Time Will Square All Things

One of the railroad officials in talking to a business man of this city said that when the prices of buildings had become lowered and rents had been adjusted to a reasonable basis and Falls City had gotten over her boom more of the people would move from Atchison, until then, they would remain where they were.

Miss McDonald Ill.

The many friends of Miss Minnie McDonald will be sorry to learn that she is detained in Omaha at the home of her nephew on account of illness. She has been ill for some time and was given permission a week ago Tuesday to leave for Omaha and recuperate, but she did not take advantage of this liberty until Friday morning when she left for that place. She had not been heard from until yesterday afternoon when telephone communications were exchanged by her nephew and Supt. Wood. It is hoped that she will be able to return in about a week and resume her duties, which her assistant, Miss Ethyl Bohrer has carried on so well during her absence.

TRADE MORAL—The quality of what you have to sell is known to some people all of the time and all of the people some of the time, but advertise regularly with us and you'll reach all of the people all of the time.

How To Stop A Stubborn Cough

We don't mean just stop the irritation in your throat—but cure the underlying cause.

Cough syrups cannot do this. It takes a constitutional tonic body builder to do the work properly—and cure you to stay cured. Vinol is the remedy you need.

HERE IS PROOF

Mrs. Minnie Osgood, of Glens Falls, N. Y., writes: "After trying several remedies for a bad cough and cold without benefit, I was asked to try Vinol. It worked like magic. It cured my cold and cough and I gained in health and strength. I consider Vinol the most wonderful tonic and invigorator I ever saw."

If we cannot stop that cough with VINOL—our delicious cod liver and iron tonic—which is made without oil—we will not charge you a cent for the medicine you buy. This seems like a pretty fair proposition—and ought to be accepted. Don't you think so? With this understanding we ask you to try a bottle of VINOL.

AUTOMOBILE ACCIDENT

ONE MAN KILLED AND THREE INJURED

Driver Lost Control Of Car Going At High Speed—F. Kimball Killed

Beatrice, April 12—Frank Kimball, proprietor of the laundry here, was killed and three companions injured in an automobile accident three miles south of Beatrice at 4 p. m. today. Kimball was driving a new car at a high rate of speed and when the machine struck a culvert, he lost control of it. The car ran against a bank and rolled over twice alighting right side up facing in the direction from which it had come. It is believed that Kimball was caught in the steering gear. His skull was crushed and the body was found lying fifty yards away in the road.

E. P. Mumford and Walter W. Meyers, two occupants of the car were pinned beneath it while A. M. Levelle, the fourth passenger was thrown clear of the wreckage. Mumford's injuries may prove fatal, while the other injured man will recover.

Kimball leaves a wife and one daughter. It is not yet known whether an inquest will be held. Mr. Kimball is a nephew of Mrs. F. A. Knight of this city. Ward Knight went to Beatrice today to attend the funeral of his cousin.

KENNETH CURRAN

That Singer—Will sing tonight.

Good Friday Services

Tomorrow at half past ten there will be preaching at the Evangelical church, to which we invite the German people that do not worship elsewhere. The day that commemorates the death of Christ should be held in loving remembrance by all Christian people. We think it is fitting to the day, that annually with appropriate services this the world's greatest event be observed. The Evangelical church has ever felt it a duty to set this day apart as holy, and for her people in a special manner remember Him who died on this day to save a world in sin.—J. R. Nanninga.

Sunnyslope Kensington

Mrs. H. E. Will entertained the S. S. Kensington Wednesday afternoon, April 12. Although the weather was disagreeable, there was a good attendance. Mrs. A. Knisley and daughter Nellie and Mrs. Will Flowers were guests of the club. Music, conversation, an interesting guessing game made the time pass all too quickly. Dainty refreshments were served by the hostess. The next meeting will be held at the home of Mrs. Bahr.

Kenneth Curran, that singer at the Electric Theater tonight.

Presbyterian Notes

Well, the meetings of Presbytery for which we have looked and worked have come and gone. It means much to care for about sixty people in our homes when the city is as full of people as it is at this time, sending the different types of men to homes which will be congenial to them, and avoiding friction at all points as we did this week. I want to take this opportunity and method of expressing my deep sense of obligation to all our people who worked so harmoniously and faithfully to make the visit of these visitors such a success as it was acknowledged to be on all hands.

I am especially grateful to the families who so kindly volunteered help in the entertaining. It was found to be impossible to accept nearly all the kind invitations of friends outside the communion of our own church to send delegates to their homes, none the less we express our sincere thanks to them. We had to send only a very few men outside our own families.

The great Easter Festival will be in mind next Sabbath day in the services of the church. We will begin the day with the Bible school at 9:45 when we will again try for punctuality and still further increased attendance. Then the pastor will preach in the morning on "The Resurrection Morn." A particular treat has been promised in the way of a solo for morning offertory and we invite our friends to enjoy it.

This Easter thought will run through all the work of the day, and the Y. P. S. C. E. at night will lay emphasis upon it. An organ recital will be given for ten minutes preceding the opening of the evening service, this to be followed by favorite hymns and a sermon.

Let us boost for our church as well as boost for the city, by attending all her services, and securing the attendance of all our friends. The welcome is still waiting.—R. Cooper Bailey, Pastor.

THE GREAT CANAL MUST GROW

A French Engineer Thinks Present Plans Only a Step in the Right Direction.

New York, April 13.—Philippe Bunau-Varilla, the French engineer, who was at one time in charge of the Panama canal and acted as the first minister from the Republic of Panama to this country, is in New York. M. Bunau-Varilla still believes in the "Straits of Panama," in other words a wide, deep, sea level channel from ocean to ocean.

"But it will be a source of immense satisfaction to me to see the canal finished, even along the lines at present planned," he says. "I am still confident, however, that the 'Straits of Panama' will come. The present phase of the locks is the first step. There will be a time when the canal is a perfectly level highway 500 feet wide at the bottom and 50 feet deep at the lowest tide. So much larger all the time are ships being built that the time will come, within ten years, when the need will arise for the sea level canal."

Popular Election Bill Ready.

Washington, April 13.—A bill providing for popular election of United States senators will be reported to the house today and placed on its passage. Discussion, it is believed, will not be prolonged and Democratic leaders expect the bill will be rushed through among the first of the party measures.

Representative Mitchell Ill.

Topeka, April 13.—A telegram from Washington said that A. C. Mitchell, representative from the Second district, was very low, and that death might be expected at any time. Mr. Mitchell is suffering from ulcers of the stomach and was only able to attend the opening session of congress.

Snowballs Saved the Town.

Seattle, Wash., April 13.—While more than 20 business buildings were destroyed in the recent fire which wiped out the business section of Fairview, Alaska, there is no food famine, as nearly all of the stocks of supplies in the stores were removed to places of safety. The fire took place in a heavy snowstorm, and the town being without a fire department, residents fought the flames with snow.

Fight on Telephone Bill.

Assertions that the telephone lobby has spent large sums of money and has been exerting undue influence to force through the merger bills were made to the governor when he gave a hearing to members of the house on the merger bill which finally passed, introduced by Minor of Lancaster. There were several of these merger bills listed, all of them giving the regulation of telephone companies into the hands of the state railway commission by defining them as common carriers and providing for a physical connection between the exchanges of competing companies. The Minor bill had the provision allowing mergers between Bell and Independent companies stricken out when the bill was passed and sent to the senate, but the senate put it back again and sent the bill over for concurrence. The sentiment in the house seemed to have been changed in the meantime and the bill as amended went through. Grossman of Douglas, Harrington of Rock and others asserted to the governor that the bill got through as a result of pernicious lobbying. Kotouc of Richardson and others urged the governor to sign the bill, giving as their reason the fact that telephone companies are not naturally capable of giving good service when they are competing in the same territory and that the railway commission should be trusted to see that mergers were made only for the good of consumers.

Telegrams have been arriving at the governor's office from all over the state urging both sides of the question. The governor announced no decision and will take the bill under advisement.

Governor Aldrich will not give his decision upon the appropriation of \$100,000 for the medical department of the state to be spent in Omaha until he has given both sides a hearing.

Hobart Is Named.

The first appointment by the governor under a bill passed by the present legislature was announced by Governor Aldrich. He has designated R. W. Hobart of Mitchell to be judge of the new Seventeenth district, comprising Scott's Bluff, Banner, Morrill and Garden counties. Mr. Hobart is at present county attorney at Scott's Bluff.

PAROLE MAY BE REVOKED

Right of Governor to Exercise Discretion Upheld.

Lincoln, April 10.—The right of the governor of Nebraska to unconditionally revoke a parole granted to a convict at the state penitentiary was upheld Saturday in the district court by Judge Albert J. Cornish in the habeas corpus proceedings brought by John C. Owen.

Owen is a convict at the penitentiary and was paroled by Governor Shallenberger. Without a hearing the parole was revoked and Owen committed to the penitentiary again without any reason being assigned for the revocation of the parole.
