TALKS ON RANCHING

William Baird was the leader of the Rotary program at the luncheon at the Hotel Plattsmouth Tuesday, presented as the speaker of the event, Searl S. Davis, of this city.

Mr. Davis discussed informally and very interestingly that of ranching in Nebraska and the stock raising of the western and northwestern sections of the state. He has had a great deal of opportunity in the past year of observing the cattle industry of the state, serving as the administrator of the Charles Philpot estate, of which the large part is the vast grazing and hay lands in Logan county. The Philpot interests have 10,000 acres of land there and at this time approximately 1,000 head of cattle on the range and feeding. A great deal of the land of the Philpot family is used in raising hay to be used in the feeding of the stock.

He also discussed many of the other large outfits in that part of Nebraska where stock raising is carried on in a large scale by the residents.

HORSE IS SHOT

Sheriff Joe Mrasek was called to the Parker farm near the rifle range Sunday, a hay colt "belonging to Walter Davis, having been shot. The animal was not killed outright but very badly injured.

SEYDLITZ DISPOSES OF OVERLAND THEATRE

Tom Seydlitz, former Plattsmouth moving picture show operator, has disposed of the Overland theatre at Nebraska City, which he has operated since leaving here in the early thirties.

The Williams-Griffith Theater corporation, which has previously had control of two other Nebraska City movie houses, is the purchaser.

Mr. Seydlitz came here in the late twenties to operate the Parmele, and shortly thereafter brought the first talking pictures to Plattsmouth, showing the memorable "Swanee River," with Richard Barthelmess in the leading role.

Later, disposing of his interests here, Tom went to Nebraska City to manage the Overland, which like the old Parmele was passing through the transition from stage to screen shows. It has been generally understood here that success crowned his efforts, and this is borne out in the statement in Nebraska City News-Press that Mr. Seydlitz was not only owner of the picture equipment, but the building as well, which he purchased some two years ago from the Morton estate.

No indication is given in the News-Press article as to what Mr. Seydlitz's plans are for the future.

Prior to coming here he had resided in Lincoln, where he was connected with one of the moving picture theaters.

FORESEE LOWER STATE LEVY

LINCOLN, July 15 (UP)—Despite reductions in 1940 assessed valuations, several state officials believed today the property tax levy this year may be set slightly below the 2.61 mills assessed in 1939.

Total valuation for 89 of Nebraska's 93 counties showed an average reduction of eight per cent from \$1,643,583,430 in 1939. Total for 1940 is \$1,510,022,353.

Only eighteen counties reported increases while others claimed reductions ranging to 45%. A 9% cut on the basis of last year's valuation would drop the total to about \$1,563,000,000, lowest figure since 1921. Last year's total valuation was \$2,047,000,000.

Latest valuations reported to State Tax Commissioner W. H. Smith include Richardson, \$26,618,375, a 5.9% decrease.

INJURED IN ACCIDENT
