P. H. Hermes

Surgeons have been doing very well in spite of the prejudice against the knife. It is said that fully half the women who visit public bath houses show scars to the women attendants.

Providing you studied it, how much have you ever been able to realize on your knowledge of Latin.

MAN IS FINED \$300 ON GIRL'S COMPLAINT.

Kansas City, June 1.—Bruce Anderson was fined \$300 today in the Kansas City, Kas., police court for molesting Myrtle Nash, 13 years old, and a state warrant now is asked, charging him with attacking the girl.

Mrs. Maggie Huhn caused the arrest of Albertson. She saw him at Fourth street and Miami avenue, Armourdale, last night, apparently forcibly dragging the Nash girl by the arm. Mrs. Huhn thought she recognized in Albertson the man who had insulted her sister more than a year ago.

Albertson moved away, arguing with the girl. Mrs. Huhn followed the pair. When—out of sight of the crowd, Mrs. Huhn said, Albertson seized the girl by the wrist and compelled her to accompany him. He pushed her before him up a dark stairway of a house at Fourth street and Kansas avenue.

Then Mrs. Huhn ran to No. 3 police station, seven blocks away, and summoned a policeman. When they arrived at the house to which Mrs. Huhn had tracked Albertson, the girl was just leaving the place, and was crying bitterly. Albertson was arrested.

Kensington.

Mrs. R. A. Dittmar entertained about one hundred ladies yesterday at an Episcopalian Kensington. A very interesting talk was given by Mrs. Emma Boose Tucker on "The New China," with maps and books and pictures to explain it. Miss Wheeler gave several delightful piano solos.

Mr. Rea made the latter part of the afternoon a delight to all with his music. He played several beautiful pieces on the phonograph and then played the phonograph and piano together, but the most delightful of all were his piano solos. Mr. Rea does not read a note but he is a genius at the piano and his selections are mostly of his own composition. When he had finished he was given a rising vote of thanks by all the ladies.

Delicious ice cream and cake were served by the hostess, assisted by her daughter, Celia, and several of her friends.

JOHN TUCKER MARCHED ALONG THE STREETS OF VALENTINE FROM FADDIS HOME TO JAIL.

Valentine, Neb., May 31.—John Tucker, county attorney of Cherry county, was caught with Mrs. R. M. Faddis in her sleeping apartments at 2 o'clock this morning by Mr. Faddis, Dave Hancock and a Kansas City detective who, with Mr. Hancock, has been working on the case for some time.

R. M. Faddis is the most prominent stockman of Cherry county and was supposed to be in Montana on business.

Tucker was placed under arrest at the point of a 45 Colt's and marched to the court house bareheaded and scantily dressed.

Several Valentine people were called to witness the scene and Tucker's clothing was kept by the sheriff as evidence.

WAS SHOT BY REBEL FIRING SQUAD.

San Diego, Cal., May 31.—Captain Tony Vegas, of the rebel forces at Tijuana, who shot and killed a Mexican named Pachicho during a row, was taken out and executed by a rebel firing squad soon after sunrise today.

CRIMINAL AGAINST TRUSTS

RECENT DECISIONS OF THE SUPREME COURT SUGGEST THIS COURSE.

Washington, D. C., May 31.—The recent decisions of the supreme court in the Standard Oil and American Tobacco cases will result in a sweeping attempt to secure criminal conviction of violators of the anti-trust law, according to Attorney General Wickersham, who appeared today before the house committee on expenditures in the department of justice.

EXECUTION OF SIX HUNDRED MILLION MORTGAGE ON HILL SYSTEM ANNOUNCED.

St. Paul, Minn., May 31.—A move that is strongly suggestive here of a railroad operations on the scale of the Northern Securities company was announced by J. J. Hill, chairman of the Great Northern railway company, today when in a type written statement he announced the execution of a \$600,000,000 first and refunding mortgage to secure bonds for the Great Northern and Chicago, Burlington & Quincy railroads.

New Hose for Fire Department.

The city has purchased a new 1022½ and 500 feet of hose for the fire department. The new hose is of canvas and much better than the old hose. The fire department had their possessions, of which they are quite proud, out on main street last evening testing it and it worked fine.

They already had 1500 feet of hose and this makes 1800. This will give them a better chance to reach the fires of which we, unfortunately seem to be having a great many lately.

Devoting more time to your lawn and less to your club is one method of improving the standard of citizenship without any brass band accompaniment.

NOTICE

If you have had notice to clean up the manure, ashes and trash around your place and you have not complied with that request, don't blame anybody but yourself if some day you are wanted in the police court.

Again, if you are an owner or driver of an automobile and you are not complying with the laws of this state and the ordinances of this city in regard to speed, lights and numbers on your car and careless driving, don't be mad when the Chief of Police asks you to ride with him to see Judge Spragins.

And then again, if you have stock running loose in the city or you are staking out your stock on streets and alleys of the city, you are violating the city ordinances and may expect to go to see the court that will make it cost you \$9.80.

Furthermore, if you have dogs that are bothering your neighbors, please remember that you will have to muzzle your dogs or keep them tied up.

Now do any of these mean you or your friends? If they do mean you, I ask you to do what is right and save the police from the trouble of calling on you to answer any of the above charges.

W. S. Leyda, Mayor.

ATCHISON GLOBESIGHTS

Atchison's white man's hope made a new record the other day; he lifted a mortgage on his new home.

An Atchison sign painter, who occupies an upstairs room on Commercial street, has no sign out.

It seems to be over now, but the backbone of the recent winter made some record for durability.

In the average Kansas town a whiskey drummer is spotted the minute he steps off the 7:38 passenger.

An Atchison woman was talking yesterday of "Atchison's idle rich." What do you think of that?

What has become of the old-fashioned penman who drew a bird with a flourish for every feather.

Although a boy doesn't like to go to school very well, he would rather take a cold lunch than to come home at noon and get a warm dinner.

"That man is so greedy," said Count McGowan today, "that he would cross hell on a rotten rail for a dime."

The henpecked men whose wives wouldn't let them put on light underwear yesterday are acting superior today.

"If you don't squib me in connection with it," said a Missourian to a reporter today, "I can give you an item."

Count McGowan was in Atchison this morning. "I'm going up to the quarthouse to pay my taxes," he told a reporter.

Nearly every boy grows up nursing the unsatisfied hope of some day finding a bee tree and getting a lot of free honey.

"I am on the 'rip' track with the grip," said a brakeman today. "Grip's that stuff you have three months after you're well."

A new postcard, entitled "A Feature We Hadn't Thought Of," was evidently never intended to go through the mails.

After all, there are so many things that money can't buy.

A
