QUIET HOME WEDDING

JOSEPHINE GILROY AND ELMO McCANN WED

Near Relatives and A Few Intimate Friends Witnessed The Ceremony

A very pretty wedding occurred last night at the home of Mr. and Mrs. Gilroy on South Stone Street, when their daughter, Miss Josephine, was united in marriage to Mr. Elmo McCann.

A huge white wedding bell was arranged in one corner of the parlor, with long white streamers extending across the room and to the corners. The bridal party took their places to the strains of the Lohengrin Wedding March played by Miss Elsie Bailey. Miss Minnie Gaede acted as bridesmaid and a brother of the groom, Chester McCann, acted as best man. After the ceremony the bridal party proceeded to the dining room where a sumptuous wedding supper of three courses was served. Only the relatives and a few close friends were present.

The bride was attired in a beautiful white all-over embroidery dress. Dr. Bailey was the officiating clergyman. Both Mr. and Mrs. McCann have many friends in this city and community who wish them much joy and happiness in this new stage of life's journey.

Mr. and Mrs. McCann will reside on the McCann farm and will be at home to their friends there.

A charivari crowd of small boys began to make the usual racket a short time before the ceremony, but ceased when they found they were too early. They came back later, however, but were easily bribed away.

Kensington

Miss Emma Schaible, Mrs. Roberts, and Mrs. Tom Davies entertained the Methodist Ladies Circle Kensington at the Schaible home Wednesday afternoon. There were about sixty-five ladies present and a very enjoyable afternoon was spent. Dainty refreshments were served late in the afternoon.

Closed For Renovation

The store formerly owned by the Pease-Little Co., but now owned by Fred Cleveland of Nebraska City and Harry Hughes of Reserve is closed for remodeling and a complete renovation. The new company expect to install a complete line of groceries and fit the store up as a general merchandise department store. It will be opened again about the fifteenth of the month.

New People Coming, Old Ones Going.

J. P. Musselman of Hiawatha, Kansas bought the Mrs. J. R. Pickett property and will move in as soon as possible. Mrs. Pickett expects to move to Idaho. We are glad to welcome the Musselmans to our city but we are very sorrow to see an old citizen leave. The many friends of Mrs. Pickett wish her unbounded success in her new home.

"Paid in Full"

"It is truly a great play". This is the estimate placed on Eugene Walters "Paid in Full" the Philadelphia North America, an opinion whose worth is multiplied by the fact that it was expressed in an editorial. Since the founding of the North American, a daily newspaper of vast influence and enormous circulation, only one play besides "Paid in Full" has been held of sufficient importance to merit the distinction of an editorial. Not alone the wide public interest in "Paid in Full" because of its enormous success, but its notable superiority as a play and the graphic accuracy with which it depicts the social conditions it deals with, commended it to the North American for special considerations.

"Ben Hur" plays in St. Joe, March 9, 10, 11, at the auditorium. Seats should be ordered a week in advance if you want to be certain you have one. There will be a rush and a very good company presents the play this year. A large crowd from Falls City will attend.

OUR NEW OSTEOPATH

Dr. DeFox Recently Moved Here And Is Now In His New Office

Dr. DeFox the new osteopath is located in the upstairs rooms of the Strong building. He has one of the most comfortable suites of office rooms in the city. The rooms are very tastefully decorated in a color scheme of brown. The furniture is of the heavy mission style, done in dark oak. The hangings of the room are also in brown and everything is seen to have been chosen with an eye to the harmonizing of the colors. He has combined simplicity of style with good taste and the result is a suite of rooms that harmonize in every particular. Hung among the beautiful and choice pictures that adorn the walls, are several diplomas. Dr. DeFox is a graduate of several Osteopathic schools, among them the American School of Osteopathy at Kirksville, Mo. He is a man of charming and pleasing personality, courteous to the least degree, showing the culture and bearing of a much read and traveled gentleman.

We extend the doctor a hearty welcome to Falls City and hope that he will have a successful business career in this city.

Postoffice Inspector Here

Mr. Randall, the post office inspector, arrived in the city today. He will inspect the office this afternoon and send his report to Washington, and in a week or ten days the matter of Mr. Crook's reinstatement will be decided.

HIGH SCHOOL HAPPENINGS

SCHOOL ITEMS OF INTEREST TO OUR READERS

Items Gathered Daily By The Regular Tribune Correspondent

Prof. Wood gave the High School an interesting talk on his trip to the South.

Don't forget the basket ball game tomorrow night. This is the last game of the season. Let us have a splendid crowd.

The next number of the High School lecture course will be given tonight at the Presbyterian church. The high school had a sample of Mr. Carter's good work. The pupils were very much interested in the cartoons and also his talk. He is known throughout the United States and Canada and for twelve years he has been one of the most noted newspaper cartoonists. The vocal solos by Marie Carter give a pleasing variety to the evening program. Wherever the cartoonist and his wife have appeared, she has shared equally in the praise given the entertainment. You will miss the best number of the course if you fail to hear the Carters. Admission 35c, 25c, 15c.

MUST PASS CANADIAN BILL

THAT IS THE ONLY WAY TO AVOID EXTRA SESSION.

Such is the Ultimatum Sent to the Senate by President Taft.

Washington, Mar. 2.—President Taft swung the big stick. Again the story came to the White house that a frameup was in progress in the senate to avoid an extra session by voting upon the reciprocity agreement and defeating it.

Those opposed to the McCall bill, so the president was told, are willing for reciprocity to come to a vote if assured in advance that it cannot pass. There are senators who declare that enough Democrats can be pledged to the opposition to carry this agreement into effect. But a snag has been struck.

The president sent word to the capitol that if any evidence of frameup adverse to reciprocity came to him he would call an extra session anyway. Mr. Taft decreed that the senate must not only vote on the McCall bill, if that body wants to prevent a special session, but it must pass it.

It is Designed to Make Railroads Cease Discriminations in Passenger Rates.

Jefferson City, Mar. 2.—The "home rule" police bill adopted by the Democratic caucus passed the house. It was a strict party vote, 75 Democrats voting for the bill and 54 Republicans voting no.

The house committee on municipal corporations reported unfavorably the optional commission form of government bills for Joplin and Springfield and also the bills allowing the third class cities to adopt the commission form, if the people vote for it.

The house passed Representative Holcomb's bill providing for registration of all voters in Jackson county.

The senate took up and passed Col. Phelps' house bill prohibiting discrimination on the part of railroads in the matter of passenger rates. The measure does not fix passenger rates, but prohibits discrimination. It is principally aimed at the Missouri Pacific, Iron Mountain, Missouri, Kansas & Texas, Santa Fe and Cotton Belt. These roads charge three cents a mile between points in this state while all the other main lines make a local rate of two and a half cents.

Mexican Insurrectos Are Planning an Attack on Cananea Where Much Money is Invested.

Nogales, Ariz., Mar. 2.—That the Mexican insurrecto forces are planning to assault the Mexican town of Cananea, headquarters of the vast Cole-Ryan interests, was indicated by reports that scattered bodies of rebels were marching toward that place. The rebels cut all the wires leading in and out of the town, but among the last messages received from there was a report that federal soldiers who were stationed there were throwing up fortifications and calling upon Americans to help defend their enterprises. The Cole-Ryan interests are among the largest of the American investments in Mexico and consist of mines, lumber tracts, stores and ranches.

CHORUS MEETING

Mrs. Banks Urges The Members to Attend Rehearsals

A very interesting and satisfactory meeting of the Falls City Chorus was held Tuesday night. The chorus taking up the work with energy and determination to master it, thereby getting pleasure out of otherwise hard work. The chorus was not in attendance in its entirety, which is to be regretted, as the work demands a full chorus familiar with the score, and the director will find it necessary to drop from the list names of members or applicants who have not yet attended a rehearsal or who have been absent from the last two unless they are with us on the next rehearsal, which will be next Monday evening. We have already exceeded the number limit in applications for membership and have on the list persons who are waiting to take the places of non-attendees, and who are anxious to work—we must have workers. We are pleased to welcome the out of town members who are proving themselves a valuable addition.

A Triangular Moving

Yesterday Alex Hilgenfeldt moved to the Towle place and Otto Rueggue moved from the School place to the Hilgenfeldt farm, while George Scholl moved out to the Scholl farm he purchased from his brother.

WILL ACCEPT RATE DECISION

Western Railroads Will Not Appeal From the Finding of the Commerce Commission.

Chicago, Mar. 2.—Thirty-five Western railroads decided to make no appeal from the recent decision of the Interstate Commerce commission denying the roads the right to increase freight rates. They will accept the decree of the commission as final.

The decision was reached at a meeting of representatives of the roads at the Western Trunk Line association headquarters here. The opinion was advanced by many that the roads would be unable to make any stronger showing before the new commerce court than they had before the commission, and that once the new court had ruled its decree would be binding for two years.

It also was argued that if the roads comply with the decree without objection and withdraw the advanced tariffs before March 10 there will be an opportunity at a later date to submit advances on certain rates, some of which may meet with favor.

CONSIDERING RATE DECISION

Heads of Eastern Railroads Are Divided on the Question of Taking an Appeal.

New York, Mar. 2.—A general meeting of the heads of Eastern railroads is being held in New York to-day to consider the rate decision of the Interstate Commerce commission and to decide what course the railroads shall follow. The principal question is whether or not an appeal shall be taken from the commission's decision. There is a strong feeling among some of the railroad men that a test should be made of the constitutionality of the law under which the commission acted. Other officials are disposed to take no action and considerable uncertainty exists regarding the outcome of the conference.

CHINA NEEDS AID AT ONCE

Gen. Wilder, Consul at Shanghai Asks That \$100,000 Be Cabled for Their Relief.

Washington, Mar. 2.—Gen. Wilder, American consul at Shanghai, cabled to the secretary of state an urgent appeal to the people of the United States for the contribution of \$100,000 more to be sent to the starving Chinese. Mr. Wilder says that amount should be cabled and will be needed before the army transport Buford, now loading at Seattle, can possibly arrive in China with supplies.

Oklahoma Wheat Improved.

Oklahoma City, Ok., Mar. 2.—The state board of agriculture reported the condition of wheat in Oklahoma on February 25 to have been 49.1 per cent, as against 81.8 per cent at the same time last year and 35.4 per cent in January.

If you want to laugh and learn, see Carter, the cartoonist at the Presbyterian church tonight. Fifth number school entertainment course. Joe Miles went to Omaha this afternoon.

ENGLAND WANTS MORE BIG ONES

Imperialists are Demanding 40 Dreadnaughts in Next Six Years to Retain Naval Supremacy.

London, Mar. 2.—Alarmed by the naval activity of Germany and other powers and the agitation among other powers for greater marine armaments, British imperialists are formulating the most imposing program for battleship construction introduced in parliament in a decade.

Despite the grave constitutional crisis and momentous national matters before parliament the imperialists are fully prepared to push vigorously their measures for the construction of perhaps 40 dreadnaughts within the next six years.

The exponents for greater sea power want to give England supremacy even at the expense of \$50,000,000. Leaders in the ranks of the imperialists ask for the letting of the six contracts within the next year, pointing out that both Austria and Russia are enlarging their navies while in the Far East, Japan is building more battleships and China is negotiating contracts.

NEW MEXICO HAS CONSTITUTION

The President is Authorized to Notify the Governor of the Fact by Proclamation.

Washington, Mar. 2.—The New Mexican constitution was ratified in the house by a unanimous vote and amid cheering. The constitution for Arizona, which is also to be admitted to statehood, has not reached the house committee on territories for action and regret was expressed.

Whether the senate finds time to act on the constitution in the legislative committee will make no difference to admission of New Mexico. The president is authorized to notify by proclamation the territorial governor of New Mexico that the constitution has been approved.

In Grand Rapids 25,000 Will Strike.

Grand Rapids, Mich., Mar. 2.—Twenty-five thousand furniture workers are expected to strike on April 1 as the result of the Manufacturers' association's refusal to deal with the union in answer to demands for shorter hours and increased wages.
