HERBINE For the Bowels

A Cure for Chronic Constipation, Torpid Liver and Irregular Bowel Movements.

Constipation is the most common disorder of the bowels. It affects both sexes and all ages but is more prevalent among women because their duties in the household require less physical exercise than the occupations of men; therefore women suffer most from its baneful effect.

A constipated person is an easy victim when exposed to any serious disease—Typhoid Fever, Malaria, Rheumatism, Small Pox, Yellow Fever and Bright's Disease gather their annual harvest of death among those who are habitually constipated. Even though they escape these diseases, such persons are always ailing more or less. They have headaches, bad digestion, dizziness, vertigo (blind staggers), sallow complexion, flatulence, loss of strength, and no energy at all. Herbine has a most admirable effect in the bowels; it is cooling, purifying and regulating. It puts a prompt check on biliousness, wind in the bowels, nervousness, heartburn, bad breath, low spirits, drowsiness in the daytime and nervous wakefulness at night.

Price 50c per Bottle.

BUY LAND on the BURLINGTON

IN THE

BIG HORN BASIN, WYOMING.

The census figures tell the story. Population now more than 15,000 people as against 4,000 population last census and this gain practically all in the last five years.

Make Money on Land

Five years ago these lands were selling at from \$15.00 to \$20.00 per acre. The same lands with improvements, are now selling as high as \$60.00 to \$80.00. You can homestead just as good lands today, just as close to the railroad, or buy just as good raw lands at \$45.00 to \$50.00 and make as much money as those who invested then.

GET IN ON THE GROUND FLOOR before the completion of the new line to the Northwest where you can locate close to new growing towns that will help to make your land valuable. Write me and let me tell you all about this rich, new irrigated territory.

Unlike Any Other

One secret of Monarch superiority lies in the wonderful responsiveness of its key action. In no other typewriter in the world do the keys so readily yield to the slightest touch of the finger.

That is why the Monarch is easier to operate than any other writing machine.

MONARCH LIGHT TOUCH

This is why it wards off fatigue and saves nerve-strain on the part of the stenographer. In consequence her work is cleaner-cut, more accurate, more rapid and greater in quantity than it is possible to obtain with any other writing machine.

For these reasons you need a Monarch in your office. And every day without it means actual money-loss to you besides.
