

# Registrants for Selective Service in This County

Young Men From 21 to 36 Years of Age Who Registered Under Selective Service Act.

In this issue of the Journal is given the names of the young men of the county who have registered under the selective service act and will be liable to call to active service in the army if the necessity arises.

Each registrant has been given a number by the Cass County Selective Service Board. These numbers have no significance as to the order in which the men may be called. The local numbers will apply only as the master numbers are drawn in Washington on October 29th.

For example if No. 101 was drawn in Washington, then persons having this number in all of the draft board districts or counties, would be subject to call and given a questionnaire to be filled out and placed in the hands of the local board.

The following is the list of names of the registrants and their local numbers. This list should be preserved for future reference in the drawing of the selective service numbers:
