THE LORIMER CASE TO COME UP AGAIN

Fresh Evidence Will Compel the Senate to Act.

NEW FACTS AT SPRINGFIELD

It is Expected That it Will Be Shown Who Supplied the Money and Who Took It.

Washington, Mar. 30.—Developments in the Lorimer investigation before the Illinois legislative committee seem to make for a verification of the predictions before the last session of the senate adjourned that the Lorimer case will be reopened in Washington. All that is necessary to accomplish this is the ability to show that new and vital evidence has been obtained and of this, those who have been watching developments at Springfield say there no longer is any doubt.

During the closing days of the debate the charges were made that the committee on privileges and elections had not been zealous to get all the evidence obtainable and the strong intimation was that the purpose of that committee had been to whitewash Lorimer. Had the case gone over to the session about to convene, the result would have been the vacation of the seat and not the so-called vindication of the Illinois senator.

A New Move to Oust.

It became known that immediately following the convening of the senate a resolution almost identical in terms with that of Senator Beveridge will be re-offered and the fight to oust Lorimer will be renewed. Even Lorimer's friends admitted that his case was not res adjudicata and the action of the senate in voting down the Beveridge resolution did not preclude further efforts to present the question to the consideration of the senate.

"We expect" said a senator who was prominent in the fight to vacate the seat of Lorimer, "that within the next few days specific testimony will be produced at Springfield, showing who supplied the Lorimer money at the Illinois capital, who took it to Springfield and supplying a much longer and more specific list of the men who took their share of that money that resulted in Lorimer's election. As a matter of fact these matters became clearly known during the closing days of the senate discussion but it was impossible at that time to obtain the legal proof. There was one well known citizen of Chicago who believed he might suddenly be called to Washington and that citizen had his baggage packed and was ready to skip to Canada. Instant he received word that he might be called.

Woodmen to Excelsior Springs. St. Joseph, Mar. 30.—Excelsior Springs was selected by the Woodmen of the World as the meeting place for the biennial state convention in 1913. The Missouri delegation to the national gathering of the fraternity at Rochester, N. Y., in May next was instructed to vote and work for the re-election of the present national officers.

New Hampshire Likes the Old Way. Concord, N. H., Mar. 30.—The resolution calling for a constitutional convention to revise the federal constitution so as to enable the election of United States senators by direct vote of the people was defeated on a tie vote by the New Hampshire senate.

A Big Job for One Nurse. Columbia, Mo., Mar. 30.—The local charitable societies have engaged Miss Edith Haines, a trained nurse, to devote her entire time to stamping out tuberculosis in Columbia's population. There are more than 800 negroes in the town and it is estimated that one-third of them are afflicted with the white plague.

FRANK BURT GOES NOT TO PRISON

The Chief of Police Who Protected Wichita Bandits Has Had His Sentence Commuted.

Wichita, Kan., Mar. 25.—Frank S. Burt's statement that he had been told he never would have to serve a prison term for his complicity in the traffic in stolen postage stamps was verified here when United States Marshal Mackey announced that Attorney General Wickersham had decided to commute Burt's sentence of 15 months imprisonment for the service the ex-police chief rendered in helping break up the traffic in stolen stamps. The fine of \$1,000 imposed against Burt will be paid by him.
