

Merit Badge Exposition Next Scout Activity

Leaders Plan Details of Show to be Held at Nebraska City Friday and Saturday, Dec. 12-13

Scout officials of the Arbor Lodge district—Cass, Otoe and Nemaha counties—met last week in Nebraska City to plan the biggest Scout and Cub activity of the year—the Merit Badge Exposition.

Friday and Saturday, December 12 and 13, was set as the date for the big show—a living, moving exhibition of twenty-five merit badges to be participated in by every troop and Cub pack in the district.

Each night, in addition to the educational features, there will be a stage show, put on by high school artists of Cass, Otoe and Nemaha counties. Tickets, including tax, will cost 25 cents for adults and 15 cents for students and will be sold by Scouts and Cubs. \$6.25 in prizes will be awarded to the five who sell the most. Liberal commissions on tickets sold will revert to the various Troop and Pack treasurers.

Troops and Packs all over the district are this week selecting the Merit Badges and crafts they will exhibit, and getting their preparations under way.

The Exposition committee includes W. H. Rose, chairman; Auburn; Dr. V. Y. Coulter, Syracuse; vice chairman; Dr. C. A. Lutgen, Auburn; E. H. Wescott, Plattsmouth; A. B. Clayburn, Peru; C. D. Damast, Nebraska City; Glenn Rutledge, Nehawka; and John K. Steinbaugh, Nebraska City.

The committee appointed the following exposition officials: John M. Dierks, director; Wayne G. Reed, entertainment; L. A. Welsh, booths and decorations; T. E. Dunbar, publicity; and C. D. Damast, tickets. All of the foregoing reside in Nebraska City and will be available to look after the many details involved in getting ready for an exposition of this magnitude.

HAS TROUBLE WITH HEAT

From Tuesday's Daily—Early this morning Phillip Fornoff, who resides in the home at Fifth and Pearl streets was awakened by the intense heat in the house, as the thermostat regulating the heat was apparently stuck, and refused to function.

Mr. Fornoff became greatly alarmed as the heat mounted. He was not acquainted with handling the furnace and finally summoned assistance, one of the neighbors responding and shutting off the furnace. The fire department also responded but the matter had been adjusted without need for their service. Mr. Fornoff desires to thank all of those who responded to his call for assistance.

CHRIST LUTHERAN CHURCH

(On Louisville-Plattsmouth Road) Sunday, November 23 Sunday school 9:30 a. m. English services at 10:30 a. m. Wednesday afternoon, November 26, Mrs. Jake Kraeger and Mrs. Verner Friedrich will entertain the Ladies' Aid society at the church parlors.

PLATTSMOUTH GRID BOOM SEEN

By BERNARD ULRICH Although the Plattsmouth squad has been taking it on the chin this season there is not so much gloom because of the many boys who will be back for duty next season. At left end Laverne Rice will be back to carry the Blue and White prestige. Laverne did a bangup job this year. At left tackle Charles Grosshans likes it tough and rough. At left guard Richard Novak is a reliable running guard of forty-minute caliber. The center position is the doubtful spot. Grant and Clodt will graduate, so Walter Eryant is the only holdover. At right guard Kenneth Hull is ready and willing. But the right tackle spot is not so well manned because Captain Bill Geyer graduates, as everybody knows Bill was one of the best tackles in the history of the school but Bob Martin who played at guard and tackle should fill his shoes quite capably. At right end the squad will miss Ralph Hill the blue-fingered end, but Bill Knodtcek, Eldon Vroman, Raymond Johnson and Junior Foulten will be plenty tough. At the quarterback spot Kenneth White is plenty experienced and fast. Lars Larson is back at left halfback and should go places this year with a better line ahead of him he should pass and run with ease next year. At the right halfback spot Dick Noble is a good open field runner. The fullback spot is Ed Gradoville's by right of survival.

It all adds up to touchdowns if you ask me.

OMAHA CAPTURES 'ODENWALD'

The capture of the German motorship, "Odenwald" in Atlantic equatorial waters was made by the U.S.S. Omaha, one of the cruiser type, it was announced from San Juan, Puerto Rico.

Of a great deal of interest locally is the fact that a member of the crew of the Omaha is Ensign Karl H. Stefan, 24, a son of Mr. and Mrs. S. W. Stefan, of Bellevue, and a nephew of Mrs. Henry Starkjohn and Mrs. Frank Schiele of this city. He has been a frequent visitor here when on leave during his days at the naval academy and is known to many of the local people. He is also a nephew of Congressman Karl Stefan of Norfolk.

MEMBER OF WYMORE CADETS

Old school friends of Ruth Lovson will be interested in learning that she is now an active member of the Zephyr Cadets, girl's pep and drill team of the Wymore high school where she is now enrolled. The school has built up a very fine drill organization that has had excellent training in formations and with their colorful uniforms have made a very attractive part of the school activities. Pictures of the group in which the former Plattsmouth girl is a member, were shown in the roto section of the World-Herald.

REPAIRING SMOKESTACK

The Plattsmouth Water Corporation is having some work done at their pumping station and standpipe this week. The brick smokestack is being improved by the removal of some brick from the top and replacement by concrete to make a more substantial chimney. At the standpipe a job of repairing on the side of the huge water container is being made.

This is in keeping with the program of improvement at the plant and which includes additional wells for emergency use and to help supply in the heavy summer load.

MUSIC AT WOMAN'S CLUB

From Monday's Daily—The musical portion of the program, to be presented at the Plattsmouth Women's club this evening, will be furnished by David Foxier, Plattsmouth high school music director, and a group of high school students.

Plattsmouth People Experience Earthquake

Mrs. Edward Donat, Sr., Visiting on Coast Has Had Two Experiences With Earth Quivers.

Mrs. Edward Donat Sr. has been visiting her daughters and their families in California the past few weeks. During her stay she is spending her time with Hamilton Mark and family in Santa Monica, Forrest Rhodes and family in Lynwood and Mr. and Mrs. Joe Faith in Torrance. In the past six weeks she has had the experience of feeling two earthquakes. Friday, Nov. 14th at 12:50 a. m. she was severely shocked while visiting her daughter, Mrs. Hamilton Mark and family in Santa Monica. Both times she was at Santa Monica. The first quake was severe enough but Friday the earthquake shook the Los Angeles area, concentrating its violence in Torrance district, about 20 miles from Santa Monica.

Mr. and Mrs. Faith suffered very nervous shocks as Torrance was badly torn up and the damage will reach a million dollars. Mr. and Mrs. Mark and Mrs. Donat drove to Torrance immediately where they joined the Forrest Rhodes of Lynwood and the Faiths. Mr. and Mrs. Rhodes also had very heavy quake in Lynwood about twelve miles from Torrance. The Torrance earthquake smashed buildings, toppled and cracked walls of others, shattered plate glass windows of all the business district; opened cracks two foot wide in the pavement and broke giant fuel tanks, spilling their inflammable contents. All schools in Torrance had to be closed.

The Memorial hospital, a beautiful building was badly cracked and patients became hysterical. One wall of a theatre had collapsed after patrons had left. Men, women and children left their homes and huddled in automobiles for warmth, hesitating to return to their homes. The roof of the E. & M. machine works caved in after all employees left. A 55,000 barrel petroleum company tank containing an unknown quantity of crude oil was opened by the tremor and caused great damage.

These are just some of the terrible things that were caused by the earthquake Friday a. m. The shock has been very severe to Mrs. Donat and her children and they are hoping this is the last one for some time. Mrs. Donat will remain with her family for Thanksgiving and return home very soon.

TWO FIRE ALARMS

From Monday's Daily—The firemen were busy this afternoon with two fire alarms but fortunately neither proved costly. The call to Dey street was in response to a report of a grass fire at the property at 10th and Dey streets occupied by Late Nelson and daughter. The fire threatened to spread over a great deal of the neighborhood and to menace the residence, but the firemen were able to check it. While the firemen were at the Nelson place a second alarm called them to the James Zoubek residence on south Lincoln avenue where a chimney burning out caused a great deal of alarm. No damage was done, however, and the blaze soon checked.

POSTAL HOLIDAY

Federal employees are being granted a holiday on November 20, Thanksgiving day by presidential proclamation. There will be no rural free delivery on November 20, 1941. All other services at the Plattsmouth office will be offered as usual up to 12 o'clock (noon). Afternoon service will be suspended as it is on holidays and Sundays.

C. OF C. OFFICIAL HERE

From Monday's Daily—Donald Marcellus, manager of the northwestern division of the United States Chamber of Commerce was a visitor in the city today. He is making a trip through this section of the west to arrange a meeting of secretaries of civic bodies to be held at Columbus soon. While here he met with President George Dobson and the members of the executive committee of the Chamber of Commerce.

In addition to the above mentioned books, there has been added to the children's department fifty new books.

GET READY FOR THE TOY MATINEE SHOW NOV. 28

Memorandum to the kiddies.

Now is the time to start digging up those discarded toys that are usable or repairable. For you will be needing them a week from Friday as your price of admission to the swell show Manager Guy Griffin of the Cass is arranging as a special treat for you. It's the annual Toy matinee sponsored by the American Legion Auxiliary's Child Welfare committee to get toys for distribution among poor and needy children of the city at Christmas time, and the only way you can get into the show is to bring a presentable toy, an article of clothing or something in canned goods. Toys that cannot be repaired are unacceptable, and children are cautioned against bringing that kind and expecting admission on them.

Besides being able to see a swell show booked especially for this occasion, each child will have the satisfaction of knowing they have contributed in no small part to the happiness of the less fortunate. All repairable toys will be taken to the Recreation Center to be rejuvenated by Clyde Jackson and his assistants in wood and metal craft work, repainted and restored to serviceable use.

There are also toys in homes where children have grown up and these will be especially acceptable and may be left at Wescott's clothing store to be picked up by the committee and distributed through the medium of the Toy Shop, where mothers come to select the gifts for their children and thus come much nearer getting just what the child may want most than through any other method of distribution that has been tried. The Toy Shop will be open for several days before Christmas and all toys will be neatly wrapped, appearing to all purposes the same as those that might be purchased in the stores.

In past years joy has been brought to many children whom Santa Claus would otherwise have overlooked, through the operation of this splendid plan.

MANY ARE WEDDED

Saturday evening and Sunday were busy times at the license department of the county judge's office, eight couples being duly licensed and also married by Judge A. H. Duxbury, the Saturday weddings comprising the following: Donald E. Lindholm and Florence Harrington, Omaha, with Edward and Lucille Smith, also of Omaha, as the witnesses.

Grant George Goodrich and Mary Jane Williams, Lincoln, were participants in a double wedding at the Duxbury home, the other participants being Jack L. Fancier and J. Lorraine Redding, also of the capital city. Darlene Shasteen and Glen Ruff were the witnesses for the double ceremony.

John Paul Seaford and Betty Jane Peterson, Omaha, were married with Betty Vleck and Fred Anderson, also of Omaha as the witnesses.

Warren Louis Standard and Dorothy Mae Snider of Omaha were wedded with Jurd and Eldora Clark as the witnesses.

Carl Richard Emerson and Dorothy Irene Briggie, of Omaha were married with Mr. and Mrs. Walter Brader, also of Omaha as their witnesses.

The Sunday weddings at the Duxbury home comprised the ceremony that joined the lives of Alvin F. McAllister and Rosamond Marine, both of Tekamah, Nebraska. Mrs. Rose Mae Duxbury and Miss Dorothy Mae Duxbury were the witnesses. James S. Green and Ann H. Holcek of Omaha were married with Don Eukosky of Omaha and Dorotha Mae Duxbury as the witnesses.

BOOKS AT LIBRARY

Cyclopedia of Modern Shop Practice in four volumes is a gift to the Plattsmouth public library, John W. Crabill being the donor. These volumes will appeal mostly to those youths who are mechanically inclined. Two books have been added to the shelves for general circulation: "Rim of the Sandhills" by Wm H. Spindler. It is a pioneer story of Holt county, Nebraska. Spindler is a Nebraska writer. "Meet India," by Marie I. Cline, is a story of India, the manners and customs of the people. Pay-shelf books include: "Waters of the Wilderness" by Shirley Selfer. "Blood Reminders" by Helen Hedrick, and "Timeless Land" by Eleanor Dark.

WILL VISIT HERE

Mrs. Matthew Gering Herold of New York City, who has been visiting on the west coast, is arriving here Wednesday morning for a visit with Mrs. Henry Herold, mother of her husband as well as Miss Barbara Gering. After the visit here she will continue on to the home in the east.

SPENDS WEEK-END HERE

Cass County Farm Bureau Notes

Copy furnished from Office of County Agent Waldo.

Eggs Bring in the Nickels

A nickel is what Cass county farmers are getting now for every two eggs produced by their poultry flocks. Even with favorable prices all farmers are not getting enough eggs from their flocks to make them profitable. Such things as plenty of the right kinds of feeds, ample room in the poultry house, plenty of water, a warm house and cleanliness are all essential to good egg production.

Unless hens are kept in heavy production for the larger part of the year profits are likely to be greatly reduced. To lay well hens must come from ancestors that transmit high laying ability to their offspring. Then too, the bird's body must be well developed. This means that plenty of home grown grains supplemented with high protein feeds such as milk, meat scraps, soybean meal and fish meal throughout the life of the bird. Vitamins are also essential and the one most likely to be lacking is D, the sources of which are sunshine or one of the fish oils. With a shortage of sunshine in the fall and winter it is essential to use fish oil in the mash.

Ample housing space is considered to be three square feet of floor space for the leghorns and up to four feet for heavy breeds. Plenty of room in the house not only helps hold up production but reduces death losses from diseases. Thorough cleaning of the house regularly and the use of plenty of dry bedding also helps increase production. Plenty of water available at all hours of the day is just as important as the feed.

Early maturing pullets usually are the best layers and the flock should be culled about the time they start laying and the poorly developed and slow maturing birds should be disposed of. Continuous culling out of the diseased birds and non-layers is followed by most successful poultry men. An excellent circular on all phases of the poultry business is available at the office on request. It is known as Extension Circular 1400—Nebraska Poultry Manual.

Clarke-McNary Application Blanks

Farmers wanting application blanks for purchases of Clarke-McNary trees may obtain them soon at the county extension office. Earl Maxwell, extension forester at the University of Nebraska College of Agriculture, says that the blanks are being printed now, and all extension agents will have supplies of the blanks.

Black locust, apricot, choke cherry, and tamarix have been added to the list of species that will be available. The application blank gives the complete list of species and also carries a description of each, so that farmers wishing to plant trees can pick their trees according to local conditions.

Order Dairy Equipment Soon

Farmers who will need extra milk cans, pails, strainers, kettles, cream pans, or other steel and tin-plate milk-making equipment in 1942 will do well to place their orders as soon as possible, according to word reaching the Cass county extension office from defense program officers.

Division of steel to defense needs has made it necessary to restrict civilian use of the metal. However, priorities officials realize the importance of milk in the food-for-freedom campaign and have granted preference rating to manufacturers of hot-dip tinned and tin-plate dairy equipment.

Dairymen who place orders now will be more likely to have them filled early and will help manufacturers estimate their steel need.

WILL VISIT HERE

Mrs. Matthew Gering Herold of New York City, who has been visiting on the west coast, is arriving here Wednesday morning for a visit with Mrs. Henry Herold, mother of her husband as well as Miss Barbara Gering. After the visit here she will continue on to the home in the east.
