now enjoys one of the most convenient and comfortable homes in the city.

Uncle George Grinstead returned Thursday from a visit with his daughter, Mrs. Waggoner in Humboldt. He is somewhat improved from his recent illness and is slowly regaining his strength.

Rex Oliver returned Tuesday from Quinter, Kansas, where he went last Friday. He has shipped his household goods back here and having purchased an interest in the Tribune, will make this city his home.

The sheets of the past week have been general, in this section giving less annoyance than in some states where the whole country has a sheet of ice. Several accidents have occurred as a result of the sleet, nevertheless.

Mr. and Mrs. John Hutchings went to Omaha Tuesday, the former to attend the Association of County Treasurers. They will return by way of Lincoln where they will spend a few days.

Mrs. Bruno Hanson of Omaha was taken very ill last week with pneumonia at the home of her parents, Dr. and Mrs. Kerr. Mr. Hanson who had been in New York returned Saturday and came on immediately. Sunday night Mrs. Hanson was taken to the Presbyterian hospital in Omaha, where she could be given every care. The weakened condition of her parents who are just recovering from illness making it impractical to try to

care for her here. She stood the trip reasonably well as did baby, Katheryn, who was also ill. The last reports show she is holding up quite well.

### Auburn In Mourning

The division has gone from Auburn and there are those who feel that the town has been killed by the removal. Such is not the case. Auburn is too substantial a town to be permanently injured by the action of the Missouri Pacific railroad company. The temporary set back that the community will receive by the removal of a number of estimable families and the loss of their trade can be overcome if an effort is made to encourage a few industries to locate here. We have the raw material for a cement plant, for a hard plaster factory, for a shuck mattress factory, for a strawboard factory, for a butter and egg package factory, for an alfalfa meal mill, for a cellulose factory. One or all of these industries could be secured for Auburn were the proper effort made and encouragement given. It is no time to sit down and weep because of lost ground, but a time for everyone to grieve up and work to overcome the temporary set back. Hiawatha did it, Beatrice did it. Auburn can—Auburn Republican.

**FIRST PRESBYTERIAN CHURCH**  
Corner 20th. and Harlan Streets  
Rev. R. Cooper Bailey, Ph. D., Pastor

### Sunday Services

Sabbath School	9.45 a.
Morning Worship	11.00 a.
Junior C. E.	2.30 p.
Intermediate C. E.	2.30 p.
Christian Endeavor	6.30 p.
Evening Vespers	7.30 p.

### Week Night

Wednesday Prayer Meeting 7.30. The church offers a religious home to all who are pleased to accept it, and worship with us.

Insurance companies are now paying to Samuel Wahl their share of the adjustment on his loss on brick store building, fixtures and stock of dry goods and clothing, which was \$17,500.00.

Among the first companies to send in their draft has been the Williamsburgh City Ins. Co., which, through its District Manager John L. Cleaver, handed Mr. Wahl a draft for \$3,250.49, being in full without discount for its proportion of loss on building and fixtures. This was the largest fire loss this city has ever experienced and its prompt settlement is a credit to the insurance fraternity.

### Christian Church Notes

There will be regular services at the Court House until Sunday, February 5.

**Program of the Day**

9.45 Bible School.
10.00 A. M. Preaching and communion service.
6.30 Y. P. S. C. E.
7.30 Preaching.

The Sunday evening service will be Evangelistic, a cordial welcome to all. Come and bring your friends.

### DEDICATION PLANS

The plans for a great service on Dedication Day at the Christian church are about complete. This will be the greatest service in the history of this congregation.

A Great Dedicatory Service Feb. 5th. Gen. Sweeney, Wm. A. Baldwin, L. C. Oberles, and leading workers from Reserve, Auburn, Tecumseh, Tapple Rock, Humboldt, Salem, Verdon, Stella, Shubert and other places in the State will be here. Plan to come.

The heating plant is installed, the carpenter work about complete and the painters and decorators hard at work getting ready for the fifth of February. The church will be one that every citizen will be proud of.

### MARKET LETTER.

Kansas City Stock Yards, Jan. 9, 1911. Cattle receipts increased last week after Tuesday and the proportion of good weight fed steers was larger, resulting in declines the last days of the week which wiped out the gains of the first two days. Butcher stuff held up better than steers, and stockers and feeders remained firm. Today the run is liberal here, 14,000 and heavy at Chicago

with lower prices on the card from all the markets, decline here 10 cts on steers, steady to 10 lower on cows, steady on stockers and feeders. A large share of the stuff coming is nine to 120 day-fed, and the same is making money for the feeder as a rule, while the long fed steers are selling only a little above the others, and could have been cashed several months ago, for more money than they are now bringing. Bulk of the steers sell at 5.50 to 6.25, with top steers today at 6.50 nothing of merit below 5.25. Butcher stuff is showing more quality than any time before this winter, due to the longer feeds, and prices look pretty high, decent cows selling at 4.00 to 5.25, heifers 4.75 to 5.75, tops around 6.00, bulls 4.00 to 5.15. Top veals bring 8.50, heavy calves 6.00. Demand for stockers and feeders is strong, and prices are highest in several weeks. Buyers now get the advantage of having had the cattle put through half the winter, a considerable item on stock cattle. Stock steers sell at 4.00 to 5.40, feeders 5.00 to 5.70, stock cows and heifers 3.00 to 4.50. Quarantine supplies have picked up a little, consisting mainly of medium class steers at 5.30 to 5.75. Offerings of quarantine today 43 cars, quality better than last week, most of the steers at 5.50 to 5.85, 1 load of the Johnson yearlings, from Chickasha, at 6.15. Receipts from Colorado and the West have been very small in the last week.

The hog market was on the up grade last week, and closed a quarter higher for the week. Run today is 11,000 head, extra large for Monday, and most sales were 5 to 10 lower. The market closed a little stronger today, and last sales were at the top 7.97 1-2. Three fourths of the hogs today sold at 7.90, not many below this figure, and dealers say the average quality is running very for last week was 7.92, average same week last year 8.39. Shippers are buying about 15 per cent of the hogs now, which is fairly good quota for that channel, and sufficient to keep the market on a fairly keen edge. J. A. Rickart, M. C.

### REAL ESTATE TRANSFERS.

William Rieschick and wf to Amella V. Rieschick, all of the Elft of NWqr of Sec. 22, Twp. 2, R. 16, Consideration.....\$3,600

Don't be afraid of criticism. We all need calling down as well as boosting up.

It is easier to originate an idea than it is to get a capitalist interested in it.

### A TOAST TO FALLS CITY

By the Division Poet.  
We are short of men with push and vim.  
We can't use men who are slow,  
For an easy-go, slow and drowsy man.  
With us hasn't a ghost of a show.  
We want the best there is in the west.  
Nothing's too good for Falls City.

French or Indian, Dutch or Dane,  
They must be equal to the strain.  
If they be from the sunny hillside,  
Or the sandy burning plain.  
Men who can brave all weather—  
whether sunshine or rain,  
We want you in Falls City—  
Falls City is the name.

Our people come from Boston and the shores of Maine.

They came not by the ox-cart,  
But by the modern train.

Speaking of High Schools; ours is the same.  
Here our boys and girls learn Falls City—Falls City is the name.

We've good people, both kind and true.  
If not the best, then quite as good  
as any you can name.

Oh, we're a happy lot and we're growing.  
Our city is clean and modern,  
Falls City is its name.

Wm. A. Rice.

### The Auburn Republican

The Auburn Republican celebrated the New Year by appearing in a new dress. A Junior typesetting machine had been previously installed and this was the first issue taken off the new forms. We heartily congratulate the Republican upon its progressive and thrifty spirit. The days of hand composition are rapidly passing. To be up with the times calls for improved methods and labor saving machinery. Brother Kearns will never regret this step.

### Presbyterian Church Notes

In spite of the inclement weather last Sabbath we had good audiences and helpful services. And on Tuesday night our best expectations were exceeded by the audience that came out over slippery side walks to hear the concert given by the Davies Brothers of Atchison, Kans.

These gentlemen are indeed artists in their particular profession. We hope we may be able to arrange for another concert by these gentlemen under much more favorable conditions in the near future.

We are looking for a good day again next Sunday and trust all the membership and friends will rally to the work of the church in some of its very many different lines of service and uplift. The pastor will preach both morning and evening and an attempt is being made to make the evening service more attractive to outsiders and young people. Reverent in attitude, devout in spirit, and with dignified cheerfulness we seek to worship God and help our community. Will you help us in this good work.

R. Cooper Bailey, Pastor.

### FIRE COMPANY RE-ORGANIZED.

There seems to be something doing in our city for we now have a new fire company that promises good for Falls City. Though we hope the boys will have nothing to do but drill.

Watch the boys for there is going to be something doing from time to time in the way of amusements.

Citizens lend your hand and help this cause along for it is surely a necessity. There is lots of desirable property destroyed by fire and now and then a precious life lost, perhaps a dear friend, perchance a mother, a dearest sister or a babe.

Fire is an unmerciful King and has to be dealt with by rough hands, above all, skilled workmen.

So then come to the front with your moral support, yours truly,

Wm. A. Rice.

### Jury Acquits Fishermen.

The case of the six fishermen, charged with unlawful seining by the State Game Warden were up before Judge Spragins Tuesday. There was considerable question in the matter and finally a jury was summoned. The case attracted a big crowd and the argument was heated. The jury

decided in favor of the fishermen, claiming the lake, which is only a lake after a Nemaha flood, is private, not state property and the man upon whose land it is located can use it as he pleases when there is a lake there. We have been informed that the Game Warden will appeal the case to the county court.

### SELECT FRUIT

S. B. Watson, one of Richardson county's early settlers, paid the Tribune office a welcome call, Saturday. Mr. Watson now resides near Reserve Kansas, where he raises some of the finest fruit in this section. He very thoughtfully brought a well filled basket with him when he called to pay his respects to the Tribune force.

The fruit was choice. There were of the Mammoth Black Twig, fine big fellows, White Winter, Pear Main, Grimes Golden, Jonathan and others. All of the finest and most delectable varieties. Mr. Watson knows fruit he knows that the printer likes it. We extend to him a hearty invitation to call again.

Some women can look cross words just as forcibly as men can say them. Success is the result of character multiplied by activity.

We can't help liking and respecting the person who gets knocked out and then "comes back."

The hearty handshake and cheery word cost nothing, but are worth much to the one who is down and out.

Not what we do but what we try to do makes character.

Difficulties are life's dynamos; they give the power that turns fortunes wheel.

Select a man to office who has courage to be decent and honest when nobody is looking.

Be Sure and read the Contest offer.

Clean Your Cream  
Separator with  
**Old Dutch  
Cleanser**

Not only the quickest and easiest cleanser you can use, but also the safest—because it contains no caustic or alkali—no danger of tainting the milk.

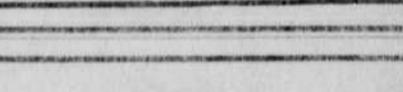

**Old Dutch Cleanser** is hygienic and Sterilizes as well as cleans. Old Dutch Cleanser is an all-round cleanser. It

**Cleans, Scrubs, Scours, Polishes,**

and is the best cleanser to use in the kitchen and throughout the house. Avoid destructive caustic and acid cleaners, and do all your cleaning with this one handy, mechanical Cleanser.

(Not a washing powder.)
