Farmers Entertain Business Men

The farmers about Elmwood have always shown a disposition to co-

operate in anything for the good of the community as a whole and only the most pleasant relations exist between them and the business men. During the past week the farmers entertained the business men at a free dance and were later guests at a card party sponsored by the business men. Much good can come from a united citizenry working together for the best interests of the community. Keep up the good work, boys!

Locating in the East

The garage business which has been conducted by Ronald Schlichtemeier for several years, was disposed of early this week to Henry Westfall, who immediately took charge of the business and is conducting the same.

They are making the trip east by car and expected to be three days on the road.

The families of both workmen will remain in Elmwood until such time as they have gotten located and found places in which to reside.

Although employment conditions are not good in most lines of work, men skilled in the trades that engage in making airplanes and other death-dealing instruments for the warring nations of Europe experience little difficulty in getting jobs.

William Gollner, who operates the market and grocery here, was surprised one day last week when what appeared to be a total stranger entered his place of business and said, "How are you Bill?" Mr. Gollner replied, "All right, but I don't know you." "Well, I stood up with you 28 years ago when you were married," replied the man who was Frank York of Howard, Minnesota, an old friend of our townsmen. Nebraska Farm Families Aided by Medical Plan

Voluntary Group Health Plan in Nebraska Gave Medical Service to 7,303 Persons.

For the six-month period ending Dec. 31, 1939, the voluntary group health plan in Nebraska, made possible by the co-operation of the Farm Security Administration, gave medical service to 7,303 persons for which hospitals, physicians, druggists and dentists received a total of \$15,880.64, it was announced today by L. A. White, state FSA director.

White said that the medical program is expanding in Nebraska and by January 31 a total of 2,821 families were participating. At the close of 1939, 1,388 families held membership in the health groups, which are organized in counties with the approval of the state medical association. Local physicians serve on the boards of directors and approve all bills.

The Farm Security Administration makes loans of \$30 per family to its clients to enable them to join county health groups. This insures for them good medical care and for physicians and others adequate financial remuneration.

White said that as of Dec. 31, 1939, loans to FSA clients in Nebraska for medical membership amounted to \$84,630.

For the last half of 1939, White said, physicians received \$11,656.97 for administering to 2,477 persons. Hospital charges were \$2,394.65 for service to 88 persons. Dental bills were \$638.39 and drugs and medicines cost \$1,190.63.

TO PLACE ROOSEVELT'S NAME ON NEBR. BALLOT

OMAHA, Feb. 9 (UP)—Fifty democratic leaders from eastern Nebraska met here today and decided to place President Roosevelt's name on the presidential ballot at the April 9 primary election.

The meeting was called by Judge James Quigley, Valentine, national committeeman who returned today from the committee meeting at Washington.

"The people should be the ones to decide the third term question," Quigley said. Those at the meeting included practically all the more prominent party leaders in the eastern half of the state.

To get Mr. Roosevelt's name on the ballot 100 signatures from each of the five congressional districts are necessary. Mr. Roosevelt need not file formal acceptance notice. However, he can remove his name if he so desires. Results of primary balloting are not binding on delegates from Nebraska to party national conventions.

MRS. ROOSEVELT TESTIFIES

WASHINGTON, Feb. 9 (UP)—Mrs. Franklin D. Roosevelt, upsetting another precedent by testifying before a congressional committee, today recommended major improvements in District of Columbia welfare institutions. It was the first time a president's wife ever had been a witness before such a committee.

Mrs. Roosevelt declined to make specific suggestions for changes at three institutions she visited recently but told the committee "they all need a good deal of improvement."

"It would require a more careful investigation to make definite recommendations," she said; "I have never yet found an institution in the district that was a model institution. I think everyone who has had any experience with welfare institutions will agree with me that they all need a good deal of improvement."

INVENTOR DOUBTS ADAGE ABOUT BETTER MOUSETRAP

BAKERSFIELD, Cal. (UP)—Roy McKee, who believes he has built a better mousetrap, finds the old adage does not work out. Rather than beating a path to his door, the world thinks he is kidding.

The trap literally puts the mouse on a "hot seat." A pull of scamper, he smells bait, runs up a little enclosed ramp with a stream-lined box after it, springs a trip door and is electrocuted instantly. Similar to a mantel radio and designed chiefly for grocery stores, hotels and restaurants, the traps are finished in blue, green, white, black, maroon and ivory.

The electric unit is sealed against outside contact, according to McKee.

They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood. You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feet constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are some times burning, scanty or too frequent urination. Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!
