The best evidence of a cheap piano is when you see dealers peddling them over the country from house to house. Now stop to think. Do you want to buy a piano that has been shipped from town to town, hauled from house to house over the country before sold. I'll agree to furnish as good a piano as you'll find peddled around, as above stated, for \$135.00.—Clarence E. Smith 18-21

Stomach Troubles Cured by Vinol

HERE IS PROOF

"I suffered so long from stomach trouble and indigestion, that I lost flesh rapidly—VINOL cured me after everything else had failed. It strengthened my digestive organs—gave me a hearty appetite, and I can eat anything without the slightest distress. I do not believe anything equals VINOL for stomach trouble and indigestion."

W. E. WATERHOUSE,

Portland, Me.

Mr. Thos. G. Wallace, of Detroit, Mich., writes, "I suffered for years from a chronic stomach trouble. VINOL entirely cured me after everything else had failed."

It is the curative medicinal elements of the cod's liver, combined with the strengthening properties of tonic iron contained in VINOL, which makes it so successful in restoring perfect digestion, and at the same time building up the weakened run-down system.

Try a bottle of VINOL with the understanding that your money will be refunded if it does not help you.

SOLOMON'S TASK IS OUTDONE

English Public Vaccinator Faces Problem in Case of Child Said to Be "Half Italian."

London.—According to the British Medical Journal a public vaccinator has been confronted with a curious problem. The father of a child who had attained the age of 4 months, and whose name appeared on the public vaccinator's list, wrote to that official a letter in which he explained that he was not, unlike many Englishmen, a conscientious objector to vaccination. But his wife, so he explained, was an Italian, and desired to bring up the child in the manner followed in her native country, where the child would be vaccinated at the school age and not in early infancy.

"My wife wished me to say to you," concluded the communication, "that the child is half Italian, and if the English government enforces vaccination it must undertake to confine the effects of vaccination to the English portion of the infant. She claims the protection of the Italian consul for the Italian half of the boy."

It is the curative medicinal elements of the cod's liver, combined with the strengthening properties of tonic iron contained in VINOL, which makes it so successful in restoring perfect digestion, and at the same time building up the weakened run-down system.

The question, which is actually pending, has brought no definite suggestions from the vaccinators, and it is held that compared to the problem presented Solomon had a comparatively easy task when he handed down his historic decision.

WINTER BLESSINGS

When winds are cold and ice is on, and sleet is piled o'er walk and lawn, and we must bundle up or freeze, must have the grip, and cough and sneeze, we're apt to sigh for good old days, get sentimental over haze, and wish that summer were on new; we'd like to hoe and rake and plow. But stop a moment, friend and think, before you let your heart thus sink. For instance think of flies and gnats; the howling dogs and fighting cats, and phonographs—for windows wide just to draw night sound inside. And then those busy little ants that o'er your food so swiftly prance; and don't forget those "jiggers" fierce, which your anatomy will pierce. A million score of insects sing, that land on you and try to sting. With these, mosquitoes, your old friends, that love to use their probing ends; and heat and drouth, hot dust galore; lawn-mowing, too, until you're sore. Though you like weather awful warm, may move down south to miss the storm; Nebraska suits us to a "T", no climate better, seems to me.—Harold Neiburg.

GREAT DISPLAY OF PUGILISTIC ABILITY

A Lively 'Bout At The McPherson Hotel Yesterday Afternoon

There was quite a little disturbance at the Hotel McPherson yesterday afternoon which caused quite an excited crowd to gather. It is claimed to be equal almost to the Johnson-Jeffries fight only there was no belt to be given to the best man.

One was donated a pair of shinners, a bloody nose, a game leg, besides a few other bruises here and there. The other fellow had a few bruises, none that he would be very pleased to show. The second round was stopped by an honorable gentleman because the rain was coming down pretty lively and he feared the pugilists might get wet.

They were picked up and toted into the hotel where admiring friends washed them up and gave them the proper dressing down of the true pugilist, after which they swore friendship, though because of the swollen peepers the one could not see who his friends were. Both were satisfied with their donations.
