Brides are falling on hard times and stern advisers. One matrimonial expert denounces their tendency to keep their husband's love by making themselves beautiful, and another declares that to make their homes happy they must learn to cook. But it is doubtful if the up-to-date brides will heed such advice. They are beginning to believe that women ought to have some of the fun which is going on on the earth.

TWO KILLED IN TORNADO

PEKIN, ILLINOIS IS VISITED BY A TWISTER.

Peoria, Ill., May 28—A tornado struck Pekin, Ill., ten miles south of this city, at 1 o'clock this afternoon, killing two people and causing property damage that will amount to thousands of dollars.

The dead—Clyde Sakers, aged fourteen. Frank Woodley, aged fifteen. Seriously injured: Louis Schaefer, aged twenty-one, both legs broken.

The storm came from the south west. The pumping station on the opposite bank of the Illinois river was the first struck by the storm and was completely destroyed.

The storm then jumped across the Illinois river and the plants of the Boley Ice Company were completely destroyed.

Trees were uprooted, roofs tore off from houses and plate glass windows smashed in the business section of Pekin. The storm followed the river and the residence part of the city escaped.

Wire communication of all kind is completely at a standstill.

St. Louis, May 28—A storm that almost attained the dimensions of a tornado in parts of this city this afternoon wrought considerable damage to residences and in the parks.

A physician, Dr. J. J. Meredith, who sought shelter under a tree during the height of the storm in the west end, was denuded by a bolt of lightning, though he was practically unharmed.

Among the places damaged by lightning was the King's Highway Presbyterian church.

GILBERT FIGHTS BIRD WITH REVOLVER. IS FORCED TO DESCEND

Madrid, May 25.—Misfortune met all of three aviators on the flight to the Spanish capital from San Sebastian which is the most difficult stage of the Paris to Madrid race. All, however, are reported this afternoon to be heroically trying to continue the flight toward this city.

Gilbert left San Sebastian at 6:28 o'clock this morning. When about eighteen miles from Victoria, it is reported that he was attacked by an eagle, and was forced to defend himself by shooting at the bird with his revolver. Gilbert landed abruptly at Olazagutia, about forty miles from San Sebastian, but was nothurt.

Vedrine landed at Quintanapalla about 140 miles north of Madrid. On landing he met with a slight accident and sought help in repairing his machine.

Garros' motor failed when he was seven miles outside of San Sebastian and he was forced to descend at Usurbil. The aviator made an effort to repair the deranged motor.

The distance between San Sebastian and Madrid is 428 kilometers, about 266 miles.

TWO WOMEN BADLY HURT IN RUNAWAY.

South Omaha, May 26.—Mrs. Mary Taylor, aged 65 years, suffered a broken right arm and nose and was internally injured, and Mrs. C. J. Jarrett, her cousin, was badly bruised when thrown from their carriage in a runaway accident this morning at Madison street, near the Rock Island depot.

The horse became frightened at a passing train and bolted. Half block had been traversed when in some manner the vehicle was overturned. Both women were hurled to the pavement.

Mrs. Taylor is said to be in a critical condition. She was attended by Dr. R. E. Schindel. Both Mrs. Taylor and Mrs. Jarrett live in Sarpy county and were taken to their homes.

SHAMMING COSTS BOY'S LIFE.

Wichita Lad Who Called in Fun for Help Is Allowed to Drown—Wichita, Kas., May 25.—Ora Richardson, 13 years old, a charge at the Kansas Masonic home, was drowned in the Arkansas river here today. The boy, who could not swim, waded out into the river and fell into a hole made by a sand pump.

Several boys from the home got permission to go out for an afternoon's vacation and were wading around in the shallow water. Richardson pretended he was drowning and cried for help several times in fun and when he fell into the hole and cried in earnest several larger boys who were swimming thought he was still shamming and did not go to his rescue.

The boy had been living at the Masonic home six years. His parents formerly lived at Great Bend, where they both died. He has a sister, Cora Y. Richardson, 16 years old, also at the home. Another is at Clearwater and two live at Ellsworth. They have been notified of the boy's death.

ADMITS FOUR BURGLARIES.

Negro Arrested in Act Says His Pal Got Away.

Kansas City, Mo., May 26.—Harry Duncan, the negro who was arrested by Motorcycle Patrolman Arthur Leopold, while he was trying to break into the home of Mrs. Ada Martin, 3002 Forest avenue, Tuesday night, admitted yesterday that he was trying to rob the house with the assistance of another man who was armed with a revolver, but who escaped. He also said he had robbed four different houses within the past three months.

DOMINGUEZ TAKES POSITION AT HEAD OF THE NEW GOVERNMENT

Mexico City, May 25.—President Diaz, in a letter received by the chamber of deputies, resigned the presidency of the republic of Mexico and at 4:54 o'clock the acceptance of the resignation by the deputies was announced. Every one had expected an uproar and demonstration when the announcement was made, but in the chamber the words announcing the event were followed by silence. The deputies seemed awed by what had taken place. In the streets, however, black with people, every street leading to the hall being blocked, news that Diaz was at last no more the president was the signal for wild shouting and manifestations. There was no violence and no destruction of property.

On the motion to accept the president's resignation 167 deputies voted aye, while two of them did not express themselves. They were Benito Juarez, a descendant of President Juarez, and Concepcion Del Valle. As their names were called the legislature arose and bowed their affirmation. In similar fashion the resignation of Vice President Ramon Corral, now in France, was unanimously accepted and similarly Francisco Leon de la Barra, late ambassador to Washington, was chosen provisional president. The latter will take the oath of office at noon tomorrow in the yellow parlor of the national palace.

Of scarcely less interest in the popular mind was the practical assumption of military control of the federal district by Alfredo Robles Dominguez, Madero's personal representative.

Personally Dominguez commands only a small body of local rebels, but the federal garrison is under orders to make no move whatsoever without securing his approval. Senor Dominguez stated he can bring 5,000 organized rebel troops into the city within three hours. Their baggage and horses are aboard trains furnished by the government at Cuernavaca, Pachuca and Talnepantla. He stated that they will remain at their present stations until they should be needed in this city to control the situation.

BULLET BOUNCED OFF HEAD

Mary McDonald, Negress, Is Armor Proof Against Fusillade.

Kansas City, Kas., May 25.—A bullet that struck Mary McDonald, a negro, 1123 North Third street, Kansas City, Kas., when five shots were fired at her at Sixth and Locust streets last night, bounced off her head, inflicting only a slight scalp wound. Jealousy was the cause of the shooting.

STRANGER GRABS WATCH.

Kansas City, Mo., May 26.—Warren D. Maloon, 82 South Seventeenth street, Kansas City, Kas., returned home from this side of the state line last night without his new \$100 watch. At Ninth and May streets when he took the timepiece out of his pocket to see what time it was someone grabbed it and escaped in the crowd. He reported the matter to the police. He said the watch was set with small diamonds.
