TRAIN WRECK NEAR INDIANOLA

FOURTEEN KILLED WHEN TRAINS MET IN COLLISION.

McCook, Neb., May 29.—Two Burlington trains met head-on two miles west of Indianola at 7:10 this morning and fourteen are dead and twenty-two are injured as a result. Physicians say the death list will be increased. Passenger trains Nos. 9 and 12 are carded to meet at Red Willow. No. 9 was a few minutes late and No. 12, eastbound is a superior train. It is said that orders should have been issued at McCook for No. 9 to meet No. 12 at Red Willow and that they were not issued. No. 12 did not wait, passing Red Willow practically on time. Two miles west of Indianola, near a curve and in a fog, the two passenger trains, running perhaps fifty miles an hour, met. Lives snuffed out, passengers and employees maimed and a mass of demolished equipment piled high, resulted. Where the blame lies no one here will say at this time. That will be decided later on. Four engineers, who were in charge of the opposing trains, are dead, and their story will never be heard.

Grand Changes Hands

From Tuesday's Daily.
The Grand Theatre was sold last night by Lewis & Michaels to Mr. Rex Oliver of this city. Mr. Oliver is an energetic young business man with lots of hustle to him and will undoubtedly be able to give the patrons of the Grand the best there is in the moving picture line.

WOOL BILL READY FOR CAUCUS

SENATE WILL INVESTIGATE THE STEEL AND SUGAR TRUSTS.

Washington, May 28.—Investigations of the steel and sugar trusts, and the expenditures and methods of government departments will comprise the activities of the house of representatives early this week. With the democratic wool tariff bill promised for Friday, the house will hold no important sessions until then and investigating committees will have opportunity to push important inquiries. The Lorimer case probably will come to a vote in the senate Monday as to the method to be adopted in making another investigation. The La Follette resolution to name a special committee and the Martin and the Dillingham substitutes leaving the inquiry to the regular senate committee on privileges and elections, are before that body for further debate tomorrow.

The steel trust inquiry will be resumed Tuesday with important witnesses, E. H. Garry of the United States steel corporation being one of these summoned. The sugar trust committee will meet Thursday to take up its work.

The committees to investigate the department of justice and the department of commerce and labor are to meet tomorrow, while the committee investigating the postoffice department also will continue its sessions.

At the house end of the capitol there will be no rally of democrats until Thursday when the wool tariff comes before the full democratic caucus. This is expected to be the first note of hard fighting that is to follow on the revision of the wool schedule.

HOTEL AT BRUSH, COLORADO, BURNS AND MANY ARE HURT

Brush, Colo., May 27.—Prof. C. N. Anderson of the State Normal school at Kearney, Neb., was perhaps fatally injured at 1:30 o'clock this morning when he jumped from a second story window in the Southern hotel, which was destroyed by fire.

C. E. George, traveling representative of the Sandwich Manufacturing company of Council Bluffs, and E. E. Otto of Omaha traveling salesman of the Omaha Oil company, who were guests at the hotel, were also injured by leaping from second story windows to escape being burned alive, or suffocated.

Otto broke an ankle. After reaching safety, George dashed back into the hotel to get his wallet containing a large sum of money, which he had left under his pillow. He was burned about the head, face and hands.

Mr. and Mrs. George Weller of Nebraska escaped by way of the stairs, but were forced to pass through the office where the fire started.

Mrs. Weller had all of the hair on her head burned off and she was also burned about the face and hands. The couple are on a honeymoon.

FOUND GUILTY OF HERESY

Presbyterian General Assembly Convicts and Suspends Dr. Grant.

Atlantic City, N. J., May 26.—The Rev. Dr. William D. Grant of Northumberland, Pa., has been found guilty of heresy by the commission which heard the charges against him. The commission reported its findings to the Presbyterian general assembly this morning.

The commission found that Dr. Grant "taught doctrines contrary to the word of God in the Bible and the Presbyterian confession of faith."

He is held to be guilty under the rules of the Presbyterian board of discipline, and the commission suspended from exercising the functions of a minister of the Presbyterian church until such time as he can convince his own presbytery, that of Northumberland, that he has renounced the errors he has been found to hold and to satisfy the presbytery of his purpose to no longer teach them.

A month to adopt the report and confirm the judgment of the commission was put to a vote in the assembly and was carried overwhelmingly without debate. There were only a few scattered "noes."

AEROPLANES ARE OFF ON BIG FLIGHT

START MADE ON THE PARIS TO TURN CONTEST.

Paris, May 28.—Profiting by the lessons of last week's catastrophe, when at the start of the Paris-to-Madrid race M. Berteaux the minister of war, was killed and Premier Monis badly injured, the organizers of the second great air contest, from Paris to Turin, sent the competitors away with record speed and decision today.

Not the slightest mishap marred the occasion.

The weather was perfect. 12 out of the twenty-one competitors were out for the start when the signal bomb was fired at 6 o'clock this morning. The machine were sent off in rapid succession, ten leaving within a few minutes and the entire number being away by 7 o'clock.

The remaining nine entrants, including Pierre Vedrine, the Frenchman who won the Paris-to-Madrid race, will start tomorrow or Tuesday. Vedrine is now on his way back to Paris, having left Madrid tonight.

The first to cross the line was Roland Garros, who after making many plucky efforts to finish in the Paris-to-Madrid flight, was forced by mishaps to abandon the race. Garros drove a monoplane. He was followed by Andre Beaumont, who rapidly overtook Garros and arrived first at Dijon, the initial recording station of the long journey.

CLAIMS OLD LAWS WORN OUT

COLONEL ROOSEVELT MADE SPEECH AT NEWARK, N.J. TO LARGE CROWD

Newark, N. J., May 30.—Theodore Roosevelt was the principal speaker here today at the unveiling of a bronze statue by Gutzeon Borglum of Abraham Lincoln. The statue is one of the largest ever cast in a single piece and represents Lincoln sitting at a long, low bench, half reclining on his right hand in deep thought.

Colonel Roosevelt in his address declared the laws of the land outworn.

"They were excellent laws for the flint lock period," he asserted, "but they do not apply to the present day conditions. The laws must keep up with changed conditions, retaining the spirit of liberty and justice, curbing the greed of the conscienceless rich and banishing anarchy."

Touching on peace by arbitration, he expressed his favor for it, but only in case righteousness prevailed. Peace without righteousness would be intolerable, he said.

"It is our business," he also declared, "to help the wage-earner, and it is our business to put a stop to murderous violence, even if it is indulged in nominally to achieve those ends."

Kansan Kidnaps His Own Wife.

Winfield, Kas., May 29.—Harry Stitt, manager of Woolworth's novelty store, who is alleged to have compelled Mildred Milligan to marry him last Saturday night under a threat to kill her and himself, drove up to her father's home tonight in an auto, accompanied by two other men, and after a fruitless effort to persuade her to go with him, it is alleged, the three men seized the girl, placed her in the car and drove away.

J. P. Milligan, father of the girl, armed with a rifle, arrived just as the men took hold of his daughter to place her in the auto mobile, but Stitt covered him with a cocked revolver and threatened to kill them all and himself if Milligan did anything to prevent him from carrying the girl away. It is claimed by the members of the Milligan family that Stitt has the former Miss Milligan hypnotized. They had not lived together since they were married, and it is thought the fear that she was going to commence proceedings for a divorce caused him to kidnap her.

When he appeared at the house and asked her to go with him she is said to have replied:

"No Harry; we've done wrong and now I am going to do what I can to make it right."

Stitt then drew his revolver, it is alleged, cocked it and told the men with him to seize and put her in the car. When last heard of the automobile was traveling at a rapid rate five miles west, evidently headed for Wellington Milligan, it is asserted, declares he will kill Stitt when he finds him.

Hannah and Matilla Johnson of Nebraska City stopped in town Saturday on their way to Auburn.

Mr. and Mrs. H. M. Parthen of Helena, Montana are coming here this evening to make an extended visit with relatives in the city.

ONE MECHANICIAN KILLED AND DRIVER FATALLY HURT IN RACE.

The race in a Mitchell-Starters, 40. Distance, 500 miles. The length of track, 2 one-half miles. Laps to finish, 200. Estimated time duration 6 2-3 hours. Total prize, \$40,000. Cash to winner, \$10,000. Estimated attendance, 85,000.

Speedway, Indianapolis, Ind., May 30.—Ray Harroun, driving a Marmon car, won the 500 mile race today in 6 hours 41 minutes and 8 seconds. Bruce Brown (Flat) was second and Mulford (Lozier) third, Spencer Wishart (Mercedes) finished fourth, Ralph DePalma (Simplex) fifth, Charles Merse (National) sixth, W. H. Turner (Amplex) seventh, Harry Cobe (Jackson) eighth, Fred Belcher (Wnox) ninth, and Hughie Hughes (Mercer) tenth.

The first accident of the 500 mile Indianapolis speedway race occurred on the back stretch of the track, when an Amplex car driven by Arthur Greiner of Chicago, blew a tire, the car leaving the track, killing S. P. Dickson, the mechanic, and perhaps fatally injuring Greiner.

Greiner had driven only 30 miles in the race when the accident occurred. He was taken to the field hospital, where physicians say his injuries are fatal.

SUPREME COURTS RULE OF REASON ACCEPTED AS FINAL.

Washington, May 30.—That the government means to formulate its anti-trust policies in accordance with the "rule of reason" as laid down by the supreme court in the Standard Oil and tobacco trust decisions, notwithstanding the vigorous dissents of Associate Justice Harlan and the many bills introduced in the senate to amend the Sherman anti-trust law was made evident today.

Administration officials, after a day's consideration and study of the tobacco decision and a thorough comparison with the Standard Oil decision, are agreed that the "rule of reason" is no new feature of the supreme court's interpretation of law, and one member of the cabinet, whose views have always been regarded as reflecting those of the administration, made a comprehensive statement to that effect. The statement was attributed to "an official close to the administration."

UPRISING AT CHOLULA 40 PERSONS ARE KILLED

Mob Burning Town and Is Feared Pebla May Be Attacked.

Puebla, Mex., May 30.—An uprising which resulted in the killing of forty persons and the sack of stores, government offices, and private homes occurred last night at Cholula, a town with a population of about 10,000, eight miles from this city. The rebels set fire to the town, which is threatened with destruction.

Mob rule prevails at Cholula, and it is feared that Puebla may be attacked.

Schuyler, Neb., May 30.—A little boy, named Dannie Van Housen, was fatally injured here Tuesday evening as the result of toppling over with a saloon bar while playing on it. The carpenters were installing the bar in a new saloon building and the little lad was playing on it before it was fastened to the floor. The bar fell on the child's breast, hurting him internally. Dr. Evans of Columbus was called. The boy died Sunday night.
