MANLEY

By Journal Field Representative

William J. Rau departed for Chicago to attend the funeral of a friend of 50 standing. He expects to remain over Sunday.

Theodore Harms, who was so seriously ill for a number of days during the past week, has changed and a much needed improvement has been manifested.

Mrs. Frank Zimmerman of Gretna, was a visitor in Manley last Wednesday, coming to see our townsman, Antone Auserwald, regarding some business matters.

Mr. and Mrs. William Sheehan, sr., were rejoicing on Tuesday when a 9-lb. baby girl was born to Mr. and Mrs. Paul Meyer at their home grandchild to the Sheehans.

A letter from Harvey Bergman, who is a Glendale, Calif., where he is employed in an airplane factory is to the effect that things are very busy with everything turning out defense materials.

Reports come from the hospital where Johnnie Gruber is that he is making good progress just now towards recovery. It is expected that it will not be long now before he is able to return home.

The family of Charles Gade and wife, of Ashland, were over to Manley on Thanksgiving day and enjoyed a very fine dinner with "Pa" and "Ma" Flaishman. However, Mrs. Gade and Doloris remained for a visit until Sunday, when Mr. Gade came again and enjoyed another visit with the folks.

Messrs. Allen Ehlers and Mr. Ferry, both citizens of Manley, have been going to school at Nebraska City, where both are taking a six-weeks course in welding. They are doing this as a matter of National Defense and also that they may be able to make more money for the defense of the home against fuel, rent and groceries. Their line is that of sheet metal working.

Visit With Folks

Miss Margaret Bergman, who has been a student in the Clarkson hospital at Omaha for a number of years, completing her studies there and later working as a nurse, was home for over the week-end, visiting with the folks. She returned last Monday.

George Vogler Critically Ill

George Vogler, who has been in poor health for some time and who was taken to the Clarkson hospital at Omaha, where he was given a thorough diagnosis and special treatment, has been suffering from hemorrhages of the stomach and bowels, passing blood both ways, weakening him greatly. Three blood transfusions were given with good results. At the time of this report it was said that his condition was somewhat more favorable. His many friends are hoping for a recovery and that he may be restored to health.

Thank You, My Lad

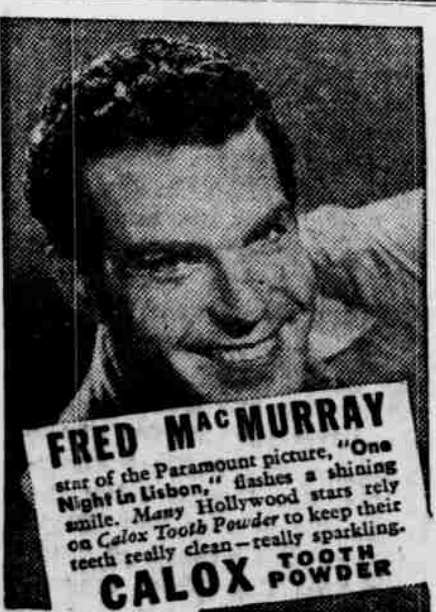

That is Kenneth Lawrensen, who noticed a pair of glasses which the writer lost in front of the barber shop of Fred Flaishman and in turn wrote a postal to myself telling of the retrieving of the optics and which were delivered on the last trip. Thank you again, both Kenneth and Fred.

EXPLOSIVE PRODUCTION UP

ST. LOUIS (UP)—The United States is in a much better position to produce explosives for military use than it was in 1918, according to Dr. Jules Bebie, professor of chemical technology at Washington University. He told an engineering club that shortly the United States plants would produce about 3,000,000 pounds of explosives per day.
