City Council Approves Budget for Current Year

Also Adopt Ordinance That Permits Refunding of Bonds—Discuss Parking.

Despite the fact that foodlike conditions prevailed, all of the members of the city council were on hand Tuesday evening when Mayor Arnold Lillie called the legislative body to order. The council had voted to take Monday night for the Ak show at Omaha and so the Tuesday meeting.

The council adopted the annual estimate prepared by the finance committee for the fiscal year from 1941-42. This estimate of the probable cost of the operation of the government and caring for financial obligations is estimated at \$61,490.

The expenses of each department can be found in the table appearing elsewhere in the Journal.

The city officials presented their reports for the month. City Clerk Albert Olson showed his collections for May to be \$899.13, while City Treasurer M. D. Brown reported the funds on hand in the various funds at \$17,186.95.

The report of the city library board showed that in the year past the library had expended \$2,750.25 in salaries and activities. The program of the year included co-operation with schools, the establishment of reading clubs, supplying books to the school, to the Masonic Home. The total number of books handled through the library was 40,206, an increase of 5,000 over the previous year in the number of books taken out. There are 3,062 subscribers to the library.

Chief of Police Guy Long showed that for May there had been one arrest and fines and costs of \$8.25.

Chief of the Fire Department Dr. O. Sandin reported one fire on May 31, a small shed valued at \$60, located on Pearl street between 8th and 9th streets.

Chairman Webb of the tax and property committee, asked more time on the completion of the deal to sell city lots on North 11th street and this was granted.

Chairman Noble of the streets, alleys and bridges committee, reported that several pieces of street work ordered carried out had been completed but that the rain had interfered and most of the work was removing mud. Stop signs on the side streets had been removed.

Mayor Lillie called attention of the council to the condition of Tenth street near Locust where the grade in the street had permitted water diverting into nearby properties.

Chairman Painter of the fire and water committee reported that his committee had conferred with the citizens' committee, in an endeavor to work out plans for relieving the water rate situation. They expected to have a report later.

Chairman Schutz of the lighting committee reported that an electrician near Main and Fourth was out and one at 4th and Pearl had the cable broke.

Chairman Selver of the police committee, reported that the police had received complaints about the shooting of firecrackers over the city. The police were ordered to notify through the Journal that this was in violation of the city ordinance. Mayor Lillie suggested that the committee see dealers to try and secure co-operation in regard to early sales.

Chairman Selver also stated that the double parking had been helped on Wednesday and Saturday by having police at 5th and 6th streets to keep the traffic moving. He also urged the matter of checking parking on drains along the street.

Councilman Noble pointed out the danger and the delay to traffic of "U" turns at the 6th street intersections, many of these being by parties just idly driving up and down the street. Mayor Lillie was of the opinion that the police could regulate this and keep the traffic moving.

Chief of Police Long suggested that parking in front of the sewer inlets be allowed on all side streets with the exception of Sixth street which must be kept open at all times on account of sudden rains.

Chairman Schutz of the WPA committee reported that negotiations for the road to Oak Hill cemetery had apparently progressed very well. The committee had been unable to contact County Engineer Mann since that time to get the necessary papers prepared for the project.

The petition received last year for a sidewalk project by the WPA was returned to the files by Councilman Webb, this project being out of consideration by the WPA.

The matter of the erection of a sign by private parties along highway 75 through the city, was brought up by Chairman Selver and referred to the streets, alleys and bridges committee.

Ordinance No. 750, an ordinance to provide for the refunding of bonds of the city of Platts-mouth was read and under the suspension of the rules passed.

The following claims were ordered paid by the council:
