

Make Your Flock Produce

The storm of November 11, 1940 cost the poultry producers three million dollars. The season when cold weather and decreased production will hit your flock is at hand. NOW would be a good time to take advantage of our FREE culling service. Rid your flock of the loafers and start feeding the rest Wayne Laying Mash to step up egg production at a time when it would otherwise be falling off. If you do this, you won't have to worry about the weather—hot or cold your hens will be laying. Even now eggs are bringing a good price . . . and going higher.

DEATH OF E. L. BEACH

From Wednesday's Daily—
Early this morning Eugene L. Beach, husband of Mrs. Louise Short Beach, died at the St. Joseph hospital in Omaha following an illness of about a week. His death resulted from the effects of a ruptured appendix. Mr. Beach was in his late forties.

The deceased man married a well-known Plattsmouth girl, Miss Louise Short, daughter of James H. Short and the late Mrs. Short. The couple was married in Omaha, where they had resided off and on ever since.

In addition to his wife, he leaves to mourn his death his parents, who reside at Sioux City, Iowa as well as a number of sisters.

LOUISVILLE BOY IN SERVICE

With the boys departing from Cass county for the service on October 24th, was John Robert Twiss, a son of Mr. and Mrs. Ralph J. Twiss, of Louisville. The young man has the distinction of being a son of a World War veteran and is the only one so far known that has been called in the Louisville community.

Union to Have M. P. Station Modernized

Important Junction Point Will Have Suitable Building to Represent Progress of Road.

The Missouri Pacific passenger station at Union, a structure that has stood since the eighties to serve the residents of the community as they came to and fro over the railroad, is to have a new rebirth as to its appearance.

The town of Union is one of the most important places on the Falls City division of the railroad as here the Omaha and Lincoln lines connect and a great deal of traffic passes each day including the streamlined passenger trains between Kansas City and Omaha.

The main structure of the building will remain as is, but the interior will be radically changed. The two waiting rooms one at the north and south ends of the station are to be joined by the moving of the office that now separates the two rooms, to the east of the building, where more ample office room will be available and greater comfort to the patrons on the one large waiting room.

The interior will be newly-decorated and placed in first class condition as well as the exterior of the building, making it a very fitting structure to represent the progress of the great railroad system of which it is a part.

GIVE FAREWELL FOR FRIEND

Frank M. Sheldon of this city, has enlisted in the air corps of the United States army and is now waiting orders to report to Omaha and to be sent to one of the air corps training fields.

Mr. Sheldon is a son of Mr. and Mrs. Frank Sheldon and was graduated from the Plattsmouth high school in the class of 1937 and since completing his school work has been engaged in working here with the Norfolk Packing Co. and of late has been employed at the bomber plant construction work at Fort Crook.

Last evening a number of the former school friends gathered at the Naeve cafe on highway No. 75 where a fine time was enjoyed by the jolly group. In honor of the coming departure of Frank from the city for service in the air corps he was presented with a beautiful gift that will long serve as a remembrance of the old time friends in the community.
