City Council is Again Meeting at Earlier Hour

Meetings Change to 7:30 p. m.—Hear Reports and Have Much Business to Discuss.

From Tuesday's Daily—
The city council last evening started their session under the fall and winter schedule of opening at 7:30 instead of 8 p. m., with a full house of the members in attendance.

The monthly reports of the various officers were read and referred to, the proper committees for their action. City Treasurer M. D. Brown reported that there was \$11,493.30 in the treasury and deposited at the Plattsmouth State bank; City Clerk Albert Olson reported a busy month and the sum of \$593.99 as collected and turned over to the treasurer. Chief of Police Barclay reported no arrests for September and Judge Graves also no business in police court.

The city received an official letter of appreciation from the King Korn Carnival committee.

The application was filed with the council by the Packard Bowling association, Herbert Stroud, manager, asking permission to operate duck pin alleys in the Anheuser-Busch building at Fourth and Main streets. This was granted and the license fee set at \$50.

A communication was received from the Fairbanks-Morse representatives in Omaha relative to the repair of the city scales, the letter stating that the scales had been inspected and the company would repair the same for the sum of in the neighborhood of \$150, the city to transport the scales to Omaha. This

so much so that she was allowed to return home. Mr. Beins went to Kearney last Sunday and finding the wife in such good condition was allowed to bring her home. James Hoschar and brother, Joseph Hoehar also were out to Kearney where they went to visit their sister, Mrs. Isaac Addyman who has been at the institution for several months. They found the sister greatly improved and also visited another sister, Mrs. Leslie Potts who is also a patient there, Mr. Potts being employed in Nebraska City. Mrs. Potts was also showing improvement.

Oyster Stew Held at Lewiston
An oyster stew was held Friday evening for those helping with the Korn Carnival float.

Each brought a discarded gift, which was used for the Bingo game, and created much fun for the crowd. Everyone had a good time and looking forward to making a float for next year's Carnival.

Those attending were Mr. and Mrs. Dale Topfiff, Mr. and Mrs. Glen Thompson and daughter Rose Marie, Mr. and Mrs. John Hobscheidt, George and Henry, Mr. and Mrs. A. T. Hansen and Rollen, Margaret Moore, Mrs. Ezra Albin and Raymond, Mrs. Will Cook, Sidney and Clyde, Mr. and Mrs. Oliver Meisinger, Mr. and Mrs. Raymond Creamer, Mr. and Mrs. Elwood Snodgrass and children, Mr. and Mrs. Ray Becker of Plattsmouth.

led to considerable discussion and the unanimous sentiment was that the cost was excessive and not warranted by the amount of business handled at the scale and from which the city derived little revenue. A year ago the city had the opportunity of placing the handling of the scales in private hands with the revenue to go to the city, but this was rejected and now the scales are condemned by the state for weighing. It was decided to have the matter of the repair laid over for further investigation in hope of securing a better price on the repair.

The council received a communication from the General Baking company, in which demand was made for the return of \$30 for a tax paid under protest. Mayor Lushinsky stated that all of the bread truck operators had been notified to have occupation tax paid by their companies. The mayor stated that business houses of the city had agreed not to patronize the companies that had not complied with the occupation tax.

Mayor Lushinsky announced the meeting of the League of Nebraska Municipalities would meet on October 11, 12, 13 at Fremont and asked that as many as possible attend. Councilman Webb of this city will be on the program to talk on taxation.

Chairman Rebal of the judiciary committee also brought up the occupation tax against the bread trucks and urged that the amounts be collected as levied by the ordinance, \$30 per truck. The mayor stated that the police would be asked to get in touch with the bread truck operators and insist on the collection and lists of those who paid the tax be supplied to the local merchants for their guidance.

City Attorney J. H. Davis filed his extended opinion on the matter of the petitions for special bond elections, again holding that the petitions were inadequate. While under an older statute it might be possible to vote on the auditorium bonds, the matter of the Chicago avenue paving was wholly out.

Chairman Gabelman of the streets, alleys and bridges committee, reported that the work of repairing the rock wall on Lincoln avenue, was being carried on by the city department.

There was considerable discussion on the matter of water service to the consumers in the South Park section of the city, where the past week end there had not been sufficient pressure for ordinary use of the consumers. While in the summer season it had been claimed that the lack of pressure was due to the amount used by the Norfolk Packing Co., this plant was not operating on the dates complained of and the supply still inadequate. The situation was denounced by Councilman Vroman of the fifth ward and also by Mayor Lushinsky as being a distinct hardship on the consumers. The fire and water committee was instructed to make vigorous representations to the Plattsmouth Water Corporation on the inadequate service provided in the south part of the city. One remedy suggested was that of a second tie in on the water mains to come into the territory from the west, relieving the one line in use.

A very general discussion was held on the matter of the clerical

WPA project that had been called off due to the lack of funds and which will make necessary the filing by the city for another project if the work is to be completed.
