HUFFMAN IN THE LIMELIGHT

The Publishers Auxiliary, nationally circulated trade magazine, in its current issue carries two articles on Carl Huffman, publisher of the Louisville Courier. They appear below:
 "When a lone bandit robbed a local bank, Carl Huffman, publisher of the Louisville Courier, got out a four-page extra, along with his regular April 24 issue, telling about the robbery and the capture of the bandit a few hours later." (What the Auxiliary omitted to mention was that one of the bullets from the bandit's gun crashed through the glass in the front door of the Courier office and lodged in a type cabinet at which Mr. Huffman had been working but a few moments before.)
 "Two new reporters have been added to the Louisville Courier staff. Mrs. C. M. Essert will write Springfield items and replace Bob Hagan, who left for Washington, D. C., to take up work in the FBI offices. The other is from Los Angeles, Calif., Mrs. Gauner Salberg, who will send in items about Louisville folks."
 We congratulate Brother Huffman on his west coast correspondent and hope her items will be as interesting to Louisville readers as is our column entitled "Dear Folks," ably written by Paul Vandervoort, now a resident of Burbank.

City Council Discusses Bond Refunding

Proposal to Take Up What Available at This Time—Fix Pay for the Police Force.

The new council had their first long session Monday night with a large array of matters for their consideration and including that of the monthly report of the city officials in the various department of the government.
 City Clerk Albert Olson showed a good month for April with \$2,132.47 being collected in his office and turned over to the city treasurer.
 City Treasurer M. D. Brown reported that the city at this time had \$14,378.78 in the treasury and deposited in the Plattsmouth State bank.

For the month of April Chief of Police Guy Long reported six arrests and fines and costs of \$41.50.
 The council received a communication from J. C. Petersen asking for license for his recreation parlor and on motion the license was granted and the fee of \$125 accepted.

A communication was received from Greenway & Co. and Wachob-Bender Inc. in which they stated that they had informed the bondholders of the fact that it was proposed to refund bonds of the city of Plattsmouth. The companies also asked that the city transcribe the proceedings as to the bonds. City Clerk Olson stated that this had been done by the city.
 The ordinance to regulate and license pin ball machines, music boxes and other devices, which was to have come up for final action, was laid over until the next meeting.

It was decided to hold open bids on city tax title property until the next council meeting.
 Chairman Noble of the streets, alleys and bridges committee reported that a job on Maiden Lane of tubing had been finished and the Missouri Pacific railroad had assisted in the matter. The street department had been busy cleaning up debris from the recent heavy rain over the city and especially in the business section. The committee had received a bid of \$25 each for the placing of drains at the entrance to Webster boulevard. It was moved that the contract for this work be given William Kief, the bidder in the case. Mr. Noble also called the attention of the council to the chuck holes in the rock surfacing on Lincoln avenue and on motion two loads of rock was ordered for use on this street. Mr. Noble also asked that the parking signs be repainted and the city advertise for bids. Mayor Lillie suggested that the city endeavor to secure paint similar to that used by the state for concrete paving. It was voted to call for the bids and also inquire of the state as to the paint. Mr. Noble also asked that the iron warts at several of the streets leading into Main be removed which was carried.

Mayor Lillie announced that he was organizing his citizens' committee to assist in the endeavor to get a solution to the water rate problem and possible plant. He was waiting on several before naming the whole committee.
 Chairman Schutz of the lighting committee, reported the electrolier globes washed. He had talked to Robert Cappell about a flashing slow sign to be placed west of the Pearl and Sixth street intersection as a warning to traffic on this dangerous corner. This could be secured for \$40 and on motion the committee was empowered to have the sign installed and also a small sign beneath "Keep to the Right," as a further warning. Mr. Schutz also called attention of the need of a light at the alleyway between the hotel and the Lincoln Telephone Co. exchange building, stating that voices had been heard in the dark in the alley and it was a very dangerous place. The committee was authorized to have a light installed as requested.

DEATH OF AGED LADY

Mrs. Luke T. Bethel, 74, who resided at Wiltonville, Nebraska, died at the Oxford, Nebraska hospital—only a short time following the death of her grandson, Dale Bethel, who died Wednesday. Mrs. Bethel suffered from heart trouble and had been ill about three weeks. She had not been told of the grandson's passing. Glen Bethel of this city, was in Furnas county about two weeks ago and visited with the mother.
 The aged lady is survived by three children: Glen, Plattsmouth; Mrs. Floyd Farnor, Greeley, Colorado; Lee, Salem, Oregon; a large number of grandchildren. Two of her children preceded her in death.

men take up the matter of extension of gas mains on North 11th street as several had been expressing the desire for gas service.

Chairman Seiver of the police committee reported the findings of the committee as regarded the salaries of the police officers, reporting the schedule of pay: Chief of police \$100 per month and \$10 gas allowance; assistant chief, \$90 per month and the \$10 allowance; merchants police \$80 per month. When the members had served for a year they be allowed ten-day vacation with pay. This was carried with Noble and Svoboda passing.
 Mayor Lillie then presented the name of Theodore Svoboda for merchants police and which was confirmed.

The often discussed but never acted upon road to Oak Hill cemetery was brought up during the evening by Councilman Schutz who reported that he had tried to get contact with the county engineer and had understood that one of the reasons for no definite work being started was that the greater part of the available labor had been used at Louisville on paving, but would be available by fall. Councilman Webb pointed out that if the plans were not prepared and approved now the project would not be ready by fall and would have to go over another winter.

Councilman Webb also reported that the mattress factory had been moved to the second floor of the Tritley building because of the fact that the state fire marshal's office had condemned the old Plattsmouth hotel building at 2nd and Main streets where the factory had been operating. He pointed out that the city would have been ahead to have secured the Tritley place originally at the small rental.

Chairman Finnefrock of the License committee presented a resolution declaring that in accordance with the expressed wish of the Defense Zoning commission that no new beer or liquor licenses be granted during this period of uncertain expansion and until the matter of permanent increased population and needs could be studied. The Council declare the present number of beer and package liquor places sufficient and reject a pending application for a new package liquor store here that had been filed recently by Mae Stine. A copy of the resolution was directed to be sent to the Nebraska Liquor Control commission by the Clerk.

Harold J. Gleisberg, vice president of Greenway & Co., Omaha bond dealers, was present in response to a request from the council that he come and explain the position of his concern and Wachob-Bender Corporation, who had recently signified their intention of accepting an option to refund \$22,000.00 of outstanding city bonds now bearing 5 1/2 and 4 per cent at 2 1/2 and 2 1/4 per cent. This option had been granted in November and renewed in February to expire May 1, with the bond houses filing their acceptance April 26, and sending legal procedure to be followed, which the council had declined to pass without a full explanation of how the refunding was to be accomplished.
 Mr. Gleisberg stated that while they could not secure \$44,000 of one of the issues until call date they desired to go ahead with the full refunding. The Finance committee did not concur in that viewpoint and felt that no more bonds should be refunded than they had definite commitments under their contract. This amounted to \$24,000 of the 5 1/2 per cent and \$24,000 of the 4 per cent bonds, and Mr. Gleisberg stated they could also get in \$13,000 more of the 5 1/2 per cent ones, for a total of \$61,000, leaving \$46,000 to be paid in part and the balance refunded after August 1.
 After discussion the finance committee was directed to work out a supplemental agreement for refunding the \$61,000 on a scaled down basis in the same ratio of interest and maturities as provided in the original option.
