The early bird is out these days stirring in the garden, if purchase it may hook an early worm.

All the available teams are busy carting away the winter's accumulation of garbage and waste. The city is being cleaned up as rapidly as the force on the job can do it.

W. J. Bryan seems to have taken on another lease of political life, since his last birthday. A really great and able man dies hard.

All the help that can be gotten is being drafted into the yard work, and the job is being pushed as rapidly as possible. Evidently the contractors are anxious to get it done, and no avoidable delay will be permitted to interfere with its completion.

School house talk is waxing warm and a bit enthusiastic in certain quarters. It's a big subject and can well stand some debating. As there is nothing in the spring election to give spice and snap to the occasion, it can not harm to make the school building question the one around which to rally political enthusiasm.

The democrats are not altogether happy over their newly acquired honors. There are several serious duties attached. And to meet these satisfactorily is causing them to think sober thoughts more than they have been guilty of for some years. Reciprocity, tariff reform, the postal deficit, railroad rates, etc, all take on a different aspect now that they are in power and as a party will be held responsible to the country for results.

Twice within the last five years ha Nebraska occupied the proud position of being the third state in the union as a corn-producing state. The other three years Missouri was third, Illinois and Iowa hold first and second honors respectively. On winter wheat production Nebraska has alternated between second and third place, Kansas leading and Indiana being generally second. Nebraska alternates between fourth and fifth place in the oats column. These are the figures given out by the agricultural department. Corn production by years is as follows: 1906, 249,782,200 bushels; 1907, 179,328,000; 1908, 205,767,000; 1908, 194,660,000; 1910, 206,460,000. Wheat production: 1907, 45,811,000; 1907, 44,295,000; 1909, 49,650,000; 1910, 39,515,000. The man who can comprehend the significance of these figures, which show the tremendous wealth yearly taken from our soil, can understand just how little influence the question of a city or town's excise policy can cut in a business way.

EATING AN APPLE

"Do you know what you are eating?" said the doctor to the girl.

"An apple of course."

"You are eating," said the doctor, albumen, sugar, gum, malic acid, gallic acid, fiber, water and phosphorus."

"I hope these things are good, although they sound alarming."

"Nothing could be better. You ate, I observed, rather too much meat at dinner. The malic acid of apples neutralizes the excess of chalky matter caused by too much meat, and thereby helps to keep you young. Apples are good for your complexion. Their acids drive out the noxious matter which causes skin eruptions. They are good for the brain, which those some noxious matters, if retained, render sluggish. Moreover the acids of the apple diminish the acidity of the stomach that comes with some forms of indigestion. The phosphorus, of which apples contain a larger percentage than any other fruit or vegetable, renews the essential nervous matter of the brain and spinal column. O, the ancients were not wrong when they esteemed the apple the food of the gods—the magic renewer of youth to which the gods resorted when they felt themselves growing old and feeble. I think I'll have an apple," concluded the doctor.—New York Tribune.

Here is a Chance to get this \$55.00

Bridge, Beach & Co. Superior : Cast : Range AT YOUR OWN COST

Fire backs guaranteed to last 5 years for coal 15 years for wood and they last longer. Has the Patented TRIPLEX grate which clears the fire-box of cinders and ashes in two seconds, without dust or noise.

This Range is the result of seventy five years of progressive effort of one of the largest Stove makers in the world. A firm who have always catered to the best trade and never attempted to build a cheap article. They make Stoves and Ranges especially adapted to Wood or coal, which outlasts all others. CALL AND SEE THE RANGE AND PLACE YOUR BID EARLY.

Bloom & Long Hardware Co., Falls City, Nebraska

Cold, damp weather is bad for those subject to Rheumatism. It chills the blood and brings on an attack. Use

Ballard's Snow Liniment

It is a Powerful Preventive, as Well as a Speedy Cure

Rub it in on the parts affected whenever the conditions seem to indicate a spell of this painful ailment. It will warm the joints and ward off the trouble. If the disorder has already commenced, the treatment is the same, the rubbing helps the liniment to penetrate to the seat of pain. The relief is prompt and very satisfying; the aching joints are relieved, the muscles relaxed so that the sufferer feels again the strength and suppleness of youth.

For flesh wounds of all kinds, it is a wonderful remedy. Try it for cuts, burns, bruises, sores, galls, chafed spots, barbed wire cuts, sprains, swellings, frost bites. It cures quickly and completely.

Price 25c, 50c and \$1.00 per Bottle.

JAMES F. BALLARD PROPRIETOR ST. LOUIS, MO.

To cure Smarting Eyeballs, Sore Eyes or Weak Sight, use Stephens Eye Salve.

Scene from the "Third Degree"

TO BE CONVENTION IN MEXICO

It is Rumored That Limantour is to Call One to Discuss Needed Reforms.

El Paso, Tex., Mar. 22.—A national convention in which all Mexico will be represented for the discussion of needed reforms in the government of the republic will be called within a few days by Jose Limantour, the Mexican minister of finance, according to statements made in Juarez official circles. This is believed to be the chief reason for the hurried return of Limantour to Mexico.

A Brother of Madero is Ill.

El Paso, Tex., Mar. 22.—Evaristo Madero, brother of Francisco I. Madero, leader of the Mexican revolution, is seriously ill with pneumonia at Montrey and two doctors have been called to his bedside from San Antonio, Tex., in consultation. The news is being kept from his brother, Francisco.

Indicted 1,775 for Vote Selling.

West Union, O., Mar. 22.—The Adams county election probe, which began December 13, ended for this term of court with the general report of the special grand jury. The report disclosed that 2,148 indictments have been returned against 1,775 persons for vote selling.

Cabinet Meeting Called Off.
Washington, Mar. 22.—Because there were not enough members in Washington the regular cabinet meeting which was to have been held to consider the Mexican situation and the president's forthcoming message to the extra session of congress was called off.

A Typewriter Test That Means Something

Blindfold yourself. Have ten typewriters of different make placed in a row—a Monarch somewhere among them. Try each keyboard in turn. The machine with the lightest touch will be the

MONARCH LIGHT TOUCH.

and you can locate it every time no matter how its position be changed.

Just as the proper tools produce the best work, so does a responsive key action increase the efficiency of a stenographer. It saves her strength. Therefore, she has a better grip on her work, is more accurate, more rapid, gets a greater quantity of work done. There is no "three-o'clock fatigue" where the Monarch is used, and a few days' trial will convince you of this fact.
