TWO VERDON WEDDINGS

Popular Young People Wed At Verdon, Nebraska.

Special from Verdon.

A very pretty wedding occurred at the home of Mr. and Mrs. J. B. Nussbaum, Monday evening, January 30th at eight o'clock when their daughter, Miss Luella, was united in marriage to Mr. Emile Nombalais of Stella. The bride is well and favorably known here, having grown to womanhood in this vicinity, and has a wide circle of friends who join in extending hearty congratulations.

A pretty home wedding took place Wednesday evening, January 25, at the home of Mr. and Mrs. J. M. Griffiths, when their daughter, Miss Jessie was united in marriage to Mr. Edward Bronson. Rev. Garries pastor of the Evangelical church performing the ceremony. After congratulations they marched to the dining room where a dainty two course luncheon was served by Misses Edna and Mabel Griffiths.

Mr. and Mrs. Bronson will be at home to their many friends after February 15 on the Bronson farm north of town.

ELECTRIC THEATRE

The Lady and The Burglar.

A Drama by the Edison Co.

The story of this film is splendidly sustained from start to finish and the picture is up to the usual high standard of the Edison productions.

The Call of The Blood.

Genuine Indian in an Historic production—An Indian classic by the Kalem Co.

Up-To-Date Servant.

In this comedy which is one of the brightest and most beautiful of our recent comedy subjects, there is a distinct thread of the plot of Cinderella, with the numerous corresponding incidents brought up to date by the Essanay Co.

Feeding Seals at Catatina Island.

Southern California.

This short subject shows a party of tourists feeding the pet seals, famed to all tourists. This subject is keenly interesting and the only fault is that there is not more of it.

There was an irregular market on cattle last week, the close showing heavy steers off 10 to 15 cents, light steers strong to 10 higher, butcher grades and stockers and feeders about like the close of previous week. Bulls lost 10 to 25 cents during the week, and calves closed 25 cents off. Stockers and feeders sold higher first of the week, but lost the bloom early, though enjoying a good demand all week. The run today is 15,000 head here, and the market is steady on everything except heavy fed steers, which are weak to 10 lower. The crop of finished steers is much larger this year than in any recent year, one reason for the small premium finished steers are bringing over lighter weight short fed steers. Another reason is that the beef trade is not in a very healthy state in the east. Light weight cuts can be sold in large quantities, but the demand for big stakes is disappointing. A string of 1,450 lb steers sold here today at \$6.10, fed since the first of September, and the same salesman sold a lot of 1000 lb steers to the same packer at \$5.65, fed sixty or seventy days. The highest sale here last week was at \$6.60, for some Nebraska steers, on Wednesday, 1,354 lb. Nothing as good is here today, best here around \$6.25 bulk at \$5.65 to \$6.15. A year ago now the cattle market was setting in on a big rise, values advancing one dollar per cwt. in February, but dealers do not expect anything of that sort just now, although feeder buyers see great possibilities in the more distant future, from the prices they are paying, \$4.75 to \$6.00 for cattle for the country.

Hogs lost 17 cents last week, the bear influence being evident most of the time during the week. The run today is 9,000 head, market 5 to 10 higher, bulk \$7.70 to \$7.75. Heavy weights and lights have changed places on the price list since a week ago, the lights now leading, while mixed packing weights remain in the middle. Heavies sold today at \$7.70. Eastern order buyers bought light hogs freely, which accounts partly for the change of position. Another factor is the increasing percentage of heavy hogs in the receipts.

Sheep and lambs sold lower last week from day to day, especially after Wednesday, and the close was a quarter under close of previous week. Market is steady today, run 11,000 head, best lambs at \$5.90, wethers \$4.25, yearlings worth around \$5.50 for light weight stock. January receipts show a small increase over January last year, but dealers predict a bigger gain in February. The Arkansas Valley has not moved much stock yet, though there is a good run from that section here today.

A CONVINCING TESTIMONIAL

Prof. H. A. Reynolds, who has for more than eight months been practicing Magnetic Healing and Suggestive Therapeutics in our city, has been meeting with splendid success. He

has been given some of the most serious cases in town, some of which were of many years standing. Some were pronounced incurable, but though near death he has been called upon to give relief to the sufferers. It is his remarkable cures, however that bear convincing testimony to his skill and power. Many names of people who have been helped by Mr. Reynolds and who live in town can be had by applying to him. The following testimonial from Mrs. D. P. Brannin of this city, is only one of many.

Falls City, Nebr., Jan. 20-11.

Prof. Reynolds.

Dear Sir:— If you think a testimonial from me would help anybody in the way of influencing them to try your method of treatment, especially anyone who is suffering as I was, you publish the following statement of my experience with LaGrippe, which took a very great hold upon my stomach and bowels, so bad indeed that I lost control of the bowel entirely. I had been sick three days when you were called, and in less than forty-eight hours I was so far improved that I could get up and sit in a chair, and at this time I feel better than I have in many a day, not only physically but mentally as well.

You seemed to inspire me with new confidence the very first time you called and your teaching me that there is that power in my own body that will cast out all disease if I but trust it, has done me good. For now I feel that I will be able to take better care of myself, and get along without having to depend upon some one for help. I feel very grateful to you for your assistance and I know that any one trying your method of curing disease will be more than pleased at the results.

Yours truly,

Mrs. Brannin.
